

FFWPU and WFWP participate in an international Fair of NGOs in Albania

Tirana, Albania, 4. October 2013

Marjeta Rroshi and Kasia Minollari participated in NGO fair, organized by „Beyond Barriers” association, which acts as a contact point for EU programs in Albania. The purpose of the activity was to introduce funding possibilities offered by various EU programs and create a possibility of networking between NGOs. The fair was preceded by a lively panel of speakers, including among others EU representatives and the new Minister of Social Warfare, Mr. Erjon Veliaj, who himself has many

years of experience working in NGO sector. The fair was a chance for us to introduce to the public both Family Federation and Women’s Federation through our leaflets, brochures and books. We used this occasion to make many new contacts among other organizations and individuals visiting the fair. Most importantly, we managed to meet personally the new Minister of Social Welfare, and presented him a book of True Father’s autobiography.
