On February 23rd 2018 in the city of Podujeva we organized an event with the theme: "Family as School of Love and Peace" and then 2 days later on February 25th 2018 we could organize in Pristina the "Family Festival and Blessing Ceremony."

In Podujeva we had the strong support of the school "Mirela" and of the city municipality's as well. 120 youngsters and VIPs gathered in the main hall of the city's theater. Few important people greeted the event and then Mrs. Savjola Konja, FFWPU coordinator in Kosovo shared the main message.

Two days later, in the capital city, Pristina, 12 couples came and attended the Blessing Ceremony. Our members invited their parents and relatives, as well as supporters of our movements to be part of this event.

Each of these couples came in our center and received the full lecture about the blessing and agreed to commit themselves for the World Peace and for the fulfillment of True Parents' vision.

A wonderful artistic program was prepared. Songs, dances, poetry etc, gave so much joy to all the participants.
