We held a blessing of marriage ceremony, with the theme "Happy Taiwan, Love in Taitung" on March 5th 2017. This event took place in Taitung, where there are only four blessed families. And a heavenly tribal messiah, Mrs. Chen-Mei Liu was elected as the neighborhood leader in 2014. We had 100 participants which included many local leaders from county government and community such as Mayor's Secretary, County Councilor, City Representative.

Mrs. Liu took ownership for heavenly tribal messiah works. She usually keeps harmony with people in the community to cultivate loving heart. And she is deeply grateful for Heavenly Parent and True Parents to experience such a precious event.
