

## Blessed family department Nepal conducted a workshop for matching candidates

Santosh Paudel  
July 9, 2016

Blessed family department Nepal conducted a 1-day workshop for matching candidate from various district of Nepal on July 9, 2016 entitled “*The Meaning and the Value of the Blessing*” at FFWPU-Nepal headquarters.

We had 52 participants coming from Kathmandu and outside the city of Kathmandu. They were all inspired by the lectures given by president of FFWPU-Nepal, Rev. Santos Kumar Paudel and other presentations given by the BFD-Nepal liaison officer.

A reflection from the participants: ... *before participating this workshop I had so many confusion and worries about matching and blessing. But during this workshop, I got the best solutions and guidelines about that. I understood that to become the family of True Parents, it is very important to receive the blessing of marriage with right attitude.*

On her lecture, Mrs. Theresia Kittel of the Blessed Family Department of Nepal, emphasized the importance of internal condition before participating at the matching and blessing.
