

“Finding the way Forward”

Two day workshop for members

Bjorknes, Norway, 13th to 15th September 2013

This workshop was a 2nd gen. inspired project to bring together all members for a weekend of brainstorming and discussion as to how we can fulfill the 2020 vision. Members had the opportunity to express new and original ideas and there was much energy and enthusiasm. We could also get to know each other more deeply through living together in a relatively primitive environment. *(A more detailed report will be sent out soon).*
