

WFWP and UPF meet the President of the Association of Jewish Women in Italy

Elisabetta Nistri

June 25, 2019

Meeting with Mrs. Ziva Fisher, the President of ADEI WISHO, Association of Jewish women in Italy, 25 June 2019 - WFWP Italy President Elisabetta Nistri visited Mrs. Fisher in her home together with UPF Italy President, Mr. Carlo Zonato and the General secretary Mr. Franco Ravaglioli.

This was a very good opportunity to connect and to promote a future cooperation towards the common goals, like interreligious dialogue and peace building. We introduced the next summit which will take place in Rome in November under the theme "Mediterranean Bridge of Peace". Dr. Mrs. Ziva Fisher is willing to invite various leaders of the Jewish Community, especially for the section IAPD, the 'International Association for Peace and Development'.

She really appreciated the magazine 'Voci di Pace' and expressed a lot of interest in the project 'Un calcio per la pace -Football for Peace', an event that will also take place in August in San Marino; the participants will be girls from Jewish, Druze and Muslim origin.

Interreligious dialogue is an important part of building peace, and we are happy to discover that many other religious representatives are interested in this theme.
