*All proceeds from this fundraiser will be donated to WFWPI, a 501(c)(3) non-profit organization*

We are excited to announce the 2nd Annual Giving for Good Auction under the theme "Healing Our Home. Our Shared Calling" from July 17 to July 31. One of the many components of WFWPI's mission is to strive toward the UN Sustainable Development Goals (SDG) 2030, and the "Giving for Good" project especially addresses SDG 13 which is "Climate Action."

Research shows that the fashion industry is the second-largest polluter in the world. This is not only an auction to raise funds for WFWPI, but a call to action for our community to do their part in reducing their own carbon footprint!

In an effort to address the concern for environmental protection and restoration, WFWPI launched Giving for Good International (GFGI) in 2020, under the leadership of Dr. Sun Jin Moon, Senior Vice President of WFWPI. GFGI is now a new signature project of WFWPI that aims to conserve the Earth and all life through education, circular fashion and funding of climate action projects.

Since its launch in 2020, GFGI has raised more than \$200,000 through auctions to support the global effort geared toward ecosystem restoration. With those funds, our office established a GFGI Climate

Action Project Grant, funding a total of 12 projects in 11 countries that address environmental issues aligned with the UN Sustainable Development Goals (SDGs) 12: Sustainable Production and Consumption; and 13: Climate Action.

For this year's "Giving for Good" online auction, some of the key items being auctioned off are clothing items from the Co-founder of WFWPI, Dr. Hak Ja Han Moon's closet, a replica crown won by Miss Earth 2017 Karen Ibasco, as well as a handcrafted clutch worn by Miss International 2005 Lara Quigaman. We hope you will join us in this fundraiser to support healing our planet Earth.
