*"The idea that some lives matter less is the root of all that is wrong with the world."
Dr. Paul Farmer*

In Moscow, YSP activists participate (regularly, since September) in a program to help homeless people, organized by the youth movement "Youth for Peace". Together with this organization, the youth packed and distributed food to the homeless near the train stations. It's a great opportunity to learn how young people sincerely share not just food, but also love with people who really need it.
