From August 1st to the 22nd, five Las Vegas representatives participated in the Global Top Gun Youth workshop at Chung Pyung. The participants graduated the workshop inspired to continue being owners of God's providence with a filial heart.

There were 76 countries represented in this year's Top Gun, with a total of around 1,400 participants. The workshop was divided with each week focused on one of the three great blessings. The first week allowed the participants to deepen their heart toward True Parents by receiving lectures on True Parents life course, giving and receiving Divine Principle lectures, and concluded with a pilgrimage of Holy Grounds in Korea where True Parents began their mission. The second week was based on the Blessing Education. This education was focused on understanding the standard of upholding true love, making a pledge toward living a lifestyle of purity, and exposing what prevents them from committing to it. The final week gave opportunities for participants to connect to True Parents' goals by creating their own projects through a program called the Peace Design Table. They were global issues that is relevant within the Unification movement and around the world, and the participants were able to present solutions for them.

The workshop concluded at the Cheong Jeong Gung Peace Palace, where the participants offered performances to True Mother and received encouraging words to be bold in their identity as filial sons and daughters of Heavenly Parent and True Parents.
