September 18, 2020

Calling all UK youth to send in their painted artwork showcasing peaceful solutions to the world's issues. Get a chance to win a £100 prize!

[Women's Federation for World Peace UK](#) is conducting a national art contest to commemorate True Father's centenary and International Peace Day, with a 100+ day submission period for children's artwork on the theme of peace.

The purpose of the [Paint Our Way to Peace](#) project is to foster the hope of peace, well-being, and confidence among the nation's youth through cultivating their talents in the field of visual arts. Along with aiming to promote the use of art as a medium for self-expression and self-healing, we want to encourage children to reflect on the difficulties facing the world and their families and friends today due to COVID-19, and seek positive, sustainable solutions through using their creativity.
