Hi everyone! Last spring, thanks to your support, I was able to go on a mission trip to Albania! It was an amazing experience! I stayed at the Tirana CARP center where I met the nicest people who were incredibly loving, funny and dedicated. It was a bustling center with new guests coming in daily and an inspiring movement led by young first generation members.

However, it has been very difficult financially for the member during this time. Because the center relies solely on street fundraising and the COVID regulations are very strict there, raising funds has

been nearly impossible. Still, they reached out to us, so that they can continue their outreach activities, hold workshops, and continue to bring more guests to the center.

As you all know, Albania is one of the 2020 restored nations in which Mother Moon has a lot of hope in. She is also planning on building the first Cheon Il Guk embassy there. Your love and support would go a long way for this growing young movement :)
