

First Marriage Course in Madrid

Madrid, Spain, February to May 27, 2018

By Manuel and Gisela Campillo

Spain Blessed Families Department organized a “Marriage Course” for blessed couples in Madrid.

It started on February and ended with the 7th and last session this Sunday, May 27th.

10 blessed couples participated on this first ws. All couples were international and all of them with different experiences and different years of

Blessing (some of them received the Blessing many years ago and other not so many). All couples could learn something more about communication, forgiveness, overcome and resolve conflicts, healthy sexuality, love in action, etc.

This course is aimed at couples who want to make their relationship stronger. It offers an helpful guide of ideas and practical tools which will help them to establish a strong relation.

At the end of the ws all couples showed their gratitude to the BFD for having organized this kind of ws and also showed interest in continuing to deepen.

Participants asked to organize more of these workshops so that they can have the opportunity to invite friends and new couples as a preparation to receive the Blessing.

Thank you!
