

Blessing Family Festival in Pskov

Russia, Pskov, Yuriy Gavrilin - November 3, 2018

On November 3, 2018, four couples received the Marriage Blessing at a Family Festival held in the northwestern Russian city of Pskov. Twenty-seven adults attended the program.

During the three weeks in which we prepared for the festival, we met elderly people of the Pskov veterans club. We met attendees of a women's club, where I led a conversation about family relations and invited them to the festival. Also I invited my friends and relatives.

Besides that, I cooperated with the head of a public organization which had contacts with families of different nationalities. Some of them were families of Dagestan, Armenian, and Gagauzian nationality.
