

# HARP Christmas Workshop – I am a Gift to God

Lisbon, Portugal, 27. -30. December 2016

By Sergio Neto

For three days from December 27 to 30 some of the members of Harp met in Lisbon, Barcarena to participate, reflect and deepen the teachings of True Parents.

While still feeling the Christmas spirit, our motto has helped us to create an environment of gratitude for the

knowledge we can acquire from the life of True Parents. During this time in preparation for the Il Shim purity ring ceremony which we intend to carry out briefly during the program, we have set up reflection groups and talked about the importance of determination, faith and our responsibility in our lives.

The conferences focused on the importance of inheriting this Jeongseong way of life and living as children of filial piety towards God and True Parents, in addition we had games, Yut and group discussion.

We finished the workshop determining to be a gift to God, day by day and all year 2017.
