

Seeds of Love and Blessing in a Garden Yekaterinburg, Russia

Sergey Nikolaevich Chupilov - May 25, 2019

A Family Festival was held on May 25 in the garden cooperative Khrustalny, not far from the Russian city of Yekaterinburg. A total of 22 people participated, not counting the children. Seven couples passed three ceremonies.

Interestingly, the festival was organized by a blessed family who live in this garden. They have spent two years investing in all public affairs, and, as a result, the husband was chosen to be the chair of the cooperative, and now he can freely invite families to the festival. He and his wife may continue to educate these people.

The presenter, Sergey Nikolaevich Chupilov, chair of FFWPU of Yekaterinburg, speaks at the festivals every time and uses the language of the audience. And this time, referring to summer residents, he spoke about annual and perennial plants and the seeds of love, and it was clear to everyone.

A local singer, Alexander, sang two songs: one for everyone, the second for his wife. Our brothers and sisters also came up with performances. Tea and pies were served to help us endure the cold weather.

Some couples were late and were very sorry. People themselves offered to hold such a festival before each general assembly, which takes place every two months. We continue the realization of Heavenly Tribal Messiahship!
