Dear Brothers and Sisters,

Our beloved Sister, Hiromi Kitchens, of the Belvedere Family Community, ascended to the Spirit World on Sunday, November 19, after a courageous battle with cancer. Hiromi met True Parents in Japan in 1975 and received the Blessing with Robert Kitchens in 1982. They have been a valuable part of the New York area community for close to 30 years. Hiromi has served in many capacities over the years in America, working with IOWC and with Clergy. Since settling in New York, she worked with KODAN and was always very involved in church activities, while raising her family and being a loving wife and mother. Her family and many friends will miss and cherish her life and legacy of love and devotion.

Hiromi is survived by her husband Robert, son Jeremy, sister Kumi, and numerous extended family members.

Let us join together to support Hiromi's family, and pray for her victorious transition to a glorious new life in the spiritual world, and her settlement in Heaven with Heavenly Parent True Father.

Following is Hiromi's biography and information about her Seonghwa ceremony from her family and the Belvedere Community Pastor, Dr. Drissa Kone.
