

WFP Italy's Conference on Food and Health, in Rome

Elisabetta Nistri
December 15, 2017

Rome, Italy Chamber of Deputy: Hall of the Parliamentarians Group

Ambassador for Peace Lady Doctor Claudia Corinna Benedetti invited the Presidents of WFP and UPF to give a speech at the conference about Food and Health.

There were many VIP's, association's leaders, politicians, and health experts present.

Elisabetta Nistri, WFP President in Italy, introduced WFP activities, and emphasised the importance of equally taking care of the heart's need, because just as much as the body needs healthy food, the heart also is in need of food through affective relationships.
