

### 3-Day Divine Principle Seminar for Christian Bishops in Migori, Kenya

Emmanuel Tanui  
October 7, 2017

From October 5 to 7, 2017, we had 3-Day Divine Principle Seminar for Bishops in Migori, which took place in Homa-bay nearby Victoria lake in Kenya.

Among the participants we had, Bishop Abisai from the Maranatha Faith Church, Bishop Jobando from the Caring Africa outreach Church, Bishop John Adawo from the JCPM.

Most of the participants attended the seminar together with their spouse as the representative for National Restoration. And almost half of the participants already received Blessing before.

Programs started by singing Kenyan national anthem. Then Rev. Kililo, National Leader of Kenya gave the Divine Principle Lectures. During the lectures we had also lots of discussion about theological and practical matters.

They as the Christian leaders had lots of good questions, and our National leader gave them clear answers based on Principles. That is why most of them felt power of the Principle and resonated our direction toward National Restoration.

Finally, those who didn't receive Blessing yet also attended the Blessing ceremony right at the end of the seminar. They also determined to give the blessing to their own churches in the future.
