*St. Lawrence Home of Hope*

YSP Zambia had a program with our partners VSI, Vic talk motivation and also other youth organizations. We visited an orphanage in Kamwala south called St. Lawrence home of hope. To celebrate our youth day with the youth that are in the orphanage and also to offer a small donation to support the children in the orphanage. From the YSP team we had a participation of 5 youth and together with other organizations we were approximately 30 youths.

St. Lawrence home of hope orphanage is a Catholic run orphanage and is supported by the company DAPP. This branch only had boys and they have another branch which has girls in Chilanga. It has 65 boys currently staying there from ages ranging from 4-13.

The program started at 11:30 hrs and we played with the kids. We had various Ice breakers and games which really made the boys happy. We met with the programs director of the orphanage, Mr Bout. He thanked everyone and also encouraged us to continue with this work and also to come again another time. The event ended at 14 hrs with a group picture and also good byes from the team and the orphanage.
