Treven is the third child and second son of Steve and Mie Woolery. When he was three years old, he was diagnosed with autism. He was very active and liked swimming, swinging, and jumping on the trampoline.

He was very affectionate and had a sweet personality. In his life, so many people were involved in his growth.

In September 2018, he had bowel surgery and was in the hospital for two months. After his recovery, he suddenly became very ill and died in the hospital two days later on January 25, 2019.

Let us pray for Treven as he transitions to his new life in the spirit world.
