

Brazil: We held the traditional June Festival at our headquarters building

Koichi Sasaki
June 25, 2017

We held the traditional June Festival on June 25th, 2017, at our headquarters building. We had about 200 participants, including members and guests of our Home Groups.

In this event we had, many presentations and entertainments, such as bingo, games, typical food and the traditional dance.

This was an opportunity for a great union of heart among all the participants and this created an atmosphere of great joy and relaxation.
