To commemorate the 70th anniversary of the Declaration of Human Rights, UPF and WFWP gathered about 100 guests in a special hall in the Senate (where the Italian Constitution was signed) for a conference, celebrating the International Day of Peace, and launching the IAPD (Int'l Association for Peace and Development). It took place on 21 Sept 2018.

Four parliamentarians, association leaders, managers, professors, politicians and about 10 religious leaders participated with great interest.

Elisabetta Nistri, WFWP Italy President, spoke about the role of women in peace building and shared about Mother Moon's guidance and teaching. The entire event was covered by live stream from the Senate TV.

It was inspiring to see people's growing interest in the vision for peace promoted by WFWP.
