Victoria Cheon Bo Report:

19th December

11 Collaterals were liberated by the Moreau family during the CheonBo Event on 19 Dec. 2020 notably:

Hon. [Faleomavaega Eni Hunkin](#), US Congressman (1989-2015) for American Samoa.

While carrying out the mission in the Independent State of Samoa, we included, whenever possible, VIPs from the next-door US Territory American Samoa. The assistant to the US Congressman, Mr. Alex Godinet of French descent, once allowed me to use the landline and desk in Hon. Eni Hunkin's Pago Pago office, with the US flag on one side and the American flag on the other side. I spent a few hours calling for American Samoa VIPs to attend a 1-day Character Education workshop in Pago Pago with Alan Saunders.

During an International Conference in Seoul, an American leader came to me to express his gratitude for our work in Samoa. The brother told me that the American Samoa Office in Washington DC had been the key office to provide the green light for True Parents to receive a "Crown of Peace" on March 23, 2004, at the Dirksen Senate Office Building in Washington, D.C.
