We held Peace Road 2019 event in Yaoundé on August 18, 2019. We had 54 participants. Due to the political situation in the nation, it was difficult to obtain authorization from the government to do a peace march.

So this year, Peace Road was done in a symbolic fashion. Members of FFWPU and YSP joined together to do a peace road demonstration at the field of the Cite Verte High School under the theme "Connecting the World through Peace."

Our members gathered at the field and sang the Peace Anthem several times and marched round in a circle, then concluded with a group photo. It was a good experience and everyone was excited and filled with hope that better days are ahead.
