

Three days Divine Principle seminar in Ulyanovsk

Yuriy Gavrilin - May 9 - 11, 2019

With the participation of CARP Ulyanovsk, children from the 1 year program and local blessed brothers and sisters, on May 9-11, a 3-day DP workshop for guests was held in Ulyanovsk. 6 guests participated on a regular basis (4 of them are new), 3 guests partially (one of them is a guest's grandfather).

There were lectures on DP, a trip to the arboretum, where a master class on drawing was held (at first they studied the theory of art from the Unification Philosophy), watch a video about the peace initiatives of the True Parents, and videos of the speeches of True Mother. At the end of the seminar there was a bonfire, songs and kebabs, where our children shared the experience of the summer programs - Kola, Baikal and 1 year program.

Someone received the answer that the Messiah and the True Parents are the founders of our Movement. It was a very heartistic meeting, the guests did not want to go at home!
