Dear Blessed Central Families, Brothers and sisters,

"Deep breath, calm down, relax...deep breath, calm down, relax. Everything will be done right in time". I guess every one of us needs these kind of reminders every now and then. My hope is that each and every one of you are able to receive the calming and healing power that is available to us within ourselves and throughout our surroundings.

This Saturday, October 2, is Cheon Bo Registration Blessing and Holy Wine Ceremony for CheonBo couples and CheonBo candidates. I pray that all of us will at some point be able to receive the special grace from our True Parents and Heavenly Parent and also enter the CheonBo Won. I strongly believe that we all can achieve it if we put our minds on it, and act on it not as individuals but as a community.

Last Sunday, Shinghi delivered a message that made me reflect on my own life, how short it is and how it just a one time opportunity. Our life will not happen again once it is over. So we really have to be careful and yet decisive on what we do with it. Our True Parents have opened so many different ways for us to plug ourselves in and not just ourselves but everyone, it does not matter who and what we are. I hope you have given a thought on where you want to plug yourselves in.

I keep you all in my prayers. God bless!

Sincerely,

Rosie Dijan Muyongo - Pastor
