We held a 7-day Divine Principle seminar from September 8 to 14, 2019 at our Peace Embassy in Harare, in line with True Mother's vision for educating youth people and our future generation towards national restoration.

We had 19 new participants.

Most of these young people were very happy to learn the divine principle, they expressed that they were being left out and could die without receiving this truth.

They pledged that after completing the 21 days workshop they want to work full time to support True Mother's vision and God's providence in Zimbabwe.

Thank you True Mother for the recent Blessing in Sao Tome e Principe, we will continue to support you.
