The WFWP Kenya held a Women`s Seminar under the theme of "Mother`s Heart Peace Network" with 115 participants, hosted by the Restoration Oasis Worship Center on September 21, 2023. The aim was to create a network to connect all women and mothers in our society to True Mother in the spirit of Forgive, Love, and Unite.

The venue was Kamulu on the outskirts of Nairobi and various groups and Community based organizations were represented.

This event was part of the 40-city tour which will be held in 120 days initiated by WFWP Africa.

The first talk was about the History of the Founding of the Women`s Federation for World Peace and also the Vision and Mission of the Founder Dr. Hak Ja Han Moon, the Mother of Peace.

The second lecture was about True Family values. Participants appreciated the content and they promised to invite their husbands to the upcoming programs as they felt that this kind of education is important to build strong and peaceful families and communities.

The Founders of the Religious institution Dr. Bishop Delivine Nyambisa and his spouse thanked the WFWP Kenya for holding such a seminar to empower the women in that community.

A total number of 115 women participated. They are all looking forward to learning more about the Mother of Peace and how to create a True Family movement.
