

WFWP Argentina Hosts Online Zoom Conference on Spirituality and Health

Rosetta Conti de Castellon
July 13, 2020

WFWP Argentina organized an Online Conference on "Spirituality and Health" through the Zoom Platform.

The conference was offered by the Ambassador For Peace Inderveer Kaur, professor of Philosophy and Theology and graduated in Ayurvedic Nutrition in India.

Twenty participants online attended very carefully the interesting exposition that was followed by an intense questions and answers session on line. The topic was indeed very attractive and useful for all the women attending the conference.
