

Nigeria Image Foundation Day

Rome, Italy, 17. September 2016

Elisabetta Nistri WFWP president was invited by Victoria Chioma, Ambassador of Peace, to attend a meeting at the S.S. Simon and Jude Thaddeus Torre Angela Church's theatre. There she received a grand recognition for the work she did with WFWP helping the Nigerian Community.

It was awarded by pastor Triumphant Ighedosa and an ambassador of Peace for Nigeria in Italy on behalf of NIGERIA IMAGE FOUNDATION, a foundation that works to promote the real image of the Nigerian population in Italy. The pastor spoke profoundly and inspired those present to continue being role models through their daily lives and their Christian values that unite them to change the common opinion that has

unfortunately been created by some individuals.

Elisabetta Nistri thanked everyone and expressed the main principles that animate the WFWP. The WFWP promotes communication and collaboration between women to create real connections that can break barriers and inspire women to discover their unique value as God's daughter.
