

Kingdom Under Attack

February 19, 2017

Rev. Hyung Jin Moon

Newfoundland, PA

Let us go to the Book of Acts, today. This is the second mention of the Kingdom of God. We have now moved our way through the entire Gospels with the Kingdom Scriptures, and we are now in the Book of Acts 8. Let's read together from verse 5:

**Acts 8:5-13 (KJV)**

**<sup>5</sup>Then Philip went down to the city of Samaria, and preached Christ unto them. <sup>6</sup>And the people with one accord gave heed unto those things which Philip spake, hearing and seeing the miracles which he did. <sup>7</sup>For unclean spirits, crying with loud voice, came out of many that were possessed with them: and many taken with palsies, and that were lame, were healed. <sup>8</sup>And there was great joy in that city. <sup>9</sup>But there was a certain man, called Simon, which before time in the same city used sorcery, and bewitched the people of Samaria, giving out that himself was some great one: <sup>10</sup>To whom they all gave heed, from the least to the greatest, saying, This man is the great power of God. <sup>11</sup>And to him they had regard, because that of long time he had bewitched them with sorceries. <sup>12</sup>But when they believed Philip preaching the things concerning the kingdom of God, and the name of Jesus Christ, they were baptized, both men and women. <sup>13</sup>Then Simon himself believed also: and when he was baptized, he continued with Philip, and wondered, beholding the miracles and signs which were done.**

That's a powerful Word right there. Now, let's draw your attention to some key elements of this Scripture. So, now the Disciples had met with Christ in the Book of Acts. We covered that last week; and, now he is preaching the Gospel from across the grave and from the Spirit World from another dimension, and Jesus is still teaching them the Gospel of the Kingdom of God.

Here, we are with the Disciples going into Samaria and different places all over; and, they are witnessing and preaching the things concerning God. Now look here:

**<sup>7</sup>For unclean spirits, crying with loud voice, came out of many that were possessed with them:**

Now look here. We just talked about unclean spirits coming out, when you go out into this super, super, super brainwashed liberal areas, and you walk by the Starbucks, and you have a Donald Trump hat on, or if you have a Donald Trump sign, hold it in front of the Starbucks like that. Just go in front the window and go wave the sign. You will see inside there, angry people. Their faces will distort. They'll start coming out from there from under their skin.

Now, when you look at the lunatic Left, you'll see possessed. Unfortunately, they are victims, because they have been brainwashed in the indoctrination system of the Archangel; so, so many are brainwashed, and so many are unknowingly possessed. So, literally, when you give them something different, it's not only cognitive dissonance, it's not only some psychological reaction they're having to

you, when you present to them facts and real evidence, etc. Contrary to them, you see them in Berkley, and you see them all over this country doing or having hissy fits. They're going nuts. They're going totally bonkers nuts, when they hear anything different to their opinion. They literally say, "Shut him down, you Nazi." They're literally just saying, "KKK, go away! Punch Nazis! Punch Nazis!" They have an actual woman who lived during the time of the Nazis under the regime of Hitler. She's like a grandma now. She came on the news, and she was saying, "No, No, No! The Trump supporters don't remind me of Hitler. It's these anti-Trump people that remind me of Hitler." They're the people trying to shut everybody down. They're the people trying to censor anybody trying to support freedom or cutting taxes or pulling out of unfair trade deals. They are the ones who are like the fascists; yet, anybody else who say, you believe in God, or you say you like freedom, they say, "Oh, you Fascist!" (angrily) They breathe on you with their gremlin breath. "Ahhh!"

**<sup>7</sup> For unclean spirits, crying with loud voice, came out of many that were possessed with them:**

You see, it is not only some kind of cognitive dissonance, where there having some kind of psychological conflict in their mind. You can see it. They are possessed. They are possessed in a cult. They're in a cult of Satan. This is why, we're the only Church in the entire world that identifies clearly Political Satanism. There's nobody else, because why are so many state-run churches bought off the entire governmental system they bought into the governmental program; and, since they're funded by them, how would you expect them to rail against them, without fear of losing all their funding?

It is the clear time of the last days, when the Lord comes back and clarifies all things. That there is a separation between good and evil. There's no more grey space. No more place to hide. No more place to doubt again. No more place for the devils to go, "No, no, no! I'm not sure he's good. I'm actually good." They just try to hide in the grey area. "I'm one of you. I'm a good one. I'm a good demon. I'm a good demon." In the last days, there is good and evil, a separation of good and evil.

Good and evil is separated, and you could see it now, more than ever. Who saw on Friday the incredible press conference by Donald, where Donald Trump was beating up those reporters? He was like smack them around, boxing them across the ears. Pow, pow, pow! He was just boxing those reporters. He was giving them a nice lesson in Jiu Jitsu that day. Oh Lord, have mercy! The reporters in the media are the fourth estate of power, right, in America now and across the West. Of course, we know they're not only state run, they're funded by some of the major and largest conglomerates that continue to bash elections that George Soros funded, etc. We know that some of these are controlled by them, and you can see it in their total biased reporting. Like when Hillary was running, Newt Gingrich was on Fox News, and he was telling Megyn Kelly, who of course came out to be a traitor, but he challenged her saying, "You guys are the establishment news. I mean, how can you talk about Trump?" Like for every twenty-three times you talk about Trump in the negative, then you mention Hillary once. He actually had the stats on it.

They literally are not like double, triple or quadruple. They are twenty times more biased against a sovereign candidate. They got themselves in a massive hole, because they exposed themselves as being totally biased. Folks, we have to understand that Satan is going to try and develop his Kingdom, and this is the way he is going to establish his Kingdom is not by just preaching a spiritual message. Satan is not only interested in just creating a spiritual kingdom. He has, from the beginning, been trying to highjack the entire world, that is to be fruitful, multiply and have dominion by God, and have control over this

world; so, he has been in it for the entire world to bring under his dominion, and that is why we see the history of Satanism. Not Satanist liturgical Satanism, and we have to differentiate that from the move of political Satanism, which has the same aims, the same end goals as real Satanism. Their pushing for the same culture as real Satanism, even though people in that movement may not be actual worshippers of Lucifer. Does that make sense?

The normal Leftist is not a worshiper of Lucifer, right. I mean, they're not there with their upside-down pentagrams slitting their wrists to Baphomet. That's the high people. More of the people that are inside the shadows; but, the Movements that wants to seek actual power, and actual world governance and governmental control, whether it be the Council on Foreign Relations, or whether it be the Bilderberger Group, all these organizations like this on the Anglo-Saxon side; or, the Wahhabi on the Middle Eastern branch, and all their Jihadis trying to creating a Caliphate, which is basically a world government. Then, you have the Chicoms on the Eastern side, who are the Chinese Communists. Some of the young people have met some of the Chinese Falun Gong people, right. I think, I saw this in one of your videos. You met some Falun Gong people. Those are some of the people being oppressed by the Chinese Communists just for practicing Yoga in the parks. They're so threatened by them for just practicing Yoga in parks. "We have to quickly kill them. Quickly kill and harvest their organs and sell them on the black market." That's how disgusting and evil these people are, okay!

But, whatever block they're in, whatever major triad they're in of evil, the evil that they seek to produce, the actual civilizations they seek to produce, is a Satanist civilization, where you can murder children. That's totally fine. Abortion. They push the same agenda. The killing of children. The killing of innocent children. Now, of course, at the satanic level, under ritualistic Satanism, that's an actual ritual. It's one of their highest rituals in a satanic mass to offer blood sacrifices; and, then of course children as the highest level of sacrifice to give Satan pleasure, okay. There trying to manifest that on a political sphere in an actual kingdom and an actual nation state.

So, you have the culture of murdering innocent children in the womb. Now you have professors making the argument for post birth abortions saying, "Well, even though you are born outside the womb, you still don't have any human rights." Yes! These people are trying to push for the culture of Satanism, okay.

Also, another part of Satanism is the destruction of the man and woman marriage covenant; because, it's the center bedrock covenant, because that is why man would cleave unto his wife and leave his parents, right, as Jesus said, because they are bound in marriage in the covenant of marriage. And so, political Satanism, whether it's liturgical Satanism or political Satanism as a movement, the Centralist and Leftist political ideologies will then also seek to destroy the marriage by relativizing the social structure of man and woman saying, "No, no, no! It's not only man-woman marriage. It's also man-man marriage, woman-woman marriage," and seventy-two other genders pronouns they're trying to enforce. Seventy-two gender pronouns. I mean, these people are just making stuff up. They are just making stuff up. I got to try and get a list of that. We will do that on The King's Report. Can you get a list for us? We actually have to read through it, because it's bonkers. You might as well... You have the lunatics running the looney bin. The lunatics are in there, you know, "Okay, this is the new order you have to listen to, today." They're so insane. This world has become insane.

So, we have the destruction of innocent children; the praying on innocent children; the sacrifice of innocent children; we have the destruction of the marriage as central to Satanism, and Political Satanism

on the Left, particularly the Left. We also have the destruction of the family, as being anti-family, creating alternative families to destroy the strong bonding that happens in a husband and wife, God centered marriage, with parents and children. This is a very powerful bonding. And of course, they need to control education, and adoption of all the Marxist planks: centralized education, centralized monetary supply; centralized media, etc, etc, etc.

Now, you got to enforce that. You got to make people bow down to it; so, you got to have centralized force, too. So, you need a centralized police force, centralized law enforcement, central military, etc, etc, etc. So, Satanism is one occult avenue that Satan, of course, is using to possess people; but, at the same time, he using an actual political movement, which doesn't mean all those people within that movement are actually worshiping Satan, but by a conduit by being plugged into this matrix, where at the top they are actual Satanists. They are doing the will of Satan and forcing; so, by force, which is why they always love centralized governments, centralized archangelic power to then make the people, to force the people to throw away their real culture, throw away their civilization, and adopt this new standardized, demonic culture, which then they want to standardize throughout the world, through the UN, through the Council on Foreign Relations, through the Bilderberg Group, right. They want to enforce it through the UN militia, what is that? The Peace Troops. Totally, totally, dangerous.

Of course, we see that they are moving in connection with a spirit, an actual spiritual force; so, they are psychologically brainwashed into a cult. This cult has a spiritual nature. It serves a spiritual deity. It has a spiritual nature; but, it's not of course the nature of God; so, when you see people, who are coming in contact with these things, they literally are seen frothing at the mouth. You go to some of these rallies or events like that with the anti-Trump people, they are like frothing at the mouth. They're like rabid. They are wacky. They're holding up these signs trying to riot; yet, these reporters try to go up and try to interview them, they don't want to talk.

They wear these things to hide their face. If, you're so proud about what you're doing, show your dang face, and talk to the people, why you're doing it. What the heck's wrong with you? If you're so confident in your position, if your so right, and so powerfully going to change the world, take the stupid handkerchief of your face. Stop sucker-punching people, when they are walking down the street; and, tell people your opinion. They can't tell people what they do, because they are totally irrational. They're opinion is censoring the opposing point of view. "If you don't agree with me, your Hitler. You're a fascist. Trump is a Nazi. I'll punch you." You have the lunatic Leftist literally supporting and praising these kids for punching. "Nazi! Yeah! Go! Yeah, they have no rights. They're Nazis!"

You see, this demonization of people. People who want to look at evidence, who want to look at both sides. This is the reason why young people across the United States of Conservatism is rising so powerfully; because, young people are seeing this crap, and their saying, "Dang! These are the dang Nazis, man. I'm just trying to sell cookies over here, and these people are going crazy. What's wrong with those people? Let me hear your opinion. I want to hear both of you." It's actually encouraging young people to step up away from the lunatic Left, and the occult of peer pressure and social pressure; and, I'm going to rebel against this like Joy Villa.

Did you see Joy Villa? She, just kicked Hollywood's ashtray, with all their LSD and marijuana, and all that stuff out the door by wearing that Trump train on her dress. Did you see that, at the Grammy's? She hid it under this white thing, this white cloak; and, then she just comes up and reveals her dress. She has this Trump dress on. It was made out of a Trump flag. Did you see that? She turns around, and she's like

a bikini model, so she knows how to show it off. Then, she turns around, and she has like a Trump train on her dress. She killed it!

And all the Madonna types are screaming. "I'm melting!" And all the Meryl Streep types are screaming. "How dare you. How dare you. How dare you do it to Hollywood." They're so evil. They're so demonic; but, they can't attack her, because she's black. They cannot attack the dress, because it was made by a gay Filipino immigrant; so, they cannot say she's homophobic. They cannot say, she's a racist. She's anti-immigrant. Man, she smashed it! Then, the next day the whole Leftists kept giving her death threats, and all that crap. It's ridiculous. The next day her Amazon sales go up eighteen thousand percent. She becomes the top number one in Amazon, in terms of record sales. She has sixty thousand plus Twitter followers in one day, because of that dress; and, now the thing called, "Joy to the White House Movement," now.

I saw an interview with her. I was going to repost it, yesterday. She was on with Steven Crowder. He's a Christian; but, he's a comedian as well. He's done very good work challenging Islam, and the narrative of Sharia Law and all that. He dresses up as Muhammad, which they will kill you for it. So, he dresses up as Muhammad; and, then he goes... wait! You remember the Bob Ross Show, where he paints pictures? Do you remember that guy with the big beard and the Afro? He goes, "Yes, a little tree right there. Yes, there's a happy tree right there. And, a stream right there; and, a little pastel blue right there, and a little aqua marine right there. Yes. Maybe a little sunshine right here, with a little magenta right here." (He says all this in a soft voice) So, Steve Crowder, he does this as Muhammad. He does this in a turban, and he does this with a whole beard, and he goes on with this whole thing. It's absolutely hilarious, okay. He got death threats for it; but, I mean it was hilarious.

So, Steven Crowder goes on, "Oh, yes. Happy little trees right there. Happy little sun right there. Yes, yes. And, there's Muhammad right there. Yeah. There's some of his wives. Happy little wives. That one has a couple of bruises and a black eye; and, there's some Christians there. Some of them are decapitated, but happy Christians." You know, he's going on like this. It is hilarious, okay. In other words, he does this incredible thing. So, she (Joy Villa) is on this show with Steven Crowder; and, she's explaining that she grew up in a Christian home. Her dad was a Minister; so, she's had conservative values. She plotted this in secret to blast this at the Grammy's, and it worked. Her sales just boomed. She's like number seven on iTunes; and, she's going to be in the top ten on Billboards in like days. She's just skyrocketing.

You see, people appreciate people who are putting their necks on the line to stand up against the establishment. They respect that. They can see that it takes courage and balls. They know if they were in that position, they wouldn't have done that; but, she took a chance to do that, to take that courageous step, and of course has been awarded greatly because of that. Boom! She's been rewarded, tremendously.

But, you see this is the power, and this is the position that we're talking about. There's an entire spirit that is guiding, whether it be the Hollywood Looney Land, or Disney Land, or Washington Land or the media, whatever. Anybody on the Left, without knowing they are collocating into this cult, they have taken over the educational system. They took over the University system and brainwashed children saying, "Oh, no! this is the trendy way. This is modern. Anything else opposed to this is backward and medieval in the Dark Ages, even though now they're so authoritarian that young people are rebelling

against them. They're saying, "Screw this. You guys are like Nazis. You're trying to force into our minds and into our brains, what we have to say and what we cannot, and we're kind of sick and tired of it.

So, even Conservatives amongst the young people is becoming the new Punk Rock. It's becoming the new rebellious movement against the Left, which used to be rebelling against the Right. But, now, as they become more entrenched, as they become bigger and more powerful, and they took over the branches of government, and brainwashed millions of people, they became the totalitarian establishment; and, now they are getting this rebellion against them, and you can see it. You can see it. We should have some clips. We should do like The King's Report, where I can tell the tech team to do it, and they can find it for me, and they can show it on screen.

You can see how they are frothing at the mouth. They are acting totally insane. Jake Shields was a black fighter in MMA and Jiu Jitsu. He did very high level, very high level grappler, and also fighter. He was there in U Cal Berkeley when this was happening. He had his wife in the car, and he had to go fight off all these thugs that were attacking these Trump guys. They were attacking them with poles. There was this blonde girl and brunette girl, they were pushed up against the barricades. Did you see this? They were getting beaten by these "tolerant Leftists" behind them en masse. They were beating these women on U Cal Berkeley. Well, they're so modern. They're so trendy. See!

So, people are becoming so sick of this. They cannot control the narrative of the media arm of the Archangel. They are now able to put on Twitter. The social media – Boom, boom! They expose the fact that they are totalitarians. They're the Nazis acting totally like fascists. But, you can see that there's a spirit there that's been activated. There's a spirit that has been crying out, that's been yelling with a loud voice. You can see, as people actually see evidence that people can't open their minds, because they've been so indoctrinated, so they need that clash. They need that cognitive dissonance that can shake them out of their slumber saying, "Holy crap!" It takes time. It almost takes years from all of this arrogance saying, "I don't like this." Then, they start to rebel against it. It's like the Family Fraud. You remember when we first came out, then all you guys starting fighting online. You started standing up. They were attacking me constantly, etc, etc. Remember this?

Then, there was this frothing demonic spirit. They were saying, "How dare you. How dare you say Father, Mother, grrr!" Then, as time goes on and on and on, you can see they're starting to lose their force of their argument. They have no more argument. Everything we say and predicted, the Han Mother starts saying and doing. Boom! Boom! Boom! She starts saying and doing. She starts exposing her own little beliefs. Now they're at the stage, where they literally trying and silence the entire organization. They don't want her to speak anymore, because why? Just a couple of days ago, they had an official education, I think with 430 couples. Is that right, Tim? 430 ministers, was it. Anyways, it happened within the last two weeks, I believe; and, they came out with official teaching now that says exactly what we have been saying, but they've been denying it ever since we entered the Palace – that Father was born with sin, and the Han Mother was born without sin, she's the only begotten daughter, and she's the one who saves Father. She the actual Messiah.

So, now they come out with official teaching, and Kim Jin Choon, that total traitor. He was the President of the Jung Shin Ceremony, even when I was giving a class there in 2006. What a sellout. What a prostitute. He ends up writing this whole thing about the only begotten daughter, but inside you have a war there; because, in the leadership, they're saying, "Let's just change it. Can we change it to say she's

born without original sin and Father is born without original sin? Can we just change it to that? Why do we have to say Father is born with sin?" They're even so nervous. They're saying, "Crap, this is smashing the entire Principle." So even they're saying, "Can we... Well, go talk to Mother. Try to change it, so we can say at least Father no original sin, and then we can say she has no original sin, okay?" This is what they're trying to do behind the scenes; but, there's one problem with that. SHE DON'T BELIEVE THAT. That's a problem. That's the problem. See. She doesn't believe that; so, the people going online in this prostitute mode, they just get elevated and promoted, right. Those who go full mode, get promoted and elevated, which silences these moderate, brainwashed cultists to think that, "Hey, maybe we have some hope with her. It shuts that entire thing down. So, that's exactly how tyrants behave. It always ends up like that.

There's a spirit that we are dealing with when we are dealing with this, whether it is on the microcosm level with the Family Fraudsters, or macrocosm with the Trump haters and all these people. It's the same spirit. They are trying to build the same Kingdom. They're trying and helping to seek and establish the same power structure on earth. That which is centralized. That which is totally coagulated bureaucracy. Complete pyramid structure, where they're sitting on top. An entire world governance structure. A Supreme Council. Did you hear this one? A Supreme Council. It's so pathetic, and so weak, and so demonic and so evil. A normal person can see how this all was to Father.

This whole thing looks like they were Communists. Father fought against this his whole life. How are they going to paint her as a no bra feminist? Ahhh! How are they going to deal with that? Father was always chastising women. Don't become arrogant. Don't become brainwashed cultist, and trying to make you Leftist, which is all the feminist movement is. Just bring in some young girls to be Socialists. That's it. That's all they want. They want to use you to force and coerce people to steal from them to give to their organizations. They just want to transfer resources. All they want is your money to create their Socialism. They're greedy, ugly, demonic, possessed, wick people.

So, we have to understand Satan does not only work in the Spiritual Realm. This is the problem with the Christian Church today. The Christian Church, today, is so state run, it doesn't criticize evil. It's just like it says in the Book of Isaiah. They do not discern between good and evil. Good is called evil and evil is become good. There is a problem in the body of Christ, when you can't call evil, evil. They think it's all about love. No, it's not all about love. "It's all about love. It's all about love." They talk about the relativist of love; so, you have to love everything, including evil, and including the Devil, and including Satan, and you have to go to bed with him, and you have to submit yourself to him. That's how you show your love to him, okay. "Do you understand. You show your love to Satan by submitting to him, okay. Good boy, good boy. True love. You remember True Love. Good boy, good boy."

This is how insane they are. They want to castrate them. Of all human beings who know and yearn for God, and the rights and freedom he gives us. They want to eradicate all that strength that comes from connecting with God, and having a personal relationship with Him, and to be activated and energized by the Holy Spirit, to be filled with fire to set it against evil. They want nobody to have that.

And so, you can see, even when they were preaching the Gospel in the time of Jesus, look at that? "Unclean spirits," they're shouting with loud voices. They're wailing, when they hear the truth. Demons begin to yell and gurgle and gag, while they're sipping their caramel macchiatos. They're crazy. Nut bags. Totally insane. "Oh, my God, dear. I spilled my caramel macchiato. Let's go rally against the Trumpers. Let's go now." I mean, they're so pathetic.

**Acts:8:7 For unclean spirits, crying with loud voice, came out of many that were possessed with them: and many taken with palsies, and that were lame, were healed.**

Think about it. This is also on a spiritual political level. So many of the Christians were lame. They were literally lame. They were almost dead. They were there with Jesus; but, they were doing nothing for the Kingdom of God. They were lead, and Satan just dominated them. They believed in the heresy of the Rapture that they will be taken up before the Kingdom comes. Oh, I'm gonna be taken away. There were many songs about this. This was a idea that came in the 1800s that was a total heresy pushed in the seminaries, and it's totally unbiblical. The Bible says very clear, the Christians will have to go through tribulation, and then they'll be taken up after tribulation to meet Jesus in the air, but it's not before. It got tied into the major state run churches for almost one hundred years now, which is taught at all the major seminaries, which deactivates Christians. It deactivates them. It makes them weak and impotent. "Oh, before the great tribulation, I'm gonna be in heaven with Jesus. I'm not going to have to fight. I'm not going to have to stand up and get persecuted. I'm not going to have to get beheaded." No, no, no! You better read your Bible.

The Christians are beheaded, they're mocked, they're persecuted, they're killed. Remember that? And then it says in Revelations, it is those people with whom he will rule the Kingdom with in the millennial Kingdom. But the Churches have been deactivated politically, because, Lyndon B. Johnson made the "Johnson Act," which doesn't allow pastors to speak out against evil in the political realm. Why? Because, evil seeks to do its work in the political realm. If it can take over the politics, and buy out those politicians, then it can take over the economy and control all the money supply, and it can centralize all the power to itself. If it does that, religions are easy. Just bleed the Pastor, and bleed the Priests to give a progovernment message. Just give them a little money, a little Federal Funding. Then, they will do your bidding. That's how pathetic the body of Christ has become, which is the reason you don't hear any churches railing out against Hillary Rodham Clinton, the mafia boss. You won't even see it. Or, railing against oppression of the Wahhabi backed pedophile monarchy Jihadi movements throughout the Middle East. ISIS is all connected to that.

They have become so hijacked and o lame. Look at that? Act 8:7 "... **many taken with palsies, and that were lame,**" They were lame, lame, lame. Many of the Christians had become lame; those who were meant to have a relationship with Christ. Those who were meant to be with Christ in the Kingdom had been made lame. They're totally deactivated, whether they've been through heretical theologies of the Rapture, whether it be through laws that prevent everybody to have a chilling effect so they cannot speak out against evil. We have decided, folks, the Devil knows that Jesus will bring an actual physical Kingdom into this world, and not just a spiritual Kingdom.

They think after he died, we will go to only be with him in a Spiritual Kingdom. No! The Bible says after he comes, we will establish a real Physical Kingdom. That's why they don't want Christians to believe, 'Oh, religious people don't talk about this stuff. Religious people should never talk about this stuff.'" How many heard this one? Anybody who's been to a university heard this one. How many heard this one? "Religious people shouldn't talk about these things. We should focus on love and charity." This is love and charity you idiot. We're trying to save the freakin' planet from being taken over by evil demons. What the hell do you think about love and charity. We're trying to protect our neighbors, and literally trying to save their life, instead of being ruled over by pedophile rings. That is love and charity. We're putting our necks on the line, to save our brother from being put into a freakin' prison and having their

organs harvested by the Chinese Communists. What the heck you talking about, “You didn’t give nobody love. You didn’t me a candy cane. Blah, bah!” What the heck you talking about? Give me a break!

We’re trying to stand up and put our necks on the line for people to lives. That has become the lameness of the church, today. Completely lame, teaching about God’s prosperity. “Oh, believe in Jesus, you’ll make a million bucks.” No, you won’t. That’s not what the Bible says. If you do, God Bless you; but, if you don’t, you got to be ready for it. You got to be willing to be persecuted. You got to be willing to be maimed. You got to be willing to die. You got to be willing to be crucified upside down. That’s what the Bible says. You got to be ready to be willing to be mocked and hated. That’s what it means to have a relation with Jesus. You are an anathema to Satan’s world. When he sees you, he gets angry like a gremlin in Starbucks drinking their caramel macchiato. They hate you. A real Christian is working for the establishment of a real Kingdom that is hear, that will come on earth.

Oh, my goodness. Did you see First Lady Melania Trump in Florida saying the Lord’s Prayer before the event? You see, they’re listening. They’re listening, folks. Trump is listening. Trump is listening. Read the Bible quotes every day on Twitter. Come on! You got fifty million Twitter followers. Bring back the culture of Scripture. Bring back the culture of the Word. Bring back the culture. My goodness! They were up there at the rally, and he said that he was actually surprised; and, he didn’t know about it. It was something she actually did; and, she’s up there saying, “Thy Kingdom come, thy will be done... For thine is the Kingdom and the power and the glory...” Everyone was praying this, together. They’re changing the atmosphere.

You know, when Hollywood sees this, when Madonna sees this, she’s like, “Ahhh!” You know, when Meryl Streep sees this, she like, “Ehhh!” “I need some Botox injections, now, honey! Call the doctor, now. I’m melting. Hurry up you, stupid butler.” These people are sick; but, we got Melania Trump, the First Lady up there just smashing it with the Lord’s Prayer. Just smashing it like a lioness. Knocking it out of the park. Just smashing it; and, Trump is up there just clapping, saying, “Wow! That’s great!” Amazing!

See! The battle is now coming to the forefront. You can see the Leftists are in a spiritual battle; and, the Satanists, led top level of real Satanists... Isn’t it strange that they are hyper, hyper, hyper, mega, mega, mega focused on eradicating Christian culture. Why do they all want only the Christian culture? They don’t seem to care about the Jihadi culture. They got no problem with Sharia Law, which is the most suppressive to women in the world in the history of mankind. They got no problem with that. They’re the tolerant ones. Do you see this? They’re the ones who accept Sharia Law, ladies; but, they have a problem with Christianity. Do you know why? They are of their father, the Devil. They know Jesus is real. They know the Lord of the Second Advent is real. They know his Kingdom is coming; and, they know that is the greatest threat to their existence, because it is an actual spiritual war.

It is an actual spiritual war. But, look at this? The Bible says in Acts 8:12 **“preaching the things concerning the kingdom of God, and the name of Jesus Christ, they were baptized, both men and women.”** They were being converted, being changed. And you can see, as we continue to preach the Gospel of the Kingdom, people’s hearts and minds are being to changed, not only spiritually, not only coming in contact with Jesus in the spiritual, they were also coming in contact with Jesus in the physical, realizing, wow, “I got to stand up actively and politically against this evil. I can’t just stand here and be deactivated. I can’t just stand here and be passive. I can’t just stand here and be impotent. I got to stand up against this evil that is a living beast.”

Boy, on Friday, I was in another dimension. It was crazy. It was warfare, okay. You got forgive me for freakin' out on Friday, but you got to understand the name of the game. That's just how it is, okay. We are in a spiritual battle here. **“preaching the things concerning the kingdom of God, and the name of Jesus Christ”** It is also a spiritual battle.

Everytime Trump and Melania gets up there and says the name of Jesus, Starbucks will shiver. Starbucks gets a chill. Everytime, they say the name of Jesus, Michael Obama, I mean Michele Obama grates her teeth. Snaps her jaws. Everytime they (Donald and Melania) same the name of Jesus, okay, Madonna and Meryl Streep have to call and cry to each other, “Eww! Did you hear that? Donald Trump said Jesus' name. Ahhh!” They stick out their forked tongues, too. They got to howl into the night and go have sex with werewolves, whatever they do. It's just despicable. You understand. These people are from the pit of Hell. They are possessed by Satan. They have sold out their soul to the Devil.

Why don't you hear Pastors talking like this? That seems weird. Why don't you hear the body of Christ talking like this? The body of Christ is weird. It's not... Don't look at me. I'm not weird. Alright! It's the body of Christ that's become weird. We can't call evil, evil and we can't call good, good? That's why, of course, the Gospel Kingdom has not being preached; but, Everytime it's preached, the more and more we speak...

The young people ask me what shall we do? I keep saying, “You got to activate your voice.” You hit Satan from every which angle. You ain't got to do it in some centralized way in some kind of packaged curricular way. You can do it in your own way. If you're an artist, say you got art. You can analyze these different artists and say, and also analyze their views, politically, and how they use art to try and use to brainwash the Lefties. If you're a funny person, just follow your nature and do a comedy show, and whack those Leftists. Mock them. Get out there and do stupid stuff. This is how you smash Satan. If you're an intellectual, you can do it an intellectual way and dissect it. You can read papers. You can do anything. If you're a Journalist, do it the journalist way. You can do it in many different angles. You do it in what God gave you. The point is ready, fire, aim. Don't ready, aim, fire. Stop saying ready, aim, fire. Ready, aim, fire! Oh, I'm aiming, I'm aiming. I'm just trying to make sure it's going to be okay. How long have been making sure it's going to be okay? You've been trying to make sure over the last four years. Ready, fire, aim. Fire, and God will help you with the movement of the Holy Ghost and tailor your thing to be most effective for His glory.

And so, these young people will try to go back and try to create your own Youtube channels. See! That's the Devil. Whenever you want start, the Devil wants to make feel weak and impotent and think you have no voice, and wants you to say, “Look! You only got two views on Youtube. Ha, ha! Ha, ha! What a loser. You put all that effort into it, and you only got two views. Pthth!” That's what they want to do, right. They want to scare you, and socially pressure you say, “Maybe I should give up now. Maybe I should just stop;” because, he can see the potential.

He sees if you keep working on it, you keep going with it, you already shot the gun; so, if you keep aiming, but allow God moving and shaping it for His own glory, then it has the potential to reach millions. But, he doesn't want you to get started. He says, “Look at that Youtube. All that work and I only got two people. I'm not really making a difference.” You got to turn that around. You got to say, “These two people will try to move God, and the world, and destroys Satanism.” You see, that's the mentality you got to have; but, the Devil is always trying to put us into a cave. He's trying to put us in a corner, trying to slam us into a little box; so, we are not able to see what God can do with this.

That's why it's important. The important part is to get moving on it. To get activated. Open your vocal chords. Open your mouth and proclaim the Gospel. That's the point. To get it out; because, once you get it out, God will tailor it to how He wants it. God will get ahold of it.

Let's go see some of those pictures from Korea. Do we have video as well? Okay! So, when General Mattis came to Korea, all our Sanctuary people were activated in Korea. We got hundreds going to the street. We were in front of the US Embassy Building. We were in front of... How many buildings were we in front of? Anyways, we were in front of many, many different buildings, governmental buildings in Seoul and different parts of the country. We had these big signs welcoming General Mattis. Remember this? Within a week, we made international news. It was covered in the LA Times. It was covered in national news, of course, throughout Korea. KBS, all those major broadcasting companies; and, our Sanctuary people were out there showing the way to invite and welcome General Mattis.

Now, I heard just two days ago, Mattis, from his Facebook page got into contact with our Sanctuary people; because, our Sanctuary people were saying "Hi!" to Mattis. On the third demonstration that day, he drove right by them; so, they had pictures of him with the car passing by, etc. etc. And, they had all these signs with pictures of Trump and pictures of Mattis. I mean, who's doing that? Nobody's doing that in Korea, okay. Then, they were out there Korea. Ask the secretary on General Mattis' Facebook page asking our Korean Sanctuary people for permission, if they could post out pictures on his Facebook page. Now, General Mattis has our pictures on his Facebook page supporting and welcoming him. The Revolution has now spread to East Asia, folks.

See, they want to make you feel weak and powerless, and that we're just a couple of people in the wilderness. We're changing the dang world. Ain't nobody doing this in Asia. Nobody's standing up against the Chicoms right now. Even the entire Korean Conservative Movement is not really conservative. It more of an establishment conservatives for the RNC, which is there for big government; but, they're the core conservatives. Everytime they're in power, they just grow it. It's the same party duopoly. The same Korea. So, the Conservative Movement in Korea is not really conservative, okay.

It's only our people. So, it's organized like this: The Million-Man March just to make the citizens feel like they have a choice. "Oh, we had the Million-Candlelight March here in Seoul, and that was supported by the Leftist. "Oh, then we got to do the Million-Man Flag March; and, they were out there with their little flags. So, the people think, "Oh, I guess we have two sides to choose from." No, that's not true. It's the same dang side. It's the same stinking side. You understand? It's the same thing. They're funded by same central banks. They're funded by the same provocateurs. They just grow the government in different ways. One is a welfare state, one is a warfare state. The same in America. The problem we have here, it's the same system. Nobody's out there. Nobody's out there with this, which means Korea and America must go together.

What does that sign say? (Translated by Hyung Jin Nim) "It is the final moment down to the last straw," so to speak, right. America and Korea must build an alliance. "They must go together for the sake of Korea's safety." That was one the placards. Another placard they had was, "America and Korea Alliance must become stronger; otherwise, we will become a vassal state to China," okay!

There is nobody in the Conservative Party. You see Million-Man March with the Korean flags. Nobody's carrying an American flag. Nobody has a picture of Donald Trump. Nobody had a picture of General Mattis, except the microcosm. Except the Sanctuary people saying, "No, no, no! We can't do this alone."

We have to stand with Trump, right. Trump is already connected to the Three Kingships. He's already connected to Cain and Abel. Already, he's on the sovereignty side. It's already connected on the micro and the macro. We have to stand with Trump. They're the only ones doing this. Just like they got the direction that Father spoke to them on God's Day. They got direction, they got fired up. They got the baptism of the Holy Fire in the spirit, and they went back and said, "We've got to fight for our country. We don't do this now, we're going to lose this to the Chicoms. We're going to become sluts to the Chicoms, and all our daughters are going to become this big bosses hos." That's what's going to happen. We have to fight for our country, and fight for future, and fight for our destiny. We might as well do Hari Kari, now.

And, they went back, and they did not even return back to their homes, yet. The Koreans went out, and they heard that live broadcast; and, they went out on the streets within a couple of days, even while their main leadership was still here with us making international news with the LA Times.

Now, this week was a massive, massive Million Flag March through Seoul. We have video on that. Let's play that and see what happens. Okay, there's Rev. Lee right there. There we are. See it? See the flags there. See the Tongil flags and the American flags? Okay! Where's the NBC video? Let's stop this video. Where's the NBC video? You've got that NBC video? The NBC video has the live footage. Of course, one of the main images is that banner there, holding our sign up, walking through the streets with them. They pan away, and there's millions of people with them.

This is what's so key. The microcosm must lead the macro. They must show the direction. The Korean Conservative Party has got no direction; and, it was it was going to be totally engulfed into the Leftist Party, which is now growing, okay; but, because of God's hand, and because Father loves Korea, his people got activated, and started standing up, basically training the spirit of God with the Conservative Movement. We don't just stand with them; but, we must give them the spiritual direction with a way to go forward, and they were doing that. This made national news this week, which was broadcast live on NBC nationwide, folks. Let's give a big round of applause of encouragement for our Korean brothers and sisters there.

They're doing it like every week. There's nobody else out there doing this stuff. You got the NBC. Alright look at that. Play that. See! This is no joke. This is revolutionary. The Revolution is spreading. So, you can see how many people are there in this video. This is like two days, ago, in Seoul. So, you can see, there's like hundreds of thousands of people out there. Do you see, it's like an ocean of Korean flags? Do you see that? Look! There's one Brazilian flag. I don't know what that's about. There's an ocean of Korean flags. This is a problem of only Korean flags, because they are disconnected from the microcosm. There disconnected from God's Kingship, from God's Kingdom, and their sovereignty candidate.

So, you can see the nature of this video is Korean flag and Korean flag, which is predominately that kind of thing. Do you see that? Do you see those American flags? There you go. No look. That's us. That's us right there. We're leading the march. We're leading the march and the Revolution. That's us right there. Those are our people, and look at the signs up, and the millions of people behind them. (hundreds of thousands of people) Folks, this is no joke. We ain't just playing around. Do you know what I'm saying? We're not just some lunatics in the wilderness. This is worldwide. Do you understand? The micro and the macro is connected worldwide. Do you see what I'm saying? Look at that? Those are our signs right up in front. All the media is right on them. Those are the ones that are saying, "If our alliance breaks, we will become a vassal state to China."

That's interesting. We just saw this last Thursday at our international meeting. They showed these placards. We saw this on Thursday, and the very next day, Boom! It's on national TV, because their Movement is off. It has become a total farce. It's faking. It's faking. It's like pro wrestling; so, people think they have a choice. They don't have a choice. They must get on and connect with the microcosm. If Korea doesn't do that, it will never fend China off. They'll never be able to fend China, and all that power off. It must stand with Donald Trump. It must stand with America. It must stand with the micro and macro. They're connected right here.

Nobody believed us, when we said Pennsylvania would be the turning point. Nobody believed us, when we said North East PA would be the turning point that would give it to Trump. Nobody believed us, when we said Trump was going to be President, when we supported Trump from the beginning. Even the Conservatives thought we were nuts here. I remember talking to some of the leaders in the Conservative Movement saying, "Oh, my gosh! Trump!" I asked, "What do you guys think about Trump?" They were like, "Oh, my gosh! Give me a break!" Like this. They were doing this. The whole Conservative Party was for Rubio and what was the other guy? – Cruz. Total Globalists. Total CFR people. Total wicked; but, look at that? You see our people. You see our flags are right up there in front? Do you see out Kingdom flags? There right up there in front. Man, where is this coming from. Do you think Mattis and Donald Trump are fools. We got the largest surveillance apparatus in the world. You don't think they know who this is connected to? You don't think they don't know? If you don't think they don't know, you got some screws loose. That's all I got to say. (Laughter)

Now the Revolution is spreading to Asia. All of this happened last week. All throughout Japan, even though NHK is not covering it, because they know. They know, Rev. Erikawa and all throughout Japan in front of Embassies, in front of main government conciliates buildings in Japan doing these kinds of demonstrations.

So, we see it moves so fast, folks. This is what I was ranting about on Friday. It's too intense. You know what I mean? It's such an intense battle. It's such a metastasizing, cancerous beast. We see it's so insane, so insane. I want to cover some of these main stories from the last few days. It's so important to understand and to see what the heck is going on with the Devil and the archangelic system. What they're doing. Trump was there on Friday, I believe it was, Friday. Sorry, it was Thursday in his first made an enemy of the media. You're the enemy to the American people." That's what he said. It's a quote. "You're the enemy of the American people."

I mean, he just totally exposed them. There so use to being cuddled and told around, "Oh, yes. We worship you CNN. Thank you for covering us. Thank you." Donald Trump just slaps them around. He says, "I'm having a great time, a great time. I'm having a great time; and, you people are going to write tomorrow, Oh, Donald Trump rants and raves; but, I'm having a great time." That what he said, right. He's having a great time making them, you know, humbled. Humbling them.

But, it's unbelievable. "Trump vows penalties that outsource American jobs." From the Washington Post this week, Tucker Carlson was arguing with Washington Post, one of their major writers. He was just smashing him. Tucker Carlson is phenomenal. Anyways, he used to wear a bowtie. He's got to bring that back. You know, on The King's Report, you see a bowtie, once in a while. Tucker Carlson was whooping that Washington Post, I think one of the editors or something, or media journalists or something, who's supposed to unbiasedly cover the media, and he was just ripping him apart. Okay, you're trying to say that you have no problem with the Washington Post literally running Russian propaganda, Russia pays

for to do actual ads in your paper. You take money from Russia, and you want to say Donald Trump is a Russian hack with no evidence.

Hello, do you understand your paper is actually taking money from the Russian government. I mean, these people are lunatics; and, the people that follow them are even more braindead. They can't even handle the fact that Washington Post is literally is literally getting paid by the Russian government to do full page ads about Russia and the Crimea, Russia and Ukraine, Russia and blah, blah, blah. Whatever they're doing, it's paid by the Russian government; and, they even put it in their paper. This does not express the views of the Washington Post; but, they still take the money from them, don't they, where they got no proof of Donald Trump dealing with the Russians, no proof of any of his chief advisors, Bannon, all the top guys, Flynn.

They got Flynn out, because of this huge scandal with Flynn. He did nothing illegal. General Flynn did nothing illegal. Obama was kicking out sixteen plus Russia diplomats, and he was the new, coming in National Council Advisor to the new, incoming Presidency; and so of course he's going to call the Russian ambassador and say, "Hey, guys! We're not going to treat you like this. Just hang on and will negotiate after Obama's out of office;" because, he's trying to start World War III with them. Of course, the National Security Advisor's going to call, or at least tell them, "Hey, hey! We're not here to kill you. Don't worry, we don't want a war." Of course, and the transcript came out. He didn't do anything illegal. He didn't talk about sanctions. All he said was, "Oh, we'll plan a meeting for sanctions, after, with the President." Well, they got him out for that. Why did they get him out for that? Top intel from Robert Steele, who was ex-CIA, who had connections all throughout the intelligence community; and, he was saying that the reason why he saw why Flynn got fired, was because Flynn was going after the pedophile networks, and we know the killing of children, the murdering of children in the pedophile networks are the cornerstone of Satan's organization. Cornerstone.

Flynn was going after them, which is the reason you saw 474 people get arrested in California about three weeks ago; because, they were doing child trafficking in California. Also, we saw Jerry Sandusky's son in Pennsylvania last week got arrested. He was running the pedophile ring with Jerry Sandusky, right. He got arrested last week. See, they weren't getting arrested under Obama. They weren't getting arrested under the other RNC people. They're now starting to get arrested like wild fire under Trump; because, Trump is going after them, because he's not part of those pedophile rings; but, what were they saying? Robert Steele, who was ex-CIA was saying Flynn had a whole list of people, and one of those people on that list was connected to Vice President Pence, and he was saying under Reince Priebus, Chief of Staff, was also connect on those pedophile networks, and Trump has got to get rid of these guys.

This is the reason Reince Priebus was trying to bring in all his friends from the RNC to become ambassadors in the Trump Administration from different nations; because, he wants to saturate it down with so many people from the pedophile ring that it was like, "Oh, crap! Trump's going to be like, Oh, my gosh! How am I going to fire all you guys? It's going to make me look really bad, like really bad." Do you see what I'm saying? How he was going to play this? At the same time, he's got to have the RNC support, because he's got to push things through. He's got to bills paid. He's got to get things past through the Senate. He's got to get things through the House.

So, it's like he's in so much trouble. It's like Civil War, folks, right now. We got the Judicial branch in the Ninth Circuit Court out in there in Seattle. They literally stopped the Executive Order. Then, what

happened? Over five hundred refugees from most radical areas have already poured in by mass speed, because the court has stopped that order there. They're just letting them pour in.

They're mobilizing their troops. It was unbelievable, that interview by Robert Steele. Unbelievable, because he was saying, as soon as the weather gets warm, even in America, we're going to see the American Spring. George Soros is pumping money into it. Obama is two miles from the White House in his Bunker House organizing thirty thousand rioters of community organizers and organizations. Get ready for the American Spring, literally, to start the physical Civil War.

This is an ex-CIA operative; and, he's saying he already has a memorandum on the President's desk explaining all these things. Unbelievable, because, I was so shocked to see that interview; because, at the same time, he also says, "But, they're patriots in the intelligence community, and the military who know, and they're saying within 180 days Soros will be gone. When I heard that I said, "Woah!" Do you know what that is, folks? That is an open threat. That is an open threat to the kingpin. They are literally saying, "Okay, the good people in the CIA, and the good people in the Government, we're going to kill you, Soros." That's what they're saying. So, you literally have 180 days. Now, time is clicking. You literally have 180 days, and Donald Trump is under the most danger, now; because, Soros knows before he gets whacked, he got to whack Donald. This is not a joke, folks. We heard this. Kook Jin Nim has been talking about this in the Freedom Society, right. At the top level of power, it's all about, "Hey, I kill you, or you kill me." At the top level of power, that's all it's about.

Threats, real threats. They talk about foreign policy that's night on CNN, all these things. All they're saying is, "You do that, I'll kill you. Hey, you do that, I'll kill you." That's all they're doing. In the top, it's about murder. In the top, it's that cross-section. It's that intersection between murder and money that they are controlling. It's not a pretty world. The fact that the world is ruled by these people is real. We are in so much danger right now; because, not only are they planning a hot war acquiring more fire arms and things like that, they are actually trying bring this hot. That's how Soros did it in Ukraine.

Try to plan for the American Spring, now, because it's coming. They are literally, now, being threatened by the Abel side. "We are going to kill your main guy, then." Your trying to assassinate Trump. Your trying to get your people make it okay. He's a Russian. He's a Russian spy. Donald Trump is a Russian spy. Give me a break! The guy doesn't know how to spell spasiba. What the heck you talking about? Trump's a Russian spy. He may own gold things; but, he doesn't own a gold hammer and sickle. What is wrong with these fools. Talking about he's a Russian spy, because they want to normalize the fact, he's some kind of domestic enemy, and now have the CIA operatives like Evan McMullin on CNN this past week. You guys saw it on The King's Report. This past week, on CNN, talking to the host telling her, "Well, I think the people in the intelligence community should see the President as a domestic threat; and, they have an oath to the Constitution to protect all threats both foreign and domestic. They're saying this publically, folks. Do you understand what all these public innuendos mean, when they say these things in public? It means, we're going to freakin' kill him. That's what it means. At the highest level of power, it is about murder and money. We are in such perilous times.

That's why Friday I was ranting, "I can't go to sleep. I can't sleep, right. I was a crazy, lunatic man. It is so unbelievably tense, there is a war going. We have to be activated. We have to be... You know, some of you heard that broadcast, and you were smashing Satan in your own way. All those small things make a huge impact. Look at Asia starting to get flipped over. You understand. The micro moves the macro. All the little things that we do have a major impact. It's like a little pebble dropped here. That ripple goes

far out. We may not see it, but we are actually fighting the literal kingdom of Satan, because this is the center. This is the center. It's not that this center got Donald Trump over the top and made him President. No. It's a center of God's Kingdom fighting Satan's Kingdom. The Center. You are at, what is that? Ground Zero. That's kind of crazy, okay. That's kind of crazy. You are at Ground Zero, folks.

Unbelievable. You see this? Pope Francis coming out and saying, "Muslim terrorism does not exist." Pope Francis. The whole Catholic Church has been caught in Pedophilia and pedophile rings, working with the CIA, smuggling money for the Vatican Bank, and International drug laundering. I mean, just unbelievable crimes. Let alone the whole sex cult, and the raping of the Nuns, and the pedophile cults that caught in the West. They got caught, here, in the West, okay. The Asian people don't know that. We're talking about that with them; because, they got such a reputation. They pumped so much money, they have a reputation there; but, they caught got caught here in the West raping little children, especially little boys. And there you are, Pope Francis saying, "Muslim Terrorism doesn't exist." Just let them pour into your nation. There's no danger. There's nothing tying all these radical people together. There's no common stream. No common stream. No, no, no. No common stream. "We have to investigate the similarities between these things. Okay, we done the investigation. What the conclusion? There's no common stream. There's nothing that holds them in ideologically in common. No, nothing."

Now, we on The King's Report should David Woods work, which is totally powerful in exposing the reality of the orthodox view of the Wahhabi view, which of course Saudi Arabia funds these Jihadis, and funds the Arab Spring. You remember the Arab Spring. They promised freedom would come to the Middle East. Remember that? CNN was saying, "Woah, freedom is coming?" Remember that? What happened there? Now, you got a Muslim brotherhood that's connected to what? They're connected all the way to Saudi Arabia. They're connected with the Wahhabi Movement. They're connected with ISIS. They just got more powerful. They just took over the Middle East.

The Arab Spring, you heard about the Ukrainian Spring? How did that work out for us? We got a neo-Nazi who almost made us go to war with Russia. Insane! And of course, the American Spring, which they are planning right now. Remember, when they got caught by James O'Keefe and the Veritas Project? Remember that? They were getting caught with the DNC leaks and the DNC organizing the riots, and the DNC organized bus planning. Remember all this? You guys saw this with your own eyes. They are mobilizing now for the American Spring, folks. You see them mildly rioting in pockets, as they're testing this program, as the weather gets better? Maybe, that's why I like the cold; because, as the weather gets better... I didn't know that. Maybe that's spiritual. The Predators are all asleep in the winter. You can relax a little bit. Lord have mercy! When it gets warm again, dang you don't want a lion or cougar running around here.

But, they are planning those things, and not only are they making a normalized, say in the West, Donald Trump needs to go away. Somebody needs to do something. Remember the other day, you saw it. You had Steffen Miller, one of Donald Trump's friends. He's a Jewish guy, totally anti-Semitic. A Jewish guy with his head on a pole, and they're laughing about it on Comedy Central. How come nobody's calling them anti-Semitic? A young Jewish man's head on a pole in Comedy Central. They're normalizing violence. They're normalizing the idea that you should punch Nazis, and punch anybody who supports Trump, or you kill Trump, himself. Assassinate him. Get rid of him. Nazis don't count for life anyway. Ha, Ha! All of these "tolerant Leftists." They're so tolerant, and they're so educated, and they're so trendy. Unbelievable.

This is the man, Robert Steele, who said those unbelievable things. He said, right now, that his memo is on the President's desk, right now, who the main players are; and, now that they're organizing, and now organizing the riots that are coming.

Milo, of course, will be leading the CPAC, it looks like; but, here. Look at this? "Melania Trump begins the Melbourne Rally with the Lord's Prayer." Yes!!! After we do Ninja training, we do the Lord's Prayer; because, it is becoming out battle prayer. That's incredible. Anyways, so many insane things going on. You have to understand, folks, at the highest level, "I kill you, or you kill me." Or "If you say you kill me, or I'll kill you." All these things you see on what do they call it? The sanitized version, the ex-CIA talking on CNN with the host. "Oh, yeah! We think Donald Trump is a domestic enemy." That is an open threat, an open threat, that they will revolt against the Presidency. You have the judicial power, literally, taking over and banning Trump. This is not a simple situation, folks. The news wants you to believe it. We are in Civil War right now. There is a war that is waging that the normal person cannot see it; but, those with discernment, and those with spiritual eyes, the fire of God within them that yearns for true freedom, and yearns for His Kingdom to come, can see through their speech, can see through what they're saying, and understand, folks, we are in perilous times. It's not over, just because Trump is in. We are in tremendously perilous times. We need to be praying more harder than ever. We need to get on our hands and knees and repent more harder than ever.

We need to be activated. We need to be broadcasting on our Youtube channels. We need to be voicing our opinions. We need to be preaching the Gospel Kingdom. We need more than ever, folks, because, that small condition, you see it in National news. Those small conditions by Sanctuary brothers and sisters, just like you and me, there out there on the streets. There doing it. That small conditions, is igniting, igniting the direction where Korea should go, which they didn't have three weeks, ago. They didn't have a direction. All they wanted to do is wave their Korean flags. What are you going to do with that? China is laughing at you. No! They need a clear direction. They're standing at the macrocosm level. Their direction must be with Donald Trump at the macrocosmic; but, how did God organize this?

Even though we lost all this, we lost the Washington Times, we lost Siege Times, we lost all that; but; still, God made a way out of no way, because we didn't sell out on our Father. We weren't little sluts; and, he connected all these kids, even though they thought we were nuts. When we were talking about God connecting the micro and the macro, and Donald Trump's connection to this, then they saw the pictures, and they said, "Holy Crash!" Dang! Wow! That's crazy! It is crazy!" That's the type of unbelievable times we live in, folks. Now, more than ever we need to pray for this country. These people who are in the military, too, who are trying to stand up against this wicked evil. We know that Donald Trump has to use this apparatus in the interim, but, in the end, he's got to get rid of it; because, in the end, this is propped up and run by the pedophile rings. That's where we need to stay in the end. In the end, Donald Trump is waging war on these pedophile rings, and he's closing down on them. No longer will humanity be ruled by the pedophiles. Those who want to hurt and destroy innocents, and what to rape and ravage and cannibalize it. We will be led by those who are in the spirit of God, and those yearning for Him and His Kingdom; because, God's Kingdom is coming, and those Satanists, they know it. They know it. That's why they're ranting and wailing, like our Scripture said. As we saw, they are wailing.

So, this is what Donald Trump needs to do. He needs to do like he did in Florida. He needs to keep touching the ground. He's got to get out of that dang White House. Stop staying in there. That's where they want to keep him; so, they can bully him, and threaten him, and kind of pressure him, and say,

“Hey, Hey! You want something to move in this DC city, you better listen to us. You better bring in our pedophile ring people. You better not come after us.” He’s got to get away from that, and he’s got to get back to the people and he can feel the energized people, even though Christian or not. They know something. They’re connecting with the Spirit of God, with the Spirit of liberty, without them knowing it. It’s like the spirit of the Age. They’re getting connected to voice inside saying, “We can’t be run by this kind of evil. We need to stand up against this.” We need to be something different.”

We need to be... they don’t know about the Kingdom. They don’t know about the Kingdom. A lot of them don’t; but, they know in their heart, they want a good country. They want some place that’s free. He needs to be there with the people. He needs to be going around, even though they’re trying to kill him, and trying to assassinate him or shoot him. He needs to be out there touching the people, feeling the electricity and energy that with these people; and, he needs to be starting these rallies with the Lord’s Prayer, and he needs to be quoting Scripture, and he needs to be Tweeting out the Bible verses, and he needs to be calling out the Devil, and he needs to be standing up there quoting from Matthew 11 and 12, and Mark 4. He needs to be preaching the Kingdom Gospel. He’s got to be out there, waging war on Satanism; because, in the end, all these pedophile rings, all of them, all the major big blocks of power in collusion with the archangelic demonic power on this earth are connected to one being, one father of lies. That ancient serpent, the father of lies, the demon called Lucifer; and, when he can expose that and bring that into focus, he does have to say you’re a Satanist, he doesn’t have to do that. He needs to keep on bringing back the Word as part of our culture. He needs to just keep bringing back the love of Jesus Christ as part of our culture. He needs to start saying the Lord’s Prayer: Thy Kingdom come, thy will be done. Forgive us our trespasses. Forgive us our sins. You know, we have sins. The nation has to keep repenting to forgive us of our sins, right. As we forgive our debtors, lead us not into temptation, but deliver us from evil. For thine is the Kingdom, and the power, and the glory, forever and ever. Amen and Aju!

This is the prayer he needs to pray. He needs to stay in touch with the people. He needs to keep getting down to the ground. The more he’s concentrating in that hornet’s nest of Washington DC, the more he will feel like he’s cornered, the more he will feel he’s in a bird’s gage, the more can feel like he can be bullied, the more leverage they can rake on him, twist his arm this way, and twist his legs that way, the more he gets out the less control, the more the media gets weakened, the more these pedophile rings try to bully him, threaten him, can grab him. Now you know why Father was moving around all the time. He’s got to be moving around and be talking to the people on the ground, doing 80,000 stadiums, and going where the people can yell “Trump, Trump, Trump. CNN sucks!” He’s got to bash the establishment. He’s got to keep on touching the ground, and be with the people energized and mobilized him to get to where he is now; because, in his promise he said, “My promise will endure.” He said, “I will do what I’m doing. What I promised you.”

He started it. He already started it at breakneck speed, historical, unprecedented, never ever seen before; and, that’s why they want him dead, folks. 180 days. The threat has already come out from the CIA to George Soros. 180 days to live, means Trump has 180 days to live. Do you understand that. You see how that works? When that kind of big power block gives that kind of threat, that means the President has 180 days to live; so, we better be praying for him. We better be getting on our knees and repenting. We better be doing all we can to get activated, and get up on the streets, get up on the broadcasts, and just raise your voice for the Kingdom; because, it’s now or never, folks.

Springtime is nice. It brings wild flowers and beautiful weather; but, it also brings the Predators out. The demons come out. You saw what happened in the Arab Spring. You saw what happened in the Ukraine. You saw what happened. Their announced, they're going to release this in the Americas. We better be ready for it. We better not be blindsided. We better know at the top, this is a battle for the soul of humanity, the soul of this world. Are you in, or are you out in this epic battle against evil and Satanism? We are all in to destroy you Devil; and, you will die.

Okay, SOS come on up. We need to praise God, now; because, it is only by God we get the power, folks, only by God. Let's look at Cheon Seong Gyeong, page 294:

**If Adam and Eve become the lord and lady of the family, the kingship of the family-level heavenly kingdom would have arisen. Thus, Adam and Eve were to become king and queen on the level of the individual, family, tribe, people, nation, and world. Since we have reached the time when we can go beyond the national level, we can go beyond the kingship of the satanic world and establish the kingship of the heavenly world.**

Let's all rise and give glory to the Lord of Lords, and the King of Kings. Praise his name this day and lift him up. Amen, Aju!
