

## WFWP Argentina Hosts Webinar on Environmental Care

Rosetta Conti de Castellon  
August 6, 2020

WFWP Argentina hosted a webinar on environmental care.

Ambassadors for Peace Andrea Vega and Founder of Chacras de Buenos Aires helped carry out various projects for environmental care.

Mrs. Andrea Vega talked about the necessity of organizing correctly and the use of recycling for sustainable projects.

The Zoom webinar was incredibly interesting and useful for all participants.

“We don’t just want to do less harm, we want to do more good.”
