

YSP Côte d'Ivoire's first anniversary and Peace Starts With Me project launch

Marius Bouguhe
June 30, 2019

YSP Côte d'Ivoire held its first anniversary and launch of his project "Peace starts with Me" on June 30, 2019, in the large room of the Town Hall of Attécoubé.

We had 200 participants including some VIPs such as Chairman AKA SAYE Lazare, the Minister of Sports and Mayor of the municipality represented by his deputy, the President of the FFWPU Côte d'Ivoire.

After cutting the cake symbolizing the anniversary of the organization, participants were invited to sign the petition marking the effective launch of "Peace Starts with Me" project. All the VIPs made it clear that they give their full support to young people and pledge to help them materially and financially for the success of their project.

Reflections

YABOUDJRO Enoc: "This youth organization needs to be encouraged because they began a remarkable work and especially very inspiring. Congratulations young people and know that you will have always my support.

Representative of the Minister of Sports: Dear young people, I assure you that the Minister of sports currently in Egypt for the CAN knows that you are in his commune. He especially knows that he can count on you for a better education of all of your friends and acquaintances. The commune of Attécoubé will always remain your home for any program you may have.

Imam KEITA Namory: "Seeing these young people do what GOD says is a real satisfaction. I am so proud and can only encourage them in this way. Bravo!
