

Memorial Sunday Service at Brussels HQ, Belgium

Brussels, Belgium, 9. September 2012

Today we had a very moving and tearful service in memory of our beloved True Father. Our hearts were filled with sadness, but above all with gratitude. Gratitude that we can witness this great event together with True Family, our brothers and sisters and Ambassadors for Peace. Gratitude for what True Father has meant to us all and so many in this world.

We were watching the video 'A tribute to Father's life' and reading passages from Hun Dok Hae, which allowed us to reflect on True Father's exceptional and significant life course and how he was preparing for Seunghwa even many years ago.

All blessed couples present offered a full bow and a rose in front of the altar featuring True Father's picture.

We were singing those holy songs True Father particularly cherished.

Great attention has been given to Father's Seunghwa in the Belgian Press these last few days. Our brother Hugo Veracx was asked to give two interviews to two widely read Flemish newspapers lately. One article was entitled: "Reverend Moon chose my wife" and the other "True Father lives on in Love".

Other brothers and sisters were giving testimonies about how relatives, friends and neighbors were reacting to the news about True Father's ascension.

Seven brothers and sisters will be attending the Seunghwa ceremony at Cheong Pyeong next week.
