

Hyung Jin Nim appointed George Lambos as his national leader of Greece

March 24, 2015

In a situation where the UC/FFWPU has left True Father and is collapsing, George will lead a movement to return to Father's words and traditions. He will have spiritual authority over all blessed central families in Greece.

In appointing George, Hyung Jin Nim told him to "empower people to channel the spirit of God."

Hyung Jin Nim also multiplied a bottle of holy wine for George to take with him to Greece.
