WFWP Europe Subregion South organized the first webinar (part of a three-part series) entitled "The Sources for an Ethical Society" on November 5th.

There were four speakers: Silvia Escobar (Spain) Former Ambassador of Human Rights of Spain at the UN, Ilda M^a Araújo Novo (Portugal) Former MP of CDS-PP Group, Rafaella Di Marzio Director of the Center of Studies LIREC (Italy) and Marcia de Abreu (WFWP Spain), WFWP President of Spain and Secretary General for WFWP Europe.

The speakers focused on the theme from the perspective of their professional experiences, which made it all the more interesting. Nevertheless, it's possible to recognize a common substratum of values that should be the foundation for an ethical and harmonious society in all presentations.

The moderator, Sara Marchan, contributed to create a warm and elegant atmosphere appreciated by all.

Around 85 people joined the webinar, and some others followed on Facebook.

We thank all those who made this webinar possible!
