Family Festival and Cosmic Blessing Ceremony, Durrës

Dear brothers and sisters, on October 13th, the Family Festival and the Cosmic Blessing Ceremony were held in the Kenete of Durres to fulfill the mission of the Heavenly Tribal Messiah for our city, centered on the Blessed Family Arjan and Eranda Haziraj. The ceremony had a considerable number of participants, about 210 people, of whom 91 couples received Blessing. The ceremony was directed by MC Arjan Haziraj, where he started with an artistic program where this time was able to perform on piano a talented girl Era Kume, whose parents were invited during the witnessing and received the blessing. You could not miss the dance "Mujogeon" by the Japanese missionaries of Durres.

Before the lecture began, a gift show took place where couples were asked to share some positive qualities of their partners, thus breaking the ice to attend the ceremony.

Part of the important program was also a lesson for explaining the importance and process of receiving the Blessing from the president of FFWPU, Albania, Mr. Gani Rroshi. Following the introductory video of the Cosmic Blessing Ceremony at the national level, the Blessing Ceremony was chaired by the representative of True Parents for Albania, Rev. Gi Yeong Shin following the relevant ceremonies which are:

1. Ceremony of Holy Wine;
2. Ceremony of Holy Blessing;
3. Ceremony of Symbolic Indemnity.

We are grateful for the fact that all participants in the blessing stood by the end of the activity although the number of people were only was considerable. For them, after the end of the ceremony, home-to-house care is given, to give the Holy Wine to those who were not present, so that the blessing becomes complete, as well as a picture that couples do to remember from this moment. Though physical hardships during home visits, we are happy because the families, warmly welcomed us and are very positive and grateful for the opportunity we give them where they like to participate in other activities.

We are grateful to all the members of Durres, especially young people who, although they have only recently known the True Parents or the Divine Principle, are willing to support the activities. At the beginning of the ceremony, a part of them commit to take care of the children of the families who come to the Festival, following a program prepared for them with songs, poems and fun games. We are also grateful to members of other cities who come and support the activity.

The ceremony was officially closed with four cheers of Eok-Manzei directed by Mr. Gani Rroshi and artistic program, with a song by Japanese girls. Further on, the program continued with an Albanian dance initiated by the CARP youth of Durres, where they invited the participants to dance together creating a family atmosphere. Also could not miss the cocktail, finally prepared with much love for the participants and their kids.

When participants finally walked away we gave as a gift the autobiography of True Father "*As a Peace-Loving Global Citizen*" packed together with the explanatory material for the Cosmic Blessing Ceremony.

We pray and hope that, with tireless investment, more blessings will come to our nation and not just!

Thank you.

Sincerely, Secretary Durrës.
