March 1, 2020

During our Sunday Service on March 1, 2020, we have celebrated the victory of 34th, 35th and 36th Heavenly Tribal Messiahs. After several months of hard working in the field, the Ahondjo, Doumbia and N'Guessan families successfully accomplished the blessing of 430 couples in their respective localities. The community warmly applauded them.

Reflection

Mrs. DOUMBIA Gloria (wife of Rev. DOUMBIA): "I am very happy that our family is also in the TCM circle. I encourage all the families of the church to work in this direction... Thank you"

SEGBA Felix (Director of Tribal Messianism): "The work of the Families in the field is exceptional. I am a very happy Director. The instructions and all the orientations of the True Mother must be carefully followed to create the true conditions for this happiness in our church. Congratulations again to all these families."

Pastor ADAM ISA (Church Leader): "I am just very happy and impressed by what we heard this morning. True Parents have instructed us to make Tribal Messianism. And our responsibility as a Pastor is to preach and invite members to do exactly what True Parents want. I am delighted to see my church members fulfill this desire of True Parents."

N'GUESSAN Walehet (second generation child, match): "It's always very impressive to see how committed parents are in the work of True Parents. As their children and especially the children of True Parents, we can only follow what the Heavenly Parent asks us to do. I also want to ask all families to teach their children how to do celestial tribal Messianism "
