Anthony Wood, a British brother living in France, ascended to the spirit world on the afternoon of Sunday 4th December.

Anthony joined the HSA-UWC in 1974 and was the spiritual parent of his brother, Colin. He is member of the 118 blessed couples and was blessed on 21 May 1978 to Beatrice, who was from France.

He worked in the ecumenical department at Lancaster Gate for many years. He moved to France about 30 years ago to join Christian Bernard and worked there as an international sales consultant until his retirement. In his retirement he did not rest and spent much of his time helping disabled people until his sudden death.

Anthony Wood passed away from a heart attack on 4th December. Our thoughts and prayers are with him and his family at this time of his ascension.
