

Family Festival in Yekaterinburg

Yuriy Gavrilin - Ekaterinburg, September 23, 2018

On Sunday, September 23, a Family Festival was held in Yekaterinburg, in which more than 80 people took part. Three special ceremonies were organized for nine couples: the Ceremony of the Holy Wine, the Proclamation of the Pledge of Marital Fidelity and the Forgiveness of Grievances.

To make the guests feel more comfortable, we seated them between our couples, who also participated in all the ceremonies. Seeing the example around, a pair of guests went through all the stages without a doubt and refusals.

One of our brothers said that 21 years ago, while receiving the Blessing, he and his wife were in different cities with photos of each other. And so it happened; now they took part in the ceremony together, and they were happy. During the Festival, it turned out to create a family atmosphere that inspired both guests, brothers and sisters. The participants of the festive concert were children of the Second Generation, guests and their children. Each couple who received the Blessing, as well as guests who came alone, were presented with the autobiography of True Father. Guests liked the holiday. We will look for ways to increase the number of couples and hold such festivals more often.
