

UPF Asia Pacific webinar: Faith-based Organizations Building a Heavenly World

Robert Kittel
December 10, 2020

Building a peaceful, unified world through interdependence, mutual prosperity and universal values is one of UPF's primary objectives.

The world, however, has drifted increasingly towards viewpoints that are materialistic and secular in nature. People are losing sight of the profound wisdom to be found in humanity's spiritual heritage.

The Interreligious Association for Peace and Development (IAPD) believes that the great religions of the world have a vital contribution to make if we are to achieve peace in our time.

With this in mind, UPF Asia Pacific is convening virtual webinar to promote a unified world of peace, with the theme "The Role of Faith-based Organizations in Building a Heavenly Unified World."

Distinguished panel of speakers representing the major religions of the world will offer their insights and reflections on this topic largely from a moral and spiritual perspective, giving their views on the current situation of the world and our way forward.
