JC Donates 30,000,000 Won to Sun Moon University Continuing Last Year's Donation

On the 21st, Sun Moon University revealed that they received a donation of 30,000,000 won from the stock company JC. According to Sun Moon, Rep. Du-Gyu Kim, who came to Sun Moon on the 19th to deliver the donation, said that he "hoped that the money could be used very carefully to develop the university, and that regardless of the small size of the donation, [he] hoped that it would be of great help."

JC is an affiliate of Tongil Group and manages a chemical company in Shiheung City. The company donated 30,000,000 won to the university last year as well. "Thank you so much for your interest and donation in our university," said Sun Moon University President Sun-Jo Hwang. "We will do our best to foster global talent through our founding principles of love of heaven, love of people and love of nation."
