

IAYSP and FFWPU Cambodia: True Model Leader for Youth One-Day Workshop

Chamroeun Sophal
July 8, 2023

"True Model Leader for Youth" was the topic of a One-Day Workshop which we held on July 8, 2023, at FFWPU-Cambodia Headquarters. The IAYSP Cambodia in cooperation with FFWPU Cambodia organized a One-Day Workshop for newcomers at the Royal University of Phnom Penh and a revival for the old and inactive members. The main purpose of the one-day workshop was to educate participants about True Parents with the topic of True Model Leader for Youth.

During the workshop in the morning session, we teach and give lectures about our beloved True Father, while in the afternoon we teach and give lectures about our beloved True Mother. There were around 21 participants in the event mostly, our beloved blessed families, blessed children, YSP members, brothers and sisters, and four first-timers who attended the program.

All of the One-day workshop participants actively participate and listen carefully during the program. It is because the program contains important lectures especially it focuses on True Father and True Mother's life and works, amazing performances, exciting games, and singing activities.

During the program it was really beautiful to see that young people of Cambodia listening and discovering who is our beloved True Parents, True Father, and True Mother, especially this era needs to know by all humankind that beloved True Parents are our beloved Parents. The program finished and all the participants are really grateful and inspired to know who is beloved True Father and beloved True Mother and want to learn more at the next workshop.
