

Carp Peru Pledges to Work Hard for the Successful Inauguration of YSP in Peru

Alberto Florido
October 21, 2018

In August this year, a delegation totals of 13 participants, including 10 young people from Carp Peru and their 3 leaders attended the Global Top Gun Youth workshop in Chung Pyung Korea. They were very inspired by their experience and since they returned to Peru have been holding many meetings to raise up members to a new level.

As part of their ongoing preparation to launch YSP in Peru in November, they gathered together all their known contacts to make strategies and to work together. The gathering took place on October 21, 2018 and we had 27 participants and everyone was very inspired by the experience and pledged to work hard for the successful inauguration of Youth and Students for Peace in Peru.
