**Re. : Special care and guidance for leaders of the church and providential organizations in each region and mission nation**

May God and True Parents' blessings and love be with brothers and sisters in your region, mission nations and providential organizations.

Recently there have been instances within and outside the church where leaders and members had their faith in Unificationism and in attendance to True Parents challenged. Some were solicited to take part in activities of private non-profit organizations and to give them priority over the providential activities True Parents are guiding. In some regions and mission nations, promises of financial support were offered. This has created uncertainty for some leaders, and the situation has caused True Parents great concern.

In the light of these circumstances, regional presidents, national leaders, national messiahs and boonbong-wangs are reminded to pay particular care and attention to the leaders and members of the church and providential organizations in each region and mission nation, offering guidance and encouragement so that there is clarity about True Parents' leadership and central position.

If you have concerns about this situation with regard to your mission nation or region, please immediately contact the World Mission Headquarters through any of the following means:

- Contact person: Mr. Ki Man Lee, Director of Administrative Affairs
