Lemba is one of the 24 communes making the history of Kinshasa the capital of the Democratic Republic of Congo. It is a public, decentralized administrative entity with legal personality. It is where the great universities of the country, University of Kinshasa "Unikin" is located.

On June 21, 2018 in the multipurpose room of the Municipal House of LEMBA, 163 agents and administrative executives including heads of the municipality of Lemba took part in the education session organized by a group of Tribal Messianism constituted of 3 families.

After the welcoming message by the Deputy Mayor, Pastor Jean Tchibanda gave a Divine Principle lecture and he spoke about the ideal of God, the cause of evil and the blessing of marriage by our True Parents.

All the participants received the program positively and agreed to mobilize families to prepare for the blessing in the different neighborhoods. We also discussed with the municipal authorities for the continuation of the events and the education program.
