IYSP Cambodia: Youth Empowerment Gathering Inspires Unleashing Inner Voice

Chamroeun Sophal May 14, 2024

IAYSP Cambodia together with Heavenly Top Gun Missionaries from Japan successfully conducted the Youth Gathering: Leverage Your Voice to Inspire with the theme "Make Your Voice Count: Unleash Your Inner Power to Inspire!" on May 14, 2024, at FFWPU Cambodia Headquarters.

IAYSP Cambodia and Heavenly Top Gun Missionaries from Japan are excited to conduct this youth gathering because it is the way to invite their guest to witness our old members, we can organize the youth gathering because it's a holiday in Cambodia which is King's Day.

All the participants focused on listening and actively participated during the lectures, question, and answer time. The presentation especially focuses on voicing out their ideas, and unleashing their inner power to inspire and most of the participants are students, that's why it's a big help during their presentations in their respective schools and courses they take. It's really practical and it can help to develop their self-confidence and apply what they learned in the youth gathering in the near future.

IAYSP Cambodia, Heavenly Top Gun Missionaries, and all the participants enjoyed this gathering very much, and are excited to attend the next youth gathering, workshop, service project, etc. After the half-day youth gathering, we eat lunch together and have some games and bonding to strengthen our brotherhood and sisterhood culture.
