Excerpt from Sunday Sermon: The King Reigns Forever

Newfoundland Sanctuary Church

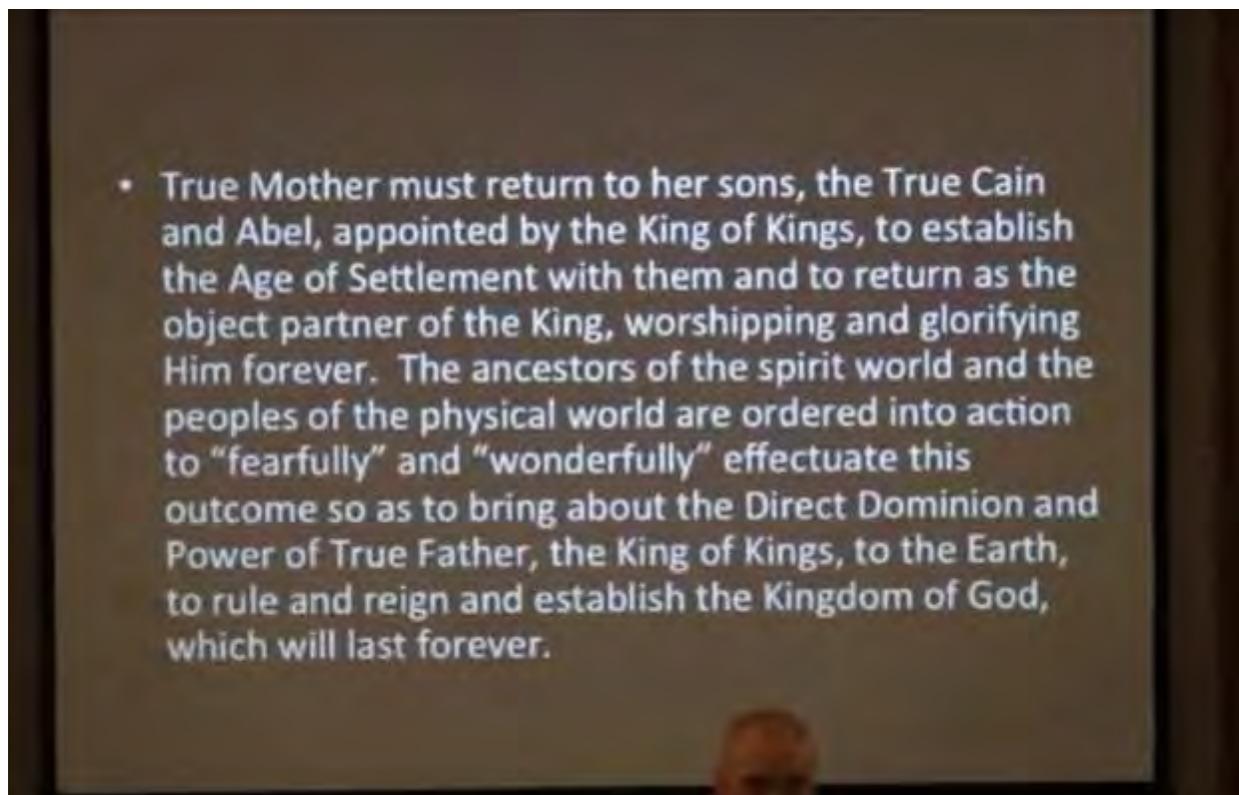

I, Hyung Jin Moon, the Crowned Successor to the Absolute Subject of True Parents and King of Kings, in order to free True Mother from her exploitation and bondage, hereby declare that all True Mother's authority and power are stripped away and removed from her in the Kingdom of Cheon Il Guk, so that no exploiters, desecrators, idolators, or Satans can hide behind her anymore to justify their evil, sinful and vengeful assault on the King of Kings, True Father, His traditions, Scriptures, Covenants and the Kingdom of Cheon Il Guk.

*Hyung Jin Moon standing under his declaration as he reads it*

True Mother must return to her sons, the True Cain and Abel, appointed by the King of Kings, to establish the Age of Settlement with them and to return as the object partner of the King, worshipping and glorifying Him forever. The ancestors of the spirit world and the peoples of the physical world are ordered into action to "fearfully" and "wonderfully" effectuate this outcome so as to bring about the Direct Dominion and Power of True Father, the King of Kings, to the Earth, to rule and reign and establish the Kingdom of God, which will last forever.

*Hyung Jin Moon standing under his declaration as he reads it. By "True Cain and Abel" he is referring to his brother Kook Jin Moon as True Cain and himself as True Abel.*
