

Kingdom of the Rod of Iron - Chapter 4

Hyung Jin Moon
February 11, 2018

Before we get into our Scripture today, before I do that, I want to show you some pictures of what's happening in Korea. Now, for the first time in Korean history, since the War, or I don't know, maybe in modern history, South Korea under a Commie Moon, Moon Jae-In. He's a Communist. He's got some of the people in his cabinets. They were actually Communists in college. They were in the Communist Party. They were college students, who were in campus groups, and he has these people running the country, of course, the country into unity; but, that song we sang about unity, it's not about satanic unity or political Satanists. It's talking about God's Kingdom unity. Okay! Kingdom of Sovereignty and natural rights, etc. I'm talking about this kind of thing. They chose UN blue. Look at that?

I don't have any problem with sky blue; but, that blue has been hijacked by UN. That is a sanctified Communist organization. They use the blue to hide the fact that they're red, okay. That they're red Commies, alright, and look at that. They're doing the One Korea thing. Of course, that's not going toward political Godism. That's going towards political Satanism. And of course, the Olympics is becoming a platform, too, of course brainwash young people to believe that just hanging out together with the Commies is going to make everything good. No, they are going to start taking you over. That's what's going to happen, alright.

And look at what they're doing? This is a North Korean delegation come down to the Olympics. They have faces of Kim Il Sung in South Korea. They are doing this on national TV, do you understand. The whole cheerleading troop that come from North Korea, they brought pictures of Kim Il Sung, put them on their face like that, and they are celebrating their team and their "One Korea." The invasion, already, has begun. Moon Jae-In is busy saying, "North Korea, come on down." It's already begun. Hey, we got some of our Korean young people here. You got to follow our sister here on Youtube. Her channel's blowing up. She's becoming a powerhouse in the millennial female voices. She's the only one out there. She's the only one talking about gun rights for citizens. She's the only one, and she's got like 88,000 views on some of her videos. I mean, people are connecting. People are realizing these Commies mean business. They mean to takeover, is what they mean.

So, we got some real good young people that are breaking through. We got another Korean team out there, a YouTube team. Media trap. Did you see that rap video I posted on Facebook? They had a Korean

rap video. They had a lot of cussing, a lot of explicit content; but, they're doing it to catch the young people, you know what I mean? And it's a rap. They're rapping about the Olympics. They're rapping about how Kim Jong Un is selling, basically, Moon Jae-In is saying, "Come on down." Come on down to the North Koreans, alright. They got like how many views on that? They got like 180,000 views on that, or something like that. It's a song, but they put editing on it. That's our kids, too.

So, our young people are becoming parcel worldwide fighting for freedom, fighting for sovereignty, fighting for the basic human right of self-protection worldwide now. This is happening in Korea. This is happening in the US. This is happening in Japan. Let's give it up for our young people, who are awake. They're in the Kingdom, alright?

But, look at this? This is happening in Korea, folks. Can you believe that? That's like going to an American, what is it, Olympic games. Let's say, we're here; and, that would be like Iran or something, or like Saudi Arabia, whatever, coming to the Olympic games wearing Osama Bin Laden masks. That's how it would be like; or wearing like the Mullahs of Iran masks here. I mean, it's beyond inflammatory, do you understand? It's like wearing a Hitler mask in Korea. I'm not joking. I mean, seriously. But the South Koreans have become so brain dead and dumb down, with the Marxist professors that are training in the West. They go back and spread Marxism, neo-Marxism, social Marxism, cultural Marxism, etc, and the young people think this is fine.

This is unbelievable. You can see, basically, Moon Jae-In is saying, "Come on down. Come on down. We'll let you come on down. We'll let you take over. Just give us a piece of pie when you take over." Complete tyrannical takeover. I mean, it's beginning. It's beginning. Unbelievable.

This of course would have never taken place if the Han Mother did not Fall; and, of course eliminate Father's Successor, Heir, and Cain and Abel. This never could have happened. Never, never, never, because we would be involved in the games. We would be in the back seats being involved in that. There's no way in hell this would have happened. Can you believe it? In fact, South Korea for the first time, they did not present the South Korean flag. They did not present the flag. They came out with this stupid UN blue One Korea, which means one Communist Korea flag. South Korea did not present the Korean flag. That is unprecedented. Unprecedented. That has never happened before. Never.

So, you're talking about some crazy times. You're talking about some Last Days. Boy, oh boy. That's happening real hard. Real hard in the places that have been cursed, with the false Han Mother, and her heresy. The micro and macro move together, folks; and, it is just insane this is happening. We thank all the Korean brothers and sisters, the Japanese brothers and sisters that are out there fighting for the American, what is it? They calling for this American-Korean alliance.

They're out there; and, our banner from the beginning, one year ago, right? If we don't have American and South Korean strong alliance, in just a matter of time, before we become a vassal state of China. That was our banner that was on NBC. You know, the mainstream news. NBC, they have in the US. KBC they have in Korea, right? That was all over the place. That was our people. That was our banner, okay. We were the ones leading the five-million-man march in Seoul, right? And God just used a small troop, a small troop of Father's people. Just a tiny group that turned around the nation. Remember that tiny miracle that happened? They were supposed to go one way; but, then they announced it. Our people were at the back with that banner; but, "Yes, we will be going this way." The opposite way; and, the last one was first, and the first was last; and, our people who were at the end of the line with our banner, they ended up becoming the front of the line. I showed you all the pictures, right? And, we ended up leading that five-million-man march through the streets of Seoul; and, then of course multiple marches they've been continuing for a year plus. That banner has been up in the front. It's just a matter of time before they become a Chinese vassal state, okay; and, now you hear the Korean commentator saying, one year later after we've been doing this year, now the Korean commentator, these people who are the main commentators, the Conservative saying, hey we just can't get people together about American and South Korean Alliance/ We have to remind them about how dangerous this is, and the fact that we are becoming a vassal state of China. Oh, that sounds kind of familiar. That sounds kind of familiar. We've been up on the frontline fighting that for the last year, while the Han Mother said, you know, people are banned to go there, while the Family Fed we're crazy. We were the ones fighting on the frontline, the patriots from Korea trying to stand up for American and South Korean strengthening an alliance under the Commie Moon Jae-In, oaky; but, of course look what he's doing? Look at what he's doing? Unbelievable. Unprecedented.

Golly. Look at that? That is unprecedented. They convinced the South Korean government to put down their flag, and then they allowed them to come in with Kim Il Sung faces to wear during live TV broadcast. Can you... I mean, I don't think you people understand how emotional this is. This is unbelievable. This is like having Hitler's face being presented by, you know, a Nazi group. Seriously. I mean, it's that ridiculous. It's crazy to have this being done in Pyeong Chang, Korea. Insane. Insane. I mean, it's unprecedented. Unreal. Unreal.

But, of course Korean brothers and sisters, and Japan, we made the call out, etc.; and they're starting to prepare, they're starting to prepare to have, you know, different conferences; and, we're looking forward if we can, if Mr. Larry Pratt has time, maybe come out there with us. Tig, remember at the Shot Show, who's the Benghazi hero. We had an awesome time with him. We had a great dinner with him, etc. He said, "Hey, I'll come with you guys. I'll come with you guys." Look, the gun owners and the Rod of Iron folks, they want to fight for human rights. They're not just lovers of America.

They love all human beings. That's why they're out there fighting, risking their lives to fight for freedom; and, they're willing to come with us, to put their reputations on the line and stand with us in all the different countries, to talk about crowned kingly sovereignty, biblical kingly sovereignty, right – citizens – and Rod of Iron sovereignty.

Unbelievable that this is allowed to happen in South Korea; but, it shows you how far they have collapsed. The invasion has begun. This is unprecedented. Unprecedented. Look for more things happening with this leftist government doing all these things/ We're going to do this. What do they call the other country program? Foreign exchange programs. We're going to bring unity. The foreign exchange programs have just begun. Oh boy, the takeover has just begun. Watch. Watch, watch, watch. As long as he gets a little cut, he's willing to sell the whole nation out to Kim Jong Un, and oh my. It's just ridiculous. Incredible. Incredible.

Let's just play this video, and I'll comment on it real quick. CNN, look at this, folks? CNN. This is from Infowars. (Securing their name as the Commie News Network, CNN got roast for raving about Kim Jong Un's sister, who was stealing the show at the Winter Olympics...) See, they didn't show the faces. Infowars don't have a Korean correspondent; so, didn't show that they Kim Il Sung's face to do their truth. They're praising Kim Jong Un's sister. CNN. It just shows how evil and wicked that media is. They're total Commies, ideological Commies they are. They're totally a Commie News Network. Unbelievable. Okay, enough of that. You guys check that video out later. But look. It's just ridiculous. CNN is hyping Kim Jong Un's sister.

That's how much they hate Trump, that they want every nation to go under dictatorial rule. I mean, these people are the enemies of your families, the enemies of civilization, the enemies of your future, your destiny, the enemies of the Kingdom of God. They're complete enemies; and, of course we pray for those who persecute us. We pray for them every day that they would wake up. We don't wish harm upon them, but they bring harm to themselves by believing in these dangerous delusional ideologies would lead them to centralized power, and to bring Hell on Earth. Genocide, you name it. Look at what the Kim regime has done? Are you kidding me. Unbelievable. That's why, folks, we talk about the Kingdom of the Rod of Iron, alright? We're talking about the Rod of Iron, and this is worldwide, folks. This is worldwide.

Alright, we're on the Kingdom of the Rod of Iron volume 4. I hope you've been enjoying the Kingdom of the Rod of Iron series. Let's give it up for Kyle Toffy, and the app that he made. The Rod of Iron Ministries. Isn't that great. Thank you, Kyle, so much for that. You can get your podcast, whatever, and hear the sermons, etc. It's amazing. We were at the Peace Ice Fishing Party. That's where all the top guys in this area come and gather; and, all the CEOs, the bankers, all these guys coming from the whole area. Governor Brown was there two years ago. Mango was there, too. Paul Mango was there at the Peace Ice Fishing Party. It's only by invitation only, and he invites me and my brother, Kook Jin Nim, to go every year.

And, my goodness. We were meeting some wonderful folks there; and, you know, we were just striking up these conversation, and people, they get it. They get it. A lot of people didn't know that True Father was one of the first firearm companies in South Korea. Did you know that? They didn't know that, that we made vulcan cannon, that we made tank parts, airplane parts for the Korean Defense Department. So, it like, no wonder you boys like the guns. It runs in the family. You know, they just start learning about history. They start learning about what Father was standing for. The Washington Times. The know the Washington Times, obviously; but, they don't know why he was so conservative. Why? The UN forces with America leading it, freed him from the concentration camp. That's how he escaped. It amazing to share this stuff with them; and, a lot of them say, "Hey, I know you. I've seen you on your program, and I've seen you on the RodofIron.com. Hey, I know. I listened to your sermons." We got a lot of that this time with all the good folks that were there. And, of course, Mr. Pratt is coming on the 24th of February. Wonderful folks that are coming. I think we got already, 200 people already scheduled to come, right? 250 already scheduled to come. Let's give it up for Tammy O'Brien. Tammy, great job for preparing that. Lourdes, great job. Ted, great job. He was on the news radio talking there. Good voice.

So, all the folks preparing for that. It's amazing. I'm driving The King Mobile. We're driving over to the Great American Outdoors Show, and we're filling up for gas at the Matamoras gas stations, okay. I'm filling up for gas, and this guy walks up on me; and, it's this big white guy, with a red beard. Red head, red beard; and, it's like, "Hey, I know that Jeep. I saw you on Instagram." I said, "Whoa dude. Are you kidding me? You follow me on Instagram. Hey, giving me your cell number." We exchanged Instagram. It's amazing. They just walking up. Kook Jin Nim was going to put like 40-inch tires on that bad boy; so,

everybody's gonna know that Jeep when it's driving around. We are probably display it at the Shot Show next year with golden Tommys on it. Maybe the golden ARs. We'll bring the AR, too, and put it on there and mount it; then all the pictures know that; but, it's amazing how fast things move.

Sometimes, it's a little too quick. I wish it could slow down just a little bit, so I can catch up and breathe a little bit; but, it's like the way I speak, too. I'm not breathing while I'm rattling on and ranting. It's like crazy. People like hear it. It's starting to resonate. People in the gun community are starting to follow us on Instagram, stuff like that. If you're on Instagram, follow us Instagram, too. But, it's amazing how things are just taking off. It's incredible.

Matthew 18. We're here today. We're going to jump through the beginning sections. Let's go through it a little bit, when Christ is talking about the Kingdom Gospel. We're getting back to our study of Kingdom Scriptures. Looking at the Scriptures through the lens of Jesus' own self-defined Kingdom, which is the Kingdom of the Crowns and the Rod of iron, okay.

So, we're looking at it through how Christ defined his Kingdom. How it will be ruled. What it will be like; and, of course seeing the words that he gives through the lens of that, okay. That's what we're doing in this study. Hopefully, it will become a book, etc, at some point. Alright, so we're here at Matthew 18, and let's read together here.

Matthew 18:1 About the time the disciples came to Jesus to ask which of them would be greatest in the Kingdom of Heaven! 2 Jesus called a small child over to him and set the little fellow down among them, 3 and said, "Unless you turn to God from your sins and become as little children, you will never get into the Kingdom of Heaven. 4 Therefore anyone who humbles himself as this little child is the greatest in the Kingdom of Heaven. 5 And any of you who welcomes a little child like this because you are mine is welcoming me and caring for me. 6 But if any of you causes one of these little ones who trusts in me to lose his faith (The King James Version says, "if anyone harms the least of one of these, okay. If anyone harms. That's the closest to the translation, actually. This is a more colloquialized Living Bible Translation. If anyone harms the least of these) it would be better for you to have a rock (or a millstone) tied around his neck and he be cast into the sea.

This of course we can see that Christ is serious, when he talks about, you know, people who are exploiting children, and the super elite groups who have pedophile cults, etc. He's talking about those guys getting millstones, and they get thrown in a lake, okay.

7 woe upon the world for all his evils. Temptation to do wrong is inevitable, but woe to the man who does the tempting. 8 So if your hand or foot causes you to sin, cut it off and throw it away. Better to enter heaven crippled than to be in hell with both of your hands and feet. 9 And if your eye causes you to sin, gouge it out and throw it away. Better to enter heaven with one eye than to be in hell with two. 10 "Beware that you don't look down upon a single one of these little children. For I tell you that in heaven their angels have constant access to my Father. 11 And I, the Messiah, came to save the lost.

We will stop right there. Let's go back to the Scripture. So, in the Kingdom, we're looking through the lens of the Rod of Iron, okay; and, we're looking at the lens of the Crowns. Those Scriptures are right here. Let's go to those Scriptures real quick. This is of course, God is talking about the Gospel of the Kingdom. He defined his teaching as the Gospel of the Kingdom of God. That's Jesus defining his Gospel. You can look at that in the Lord's Prayer that you have to pray.

Gospel of the Kingdom

Matthew 6:9 "Our Father in heaven, hallowed be your name. 10 your Kingdom come, your will be done, on earth as it is in heaven. 11 Give us today our daily bread. 12 And forgive us our debts, as we also have forgiven our debtors. 13 And lead us not into temptation, but deliver us from the evil one.

In Matthew 6:33 you can see, But seek ye first the Kingdom of God, and his righteousness; and all these things shall be added unto you.

Matthew 7:21 Not everyone that saith unto me, Lord, Lord, shall enter into the Kingdom of heaven; but he that doeth the will of me Father which is in heaven.

Matthew 10:7 And as ye go, preach, saying, The Kingdom of heaven is at hand.

Luke 4:43 And he said unto them, I must preach the Kingdom of God to other cities also: for therefore am I sent.

This is one of the key Scriptures here. I must preach the Kingdom of God to other cities also: for therefore

am I sent. I am sent to preach the Kingdom of God and the Gospel, the Gospel of the Kingdom of God, right here. You'll see it right here in Matthew 4:23

Matthew 4:23 And Jesus went about all Galilee, teaching in their synagogues, and preaching the gospel of the Kingdom, and healing all manner of sickness and all manner of disease among the people.

Mark 1:14 Now after that John was put in prison. Jesus came into Galilee, preaching the gospel of the Kingdom of God. 15 And saying, The time is fulfilled, and the kingdom of God is at hand: repent ye, and believe the gospel.

Matthew 9:35 And Jesus went about all the cities and villages, teaching in their synagogues, and preaching the gospel of the Kingdom and healing every sickness and every disease among the people.

Matthew 24:14 And this gospel of the Kingdom shall be preached in all the world for a witness unto all nations; and then shall the end come.

See, Christ himself defines the Gospel as the gospel of the Kingdom. So, he's talking about a Kingdom. He's talking about the Kingdom. That's his Gospel. In Christian theology, the Gospel has only been centered around the death, burial and resurrection of Christ; but, the forget that Jesus himself called the gospel, the Gospel of the Kingdom of God, and thank goodness for the folks out there that do the little cartoons of the Bible. What's that called? "The Bible Project."

They actually have a whole nice little video talking about the gospel of the Kingdom of God. The euangélion of the Kingdom of God. They have a nice little video on it; but, they don't understand the Rod of Iron, the Crowns, etc. That don't understand that whole biblical perspective; but, it's beautifully made art piece, and very, very engaging for young people to look at. Definitely, check those folks out.

Matthew 25:34 Then shall the King say unto them on his right hand, Come, ye blessed of my Father, inherit the kingdom prepared for you from the foundation of the world:

Rod of Iron

Psalms 2:8 Ask of me, and I will give you the nations for your inheritance, and the ends of the earth for your possession. 9 You shall break them with a rod of iron; you shall dash them to pieces like a potter's vessel.

Did you hear that? I will give you the nations, and the ends of the earth for your possession. That's not so we could be greedy. No, it's so we can have, "Love God and love your neighbor. Responsible stewardship of the world.

You shall break them with a rod iron; you shall dash them to pieces like a potter's vessel.

Revelation 2:27 and he shall rule them with a rod of iron, as the vessel of the potter are broken to pieces, as I also have received authority from My Father.

You been to Shot Show. You saw the Kahr Arms Rod of Iron series. Lines that are starting to come out on the small arms, and also on the larger arms, the long guns, etc. That's what he's using right here.

Kook Jin Nim's preparing a beautiful golden Rod of Iron for the Ceremony in 2/28. I just showed you a beautiful picture of that. It's got an amazing peace police/ peace militia logo engraved in there; and, it's got the Revelation 2:27 and he shall rule them with a rod of iron. That Scriptures engraved on the rifle as well.

Revelation 12:5 And she gave birth to a son, a male child, who is to rule all the nations with a rod of iron; and her child was caught up to God and to His throne.

So, we see here, there's a male child who rules. Again, in Psalms 2:8, it says, "Ask of Me, and I will give you the nations for your inheritance. Again, he's talking about those who are coheirs with Christ. Also, they have the responsibility, too. "Break them with a rod of iron.' You see that? It's not only the one person, who will have the rod of iron; it is the coheirs and inheritors of the Kingdom with God and Christ.

"And her child has his Kingship. "And her child was caught up to God and His throne.

Revelation 19:15 From His mouth comes a sharp sword, so that with it He may strike down the nations, and He will rule them with a rod of iron; and He treads the wine press of the fierce wrath of God, the Almighty.

Of course, we're talking about the satanic nations in the end times, and He will rule them with a rod of iron, and he treads the wine press of the fierce wrath of God. So, you really can't get around it. Jesus, himself, defines his Kingdom. He has the right to define his Kingdom. It's not us. It's not our opinion. We don't get to decide what the accoutrements of the Kingdom will be. Christ will decide that.

In Revelation 3:11, "Let no man take thy Crown. Hold fast what you have. Let no man take they crown."

So, we know that in the Kingdom, there are the Inheritors, there are the Coheirs with Christ that remain faithful to him, there are crowns that are you are not supposed to give up, which represent kingly sovereignty, a connection to kingly sovereignty and ownership and inheritance of the whole world as we see in Psalm 2; and, of course we see the Rod of Iron. You can't get around it. You can't get around it, okay.

So, the rule with the Rod of Iron is the biblical rule, is he biblical way that Christ himself defines the Kingdom of God. He, Himself, defines rule of the Kingdom of God, with the rule with the Rod of Iron; so, as a Christian you just can't get around that. You don't get to decide. We don't get to decide what Christ Kingdom will be like. Christ gets to decide. Christ's Kingdom is his Kingdom. Amen!

So, the rule of the Rod of Iron is so essential. So essential. Now, of course, all of you know here, everybody knows her, if you are joining us for the first time watching on line, you may not know what we are talking about; but the real way for the God of love, the God of justice, the God of mercy, the God of goodness, to also rule with a very scary Rod of Iron rule, and still be a God of love and justice and mercy, etc, and still not take away human freedom and free will, which is central to His relationship with humankind, and if you look at the Garden of Eden, He didn't rule that way, meaning He didn't take away Adam's free will. He still allowed them to have free will in God's Kingdom, too, so to, will He allow free will; but, how will you have a God of love, rule with a Rod of Iron seems very tyrannical; but, at the same time, a place of sovereignty, of justice, of mercy, etc, of goodness, and where iniquity is punished, etc, all those kinds of things that the Bible talks about in the Kingdom? Well, you're only going to have that with the sovereignty of the kingly sovereignty of the Crowns, and the right to keep and bear arms with the Rod of Iron. That's the only way.

That's the only way where you going to keep and make peace, and to destroy the exploding crime rates that are happening in gun-controlled cities, controlled by Communists or Socialists, etc. The you're able to actually keep down that crime level, and keep down the bad decisions that people make, which have unintended, sometimes violent consequences on innocent people, the only way you are able to quell that is when you have the citizens, which are righteous and moral and have Christian ethics – love God, love your neighbor, who are also armed. That's the only way. The only way; and, not only do statistics show it, all the cities that you see that allowed for citizens armament, citizens to get firearms, their crime rate goes away. It goes down and goes away. Whereas, the gun -controlled zones skyrocket, skyrocket, skyrocket to the Moon and back, okay. I mean, just absolutely ridiculous.

So, when we look at the Scriptures here, what we're doing is were looking at them through the lens of the Crowns and the Rod of Iron. So, let's get back to Matthew 18. Here, in the beginning section here: and, Christ is saying, we have to be like little children. These are children who respect the King of Kings. They respect his culture. They respect his civilization, okay.

They are willing to learn from Christ. They are willing to follow Christ. They are willing to be a part of his Kingdom and his culture and his civilization. You see how this little child that he's talking about in Matthew 18 is there? And that is absolutely critical in the Kingdom of God, right, to be as little children.

One thing that's amazing in the gun community. You may have a tricked-out AR that's worth five thousand dollars; or, you may have a five-hundred-dollar AR, but you still have an AR, and there's still

respect. You may have a tricked-out Glock. We saw this a couple of those. We saw this at the GAO at the Shot Show. It's amazing. You may have a tricked-out Glock that cost you two thousand bucks, three thousand bucks -- a tricked-out bad boy like that; or, you just may have a standard Glock 17, or Glock 19, or just a Kahr Arms K-9 or P-40, whatever; or, you just may have a super cheapie, which they're always trying to ban, because they say they're dangerous; but, what about poor people then?

What about poor people having access to fire arms? They're the ones may times, who are in the neighborhoods of gun- controlled zones, like Chicago, stuff like that. Then you are saying the poor people cannot defend themselves. You prohibit them from defending themselves. Hey, a crappy gun is better than no gun. You know what I mean, one time you shoot. One time you shoot. You got to do what you go to do; but, it's better than nothing, when there's a violent shooter, and you're a single mom trying to raise three kids, okay. How are you going to protect yourself, when there's three big dudes walking in with huh... you know what I mean? What are you going to do?

So, those kinds of laws just help disarm poor people. Are poor people any less than rich people? Do they have less human rights? Are they not able to defend themselves? So, by banning those kinds of guns that they say are dangerous, and they don't work properly all the time, etc. Colion Noir did a nice piece on that. He did a nice piece on that. You know, shooting the guns that are like a hundred bucks or something. You know, they do jam a lot, depending on the ammo you use and stuff like that; but, they work. Here's Colion say, "Look, if they work, at least they work. You can get a couple of shots off, and that's enough to scare some bad guys out of your house. If you are a single mom, you know, and you're a hundred thirty pounds, and you're raising three kids, and in the middle of night three guys, hoodlums start breaking into your house, what are you going to do? What, are you going to call the cops at that point? You see what I mean?"

In the Kingdom, when you have the power of the Rod of Iron, there's a respect. Whether that's a tricked-out, whether that's a super-sonic, whatever, or whether it's a normal cheapie gun, there's a respect that's there. There's a comradery that's there, because why? We're all part of the same culture. We're also part of the same civilization. We're just there to protect people. Does that make sense?

The single mom, who has a hundred-dollar gun, cause she's poor in the inner-city of Chicago, that's the only one she could access. That's the only one she can get. That Rod of Iron, it could save her life. You see what I mean? If you want to make those laws, and agree with the leftist lunatics, makes those laws to ban those guns, you are disarming a single mom. Maybe she made bad choices in her life; but, she's vulnerable person that is there, and you just disarmed her. You just put her at risk in very high-risk areas, which are of course liberal controlled.

So, we are talking about being part of this culture. Now, the Commies, what do they do? They're always trying to indoctrinate children, to get them scared at an early age, even though the Hollywood movies makes millions of dollars off of fast cars, high-powered rifles, high-powered guns, and these kinds of things; but, then they pay for all the leftist lunatics to go and ban all the guns, so they can have them themselves. That's what the elites always do, okay.

Look at Venezuela. Look at Maduro. Look at Cuba. Look at the Commie networks. All the elitists, they love it. They want guns for themselves. They don't want it for normal people. That's why God's Kingdom is different, folks. That's why Christ is different. That's why he said, the meek shall inherit the Kingdom of God. The meek. Those who are meek, who are humble, good people, but have no means to defend themselves from the predators.

You see, when you see the Scripture, again, through the Crown and Rod of iron, understand sovereignty, understand the ability to be a Crown protector, actualizing God's Commandment to love God and love you neighbor, boy, that Scripture just pops out.

Once this, some of the brothers were showing me the beautiful Scripture in John, where is it? John 18. I don't have it here, but we were talking about it this morning. What is it? John 18:36, and that's where Pontius Pilate is talking to Jesus, and he says, "What kind of king are you?" And Jesus says, "My Kingdom is not of this world, because if my Kingdom was of this world, my followers would fight." He says that. Look at for yourself. He said, if Kingdom was of this world, my followers would fight." You see. This Scriptures start popping out. When you understand the Completed Testament Age, the Completed Testament Scripture, which is talking about real human empowerment, the real Garden of Eden, where the wolves get smashed, just like the potter's vessel. Remember that in the Scripture. We're talking about that the potter would be broken into shivas. That's the King James Version. Shivas. I don't know what the shivas mean, but it sounds cool. Shiva me timbers, or something like that. (Shiva means break into 7 splinters) I think it means splinters.

So, we're talking about this. Look at the Communists. They're always going after the kids, trying to indoctrinate them and scare them. Look, Japan and Korea, you experienced being brainwashed from elementary school on. You've experienced from a young age being told, you cannot handle that power.

You've been told that. Is that true, Japanese and Korean people, right? In your schools. You've never been told you have the power, you have the ability, you're perfectly capable of handling and having the power over the Rod of Iron. You never been told that in Japan or Korea. Is that true? That's true, right?

But, why is that? How come Japanese people are less than Americans? Does that make any sense? They're human beings. They're also made in the image of God. Is that true, even though many are Buddhist and Shinto? They're made in the image of God. It doesn't mean they're perfect. It doesn't mean Americans are perfect, but we're made in the image of God. We're the apex of God's Creation. God didn't say, He's going to give it to centralized powers. He doesn't say he's going to give it to your Marxist, you know, college professors. He said, He's going to give it to believers, to those who stand up and be part of His culture. See, this little child that God is including in, that Christ is including in, in this Matthew 18.

He's including in that little child that embraces the culture of Christ. He wants to go fishing with him, He wants to go hunting with him, He wants to go bush crafting with him, He wants to do things with the King of Kings. Does that make sense? He embraces the culture of Jesus. He wants to hang out with him in the wilderness. He wants to go fight the Devil in the wilderness. Do you know what I'm saying? He wants out with Jesus. He wants to hang out with Christ. Hey, you see?

And do the leftist lunatics do? They try to get the kids young and early. To brainwash them. No, it's too dangerous. Things go bang! It's too dangerous. Things go bang, bang, bang. Ooh, you hear that? Big loud noise. You can't handle that. Can't handle that, child. You see how dangerous. What if you shot somebody else? Well, if they're trained at a young age by their Dad and Mom, they're going to know when they see a firearm, they are going to tell their Daddy. They are going to already have training with their Dad and Mom. They're going to be a familiar appliance in the house. It's not like kids are putting their hands in the blenders every day. It's a familiar appliance in the house; and, as long as Mom teaches them, this is for blending food. This is how you do stuff. That's an appliance, okay.

The problem is, if the kids are not raised in that culture, then they don't know what the heck it is. Then they know that curiosity that kills the cat. Then they want to play around with it. Then they want to play video games, and then they shoot somebody; but, it's because the parents did not include them in that culture and allow them to participate in that civilization of the Rod of Iron, okay.

So, the education then is very important. The education then, the intergenerational transfer of knowledge and education in handling of these things, oh, you're going to see, oh my gosh, you're going to see such a beautiful thing on February 28th. It's going to be a beautiful Ceremony with the Rod of iron. Look forward to that. Beautiful, beautiful. The Chief and all the color guard is preparing a beautiful Ceremony. Also, I'm preparing with the Queen a beautiful Ceremony, etc, and these are very important.

You know, when you handle something with so much power, It's has to be almost like a ritual, because if you mess up, and you handle them improperly, the result of the devastation is massive, right? If you're in your house pointing that thing around, and you got your finger on the trigger and you shoot, that dang thing will go through your house and hit your children upstairs. Do you see what I'm saying? So, controlling that muzzle, right, keeping that finger off the trigger, right, things like that, checking as soon as you get it, you always check. You always check. Somebody said, "I just cleared it." You never believe them. Don't ever believe them. You always check it for yourself. See it with your own eyes. Do you see what I'm saying?

These are like absolutely critical steps, alright; but, now we have a wonderful Ceremony that will bring those in with beautiful. The King and Queen will be doing that, symbolizing husband and wife; and, so respectful between husband and wife; and, so respectful before the King. Oh, my gosh. You're gonna love it, okay. And, hopefully will get some good video on that, too, okay; so, we can make a wonderful video on that, okay. But, just a wonderful tradition is coming out. BTW, folks, on February 28th, the Police are also going to be here, okay. The State Police. Also, the local Police as well. They've come in a talked to us about it, etc. We're already talking with them, too, about it; and, of course, we invite them here. We love having our law enforcement here. How is that? Isn't that wonderful?

They're going to make sure everyone's safe, and everybody's handling responsibly, okay. It's very important, you know. I saw the wonderful Lieutenant out there at the ice fish party, etc; and, these people are our folks. Most law enforcement, 90 plus percent of law enforcement, especially law enforcement, Pike County, Wayne County, my Gosh. They're like a hundred percent pro Second Amendment people, okay. We had a police officer come in. We were talking with him. A hundred percent Second Amendment man. Bible believing Christian, you know; and, Gregg was talking to him about Rod of Iron and all those kinds of things, and they love it. They totally support us. They totally support us. They just don't want anything bad to happen, okay. So, we invited them. They said, they wanted to help us with traffic and everything. I said, "Hey guys! Come on inside. I want you to see the Ceremony. You're a going to be moved with the Ceremony. How respectful and how disciplined we are with handling firearms properly, because we understand the power and the authority and the responsibility of the Rod of Iron. They're going to love it, alright? So, please pray for the law enforcement here in our area. They're going to join us

on February 28th. Hey, they can get Blessed, too, you understand? They can Blessed, too. Alright.

So, beautiful things happening. Amazing things happening. Folks, it is such a crazy, incredible time to be alive. Let me show you this real quick. This is an article that came out on the Southern Poverty Law Center, okay. Now, the Southern Poverty Law Center, Tim and Bill did a great job on Saturday, okay. So, if you saw The King's Report, then you know it's about. If you don't know, the Southern Poverty Law Center has put me on the "Hate Watch List." Thank God. Thank God. Do you know why I say, "Thank God?" Because they put President Trump up on that list; they put Ron Paul on that list; that put Alex Jones on that list. They put Ben Carson on that list. They put every conservative that speaks truth, every single one. Milo's on that list. Everybody's on that list. They actually gave me a stamp and a badge of approval, okay. By doing that, they've just simply shown that we are not only legitimate, that we are also bothering the cram out of them, and that we are relevant in changing society; so, thank you Southern Poverty Law Center, you George Soros funded operation, and funded by George Clooney who donated a million dollars. Apple donated a million dollars. We know that you make three hundred sixty-eight million dollars in donations that have six figure salaries to all your main CEOs there, and all your Managers there.

So, unbelievable. This is one of the biggest hate group, leftist group haters on the planet; and, they go after every single major... They put Judge Jeanine Pirro of Fox News on the Hate Watch List. They put Sean Hannity is on the Hate Watch List. So, we're in great company. They put the Klu-Klux-Klan there, too, to mash them all together to make us all look the same, right? This is how they do this.

But, it's just so hilarious. The Southern Poverty Law Center, let me go through the article with you. Bill and Tim did a great job doing the article; but, let's go through it, and see what they're talking about. Let's see what this leftist hate group is talking about, okay. They you go.

Anti-LGBT cult leader calls on followers to purchase assault rifles. Okay, which one is the cult leader? I can't see, okay. I guess it's her in the middle there. I found her. She's a cult leader. Arrest her immediately, okay. Alright. These are glamorous young empowered women holding legal AR15s. Okay, so let's see what they write about.

Hyung Jin Moon, who lead the Sanctuary Church in Newfoundland, Pennsylvania, and is known as "True Father" and "Second King" (No, I am the Heir and Successor to True Father, okay? Anyways) to his followers, issued a literal call to arms to members of his anti-LGBT sect last month.

Now, these are the people that also attacked the American Family Council for being an anti-LGBT hate group. These are the people, the same people that attacked Ian Hersi Ali. She's a feminist, she's black, and she stands up for Muslim feminist rights for Muslim women, and they call her a toxic anti-Muslim extremist. She's one of the major proponents for freedom in the Muslim world for women and call her a toxic anti-Muslim extremist. Thank you, Southern Poverty Law Center.

Sanctuary Church members "have been asked by the King to participate in the ceremony on the 28th of February with a crown and a 'rod of iron' (AR 15 or AK style weapon)," a press release on the cult's website reads. (There also going to have a cult expert there breaking it all down for us. Let's take a look.) "Attending the blessing either with an AR15 or alike or without, is valid, but to attend with an AR15 would be a substantial 'perfection stage' blessing."

The Sanctuary Church which also calls itself Rod of Iron Ministries, is a splinter offshoot of the Unification Church, or "Moonies," founded by the late Sun Myung Moon in the 1950s. According to cult expert Steve Hassan, himself a member of the Unification Church in the 1970s, the Unification Church ideologies is racist, homophobic, and antisemitic.

They say that about every Christian group, by the way, okay, including the Ruth Institute out of Santa Barbara, California, or someplace in California, who is just saying, "No!" To gays. They should not be able to adopt young children; and, it's a Catholic ministry run by this nice old lady that runs the Ruth Institute out there. They put everybody. What is it? They put others. I have it in my post, my response to that.

At a ceremony in 2008, Sun Myung Moon transferred leadership of the Unification Church to his youngest son, Hyung Jin Moon. After Sun Myung Moon died in 2012, a power struggle erupted between Hyung Jin Moon and his mother, Hak Ja Han, who ordered Hyung Jin to go to Korea.

Hyung Jin refused, and instead relocated to Newfoundland, Pennsylvania and founded the Sanctuary Church with the support of his older brother, Kook Jin Moon. Hyung Jin declared the Unification Church invalid since his father's death, and continued to espouse his father's teachings (Well, at least they're true by saying that I'm espousing my father's teachings. That is actually

speaking some truth here.) while declaring himself the "Second King," after his father. Kook Jin also relocated his firearms manufacturing company, Kahr Arms, to a nearby county in Pennsylvania.

At the core of the Sanctuary Church's beliefs is the establishment of "Cheon Il Guk," a sovereign kingdom of heaven on earth, which is where the assault rifle comes in. The missive calling followers to purchase the weapons explains, "To fulfill the ideal of kingship of the nation. We need people, land (property) and sovereignty. Sovereignty means that we are able to defend ourselves against an aggressive satanic world, when we are threatened. We should be able to defend ourselves, not only in an abstract but in a substantial way, as we would do in a sovereign nation. A minimum expression of such sovereignty is a crown and a real gun for defense (the biblical 'rod of iron') like a legal AR15."

The Sanctuary Church (Quiet cultists. Let's be quiet, okay.) the Sanctuary Church has also created what it calls the "Peace Police Peace Militia," wherein Hyung Jin trains his followers in martial arts, hand-to-hand knife combat and assault weapons. The Sanctuary Church says it attracts about 200 followers to its Sunday services.

Hyung Jin's sect is explicitly political, like his father's (Sun Myung Moon was once "crowned" in a U.S. Senate building while declaring himself "humanity's Savior, Messiah, Returning Lord and True Parent") and aligned with the far-right. "If Trump needed some Brownshtirts to kill the opposition, at the level I was indoctrinated to when I was with the Moonies, I would have done anything I was ordered to do, including dying or killing the opposition," says Hassan, the cult expert.

In fact, the Sanctuary Church is holding a "President Trump Thank You Dinner" on February 24, featuring Larry Pratt, executive director of Gun Owners of America. A website for the event declares "President Trump stepped into his calling as God's representative."

Hyung Jin has a regular YouTube program called "The King's Report," where he recently hosted Paul Mango, a GOP candidate for governor of Pennsylvania. (I met him again at the Ice Fishing Party as well.) The appearance made wave in Pennsylvania politics after Hyung Jin, wearing a golden crown and camouflage suit with an assault weapon mounted on his desk, (Actually, it's not mounted. It's on a stand.) told Mango, speaking to public school children, "They're not only going to learn the actual required course load, they're getting indoctrinated into the homosexual political agenda, they're getting indoctrinated in the transgender agenda saying that their emotions, that they can choose how they feel based on how they feel their gender, which is totally against the bible."

"Yeah, and let me just mention two other things, Mango responded. Mango's spokesman later told a local newspaper the candidate "does not agree that schools are indoctrinating our kids." Human Rights Campaign had previously criticized Mango's candidacy because of his support for anti-transgender "bathroom laws."

Cult expert Hasan believes Hyung Jin's call for his followers to show up with assault rifles on February 28 is just another attempt by the Sanctuary Church to endear itself to the far right. "I don't think there's potential for violence at the event," Hassan says, "but I think they're trying to play up to Trump, play up to gun owners. They're very right-wing extremists with a totalistic ideal of how the world should be."

Thank you, Southern Poverty Law Center – a wonderful marketing ad. Beautiful. Thousands of people... I hope CNN does an article on this. I hope CNN and MSNBC, please do it. Please do a hit piece on it. That's fantastic.

Now, let's look at this. Every week, the Southern Poverty Law Center attacks President Trump, saying that he is, look at this? He is also on their Hate Watch List, too, by the way; so, it shows you what kinds of things that they do. They're completely ideologically motivated. They're funded by George Soros and Open Society. Openly, they are an arm of the left wing radical Communist, who are literally trying to hijack this nation, and control the state. They are totally discredited, totally pathetic; and, everybody on the right knows how evil they are, and they slander everybody. It only adds to Sanctuary's creditability and the Rod of Iron theology; and, it will only spread even further.

Now, let's look at what Prager University says on SPLC. God ahead, play the video.

("Shutting down people you don't agree with, is about as un-American as you can get." Karl Zinsmeister. "Rigorous debate, honest discussion, open exchange of ideas. That's the American way; but, free thinking and speech are threatened today by a group with a sweet-sounding name that conceals a nefarious purpose. This group is called the "Southern Poverty Law Center or SPLC. Originally founded as a civil rights law firm in 1971, the SPLC reinvented itself in the mid 80s as a political attack group. Every year,

now, it produces a new list of people and charities. It claims are "extremists" and "hater." Etc.)

That's Prager University. Let's see Fox News' little piece on them. They are literally funded by Nazi George Soros. I mean, he is an actually Nazi. Do you understand? It's unbelievable. Okay, go ahead. We'll play the clip from Fox News.

(This is a piece on the SPLC by Fox News)

Okay, enough of that. They don't put ANTIFA on the Hate Watch List that goes around beating people up with bike locks, hitting women, you know, on the street that are trying to attend Milo Yiannopoulos and/or Ann Coulter event at Berkley. They don't call ANTIFA, they don't condemn the violence of ANTIFA; yet, they'll call Judge Jeanine Pirro and Sean Hannity extremists, and Ian Hirsi Ali an anti-Muslim toxic extremist. I mean, these people, they're so discredited. They're so pathetic. Thank you. Okay, let me read you my post.

So, this is a guy, Brendan Joel Kelley, that's written the article; and, he of course is the Editor, whatever. The Writer for the SPLC. There he has it, or course. Look at that. The Anti-LGBT cult leader and the assault rifle.

So, here we go. I wrote them a nice, little letter:

Radical Left wing hate group – the Southern Poverty Law Center have labeled people like Ayaan Hirsi Ali, Ron Paul and Ben Carson and major Christian groups like The Alliance Defending Freedom, The American College of Pediatricians, The American Family Association, Liberty Counsel, The Pacific Justice Institute as extremists, or hate mongers. Anyone who disagrees with radical leftist policies will be bullied, defamed, smeared and slandered. Thanks SPLC for putting me on your hate list and increasing my following and reach so I can preach the gospel of the Kingdom of God and His rule with the crowns and Rod of Iron (civilian arms) to everyone in America and the world! The more you hate us the bigger we get and the more civilians around the world realize they too have the God given right to crowns (sovereignty) and the Rod of Iron (the right to keep and bear arms)! Keep on lying you hate mongers! Love ya' (BTW the ladies in Sanctuary look amazing with their glamorous gowns and Rods of Iron!!!

So, thank you for the marketing that you're doing. I mean, the weapons. The weapons that you form against you shall not prosper, the Bible says. (Isaiah 54:17) Whatever Satan tries to use against us will be used against him, okay. I had another Instagram post in that same vein.

It's amazing. They're persecuting a small little church out in Northeast Pennsylvania. What's wrong with them? A small little church. A tiny little ministry. What is wrong with these people, huh? They're completely racist. They're white supremacy hate mongers. They are angry that a dark-skinned Asian man is wearing a crown, and I'm saying that everybody should wear a Crown and have a Rod of Iron. Anderson Cooper, if you're watching, maybe you should do a piece on me. Maybe I should wear a Chinese coolie hat and say, "Would you like me to work on your railroad?" How's that? "Oh, you like the Asian with the chopstick to work on your railroad?" I mean, it's just hilarious. Unbelievable. But, there you go. SPLC, trying to hate monger a small little ministry. Trying to exorcise free speech. Trying to exorcise our constitutional right to keep and bear arms, which our founding fathers, BTW, all did; and, they chased out totalitarians and tyrants like the British Redcoats with that reality. Then, of course, in that article as well, they attacked Mr. Larry Pratt and GOA, etc. You know, we just reaching out to Fox News, Info Wars, etc. We'll see what comes up with that; but, you know, SPLC, they're just trying to bully a small little church.

Look how small? We're just poor Asian people here, okay. We're minorities, a couple of white folks. We're just Asian, dark-skinned Asian folks here. What's wrong with these people? They're hate mongers. They're racists. They don't want dark-skinned Asian people. We're too jaundiced to wear Crowns for

them, okay. They got no problem with Queen Elizabeth of England, for they got crowns with Chinese and Korean and Japanese people; and look, we got some Latinos here, wearing Crowns and declaring sovereignty, and exercising their constitutional right to keep and bear arms. There's nothing illegal and going on here. We invite the Police to come. We called them. They're our friends, okay; and, they're going to see a beautiful ceremony here, with responsible gun ownership, with responsible biblical understanding, and understanding and praying for all the world to enjoy the human rights of freedom and sovereignty that we get to enjoy in America, so that people can be free, and their epigenetics and God given gifts can be unlocked for the rest of the benefit of humankind. Thank you, SPLC for making our day, making me even more famous, and spreading the news of the Kingdom of God. Not that I like fame or anything. It's a pain in the booty; but, the Kingdom of God's Gospel, they're just increasing its reach. So ridiculous.

Now, let's get back to Matthew here.

Matthew 18:12 "If a man has a hundred sheep, and one wanders away and is lost, what will he do? Won't he leave the ninety-nine others and go out into the hills to search for the lost one? 13 And if he finds it, he will rejoice over it more than over the ninety-nine others safe at home!

These are like the Christ-like heart of the gunowners who yearn desperately for people to be able to defend themselves against predators. I mean, you'll meet the real people in the gun community, you meet the real people like Larry Pratt and the Gunowners at the Shot Show, and at the firearm shows, and what is it? The Great American Outdoor Shows. You folks got to get out there. You got to move. These are our people. These are our folks. These are our family. These people are the ones who are yearning to see poor people, weak people to be able to defend themselves against predators.

Now, they be, listen to me, because our dog, she was in an accident. You know, I was teaching on the days, on Wednesday, cancelled the training; so, I got all the kids and we were training downstairs, and we were doing some kicks and stuff like that; and, the dog was having such a great time, and she was chasing us around. You know, we were having a good time. Chasing us. Biting our feet, whatever. And so, we were doing kicks and as I was doing my kicks, she jumped on and got nailed with an axe kick; and, she went into total paralysis. Her body start freezing, you understand. Her eyes rolled back. Blood is blasting out of her nose; and, we thought she was dead. We thought she was dead. I mean, we thought maybe her spine is broke, you know what I'm saying. I didn't hit her with the heel; but, I hit her with the whole foot. She had a totally innocent heart and mind. She just wanted to play us. Just chase our feet and try and bite them; but, I didn't see her there, and she just ran right under the foot as the foot was coming. My foot went way up. The kids who train with us, you know I'm very flexible; so, the foot went way up and way, way down, okay. And I thought she was cracked in half, because she was convulsing. She was completely out; and, she was gasping for air. Like this kind of breathing. And then the breathing was slowing down, and I was just holding her tiny little, like a baby puppy, right, her tiny little hands; and, the kids were just watching like, "Oh, my gosh!" You know, she's gonna die.

So, anyways, a long story short, we had a miracle. We end up taking her to the Vet, where's that? In Middletown; and, she got a little surgery on her eye, because her eye was dislocated. It popped out. Not completely, but it had to be sown up shut. She basically had to get micro surgery. But, now she's running around. She's chasing socks again. She's doing everything. She's fine. But, it's like a complete miracle, alright?

So, to make a long story short, while we we're at the vet, and this big guy, there's this other dog screaming in the other room; and, this big dude, he's like in this outfit, like a sewage treatment plant kind of outfit. He's got the big boots on; and, he's like storming around, with a tremendous face of worry, okay. And he sits over there. I was my daughter and the Queen, and they're kind of scared of this guy. He's big. You know, he's like wearing this big old canvas suit. Not a suit and neck tie. The one-piece thing, with the zipper and the hood and everything. He's got these big old boots, you know; and, he's like sitting in the corner; and, I said, "Hey brother, what's going on with your dog there?" I said, "Is your dog okay?" And he said, "Oh, yeah! She's going to make like a full recovery." I said, "Oh, what happened to your dog?" He said, "It's like, her toenail fell out." I said, "Her toenail fell out?" He said, "What happened to your dog?" I said, "Her eye popped out, and she's getting surgery." I said, "What kind of dog do you got." He said, "a Jack Russell." They bring out the Jack Russell, this tiny little dog; and, he started weeping. Weeping. The guy starts weeping. "My baby, my baby." The girls are sitting there laughing at each other; but, I said, "Look at this. Look at what you did. You saw a guy who has a lot of love for his dog. He has a gentle heart, okay; but, because of the way he was dressed, obviously, I could see was working. He's in a plumbing suit. He's doing sewage treatment."

So, he's got his suit on, he's got his work suit on. He's got his dog's toenail issue, whatever; and, he's in the emergency room. Oh, okay, that's another story; but, I them, look how your mind works. You're brainwashed. You saw a man. You saw him as somebody you want to stay away from, right; but, this kind of guy, he's probably one hundred percent. I guarantee you, he would support gun rights. I can almost guarantee it. You see what I'm saying? But, we have this biased. This person is a blue-collar

worker; but, we somehow think we are higher than them. We think of only the elites like lawyers in office jobs that drive Mercedes Benz. Those people are fake. They're in sex clubs a lot of them.

They're completely immoral; and, it's amazing. "Oh, those guys, they're not educated. They watch pornos. The freakin' elites are having sex orgies. Want's worse. Watching pornos, or doing the dang sex orgies? Do you see what I'm saying. Give me a break! Now, I'm not saying boys are good to watch, young boys. Don't watch that crap. Do you understand? But, you got to get it into context. You see what I'm saying? It's like ridiculous. But, then they recognize when we talk to them, you can see, this guy is human. He has the same values as us, right. You never thought about that. He has the same values; and, this man, he loves his animal. He loves his animal, the tiny little Jack Russell, weeping and sobbing all over him, right? He's a good man.

I'm not saying he's perfect or a saint or flying around with angel wings, whatever. The guy is a good guy; but, see how, especially girl, you're brainwashed to do that. I'm not saying, you can't be foolish. You can't just assume that all men are just always good. There's ten percent predators in every class, right. Oh, you'll see some white-collar lawyers, who are super predators. They will want you, date you, buy you dinner and toss you out until the next one. Do you know how many lawyers and how many executives there are like that? Give me a break! You cannot brush the whole blue-collar workers like that. That's ten percent that's psychopathic, that are dangerous. The majority are not, right? You guys have this bias; but, if you think about it, these are our people. These are folks that the normal man and woman that actually are an army of men that keep your electricity on, they keep your sewage treatment plant going, they keep your house running, you know what I mean?

All the appliances in your home. The electricity, your heater, those kinds of men are keeping it running for you; and, you see how you unknowingly judge them, because they don't look like an academic or whatever; but, when you talk to them, you realize, that dude is a person. That guy loves his dog. He's got a sensitive heart, okay. He's not as bad as he looked, right? You guys experienced that, right?

These kinds of folks, hanging around these kinds of folks, getting elbow time, getting shoulder time with these kinds of folks, going to gun shows, going to the shot shows, these people are not scary people. You know, when we went to, what is it? The Harrisburg Great American Outdoor Show, we went to the Bass Pro Shop. We got a shuttle bus and parked there for free. Saved ten bucks, twenty bucks, whatever it is, you know who's going to the Great American Outdoor Show.

They got camo on, or they got a tactical backpack on, they got a beard or something, you know. As soon as you see them, you know, they're part of the same civilization; and, they see you. I got my camo on, I got a little tact pack on, I got AR15s on my pack, I got these cute little patches, okay. Look at that. Cute little patches, okay. They know. They know I'm going out to the Great American Outdoor Show, cause they know we're in the same sheepdog civilization. These are the kinds of people, folks, that would totally appreciate that Father was a hunter and fisherman, because they're all hunters and fisherman.

They were trying to market Father as hardcore outdoors hunter and fisherman. The first firearms company in South Korea, created the Vulcan cannon for the defensive ministry, tank parts and airplane parts. They're trying to sell that to the liberals. Of course, they're going to thing you're crazy, because the liberals worship the Southern Poverty Law Center, who says Judge Pirro and Sean Hannity are extremists; whereas, these people, the gunowners, the hunters and fisherman, these are the people that would appreciate the fact that the Lord of the Second Advent was a super outdoorsman, a hardcore outdoorsman. Fisherman, Hunter, you name it; but, we were trying to sell him to the stupid liberals, who only want centralized power and brainwash people, so they become weak, dumbed down and controllable.

Father was making us self-reliant, making us do all these things, pushing us to freaking Chiniak, Alaska, going to the Amazon Jungle learning survival skills, learning how to fish, learning how to feed our families, learning how to permaculture farm, learning how to own guns and hunting. I mean, he was teaching us. The public schools, they didn't want you to learn that stuff. Lefties, Commies don't want you to learn that kind of stuff, because they want you to be dependent on the archangelic system, which justifies their existence. Doesn't that make sense?

But, folks, you got to come, you got to go to the Great American Outdoor Show and these kinds of things. These people are our brothers and sisters, do you understand? They're in the same civilization as us. You got to rub shoulders with these folks. You got to become brothers and sister with these folks. You can't be so insular, and just loving each other. These people are God's people. God prepared for the End Time, for they stand with Christ and his Kingship, and ushering in the Kingdom of God through peace, and through the Crowns and Rod of iron.

You'll see When you go there, you'll see. The people are down to earth. They are real. You know, they're sometimes rough around the edges; sometimes they're not. That has nothing to do with the character of a man. Absolutely nothing. You know, the more we spend time with them, the more you'll see. Wow, I

have a lot of ingrown biased put into my head against these kinds of people, who actually would appreciate the fact that True Father was a gunowner and a gun dealer and made the Vulcan cannon and would appreciate the fact that Father was put on the hate list by SPLC, would appreciate the fact that he stands up for conservative values and runs the Washington Times. They would appreciate the fact that he's an avid outdoorsman and a hunter going out into the bush and into the wild areas, literally three to five days a week. They would love that. Do you understand what I'm saying?

Seeing these kinds of folks, these are our folks, folks. Don't be racist. Don't be supremacist. These people are our folks. You got to rub elbows with these people. These people are our people. They are the ones who are prepared. They are the meek, they are the humble; but, they are the ones who know God, and they know His Kingdom. They're like little children in their hearts. Did you see that guy weeping for his little Jack Russell toenail, ingrown toenail. He's like a little boy. "Oh, my baby." We were laughing in the corner. I said, "Like dude, man. Come on!" You kidding me. My dog's eye popped out, okay. Do you understand?

Don't be racist against these people. They are the ones that can understand Cheon Il Guk culture. They are the ones who understand protection culture, because they want to protect their families and their neighborhoods. They want to do the right thing. It doesn't mean they're all perfect. None of here are perfect; but, their heart is in the right place. They're like little children before God. They want to be good. They want to serve God. Love God, love their neighbor.

Don't be racist against these kinds of folks. Don't be bigoted against these folks. These are the people that can understand True Father's heart and his lifestyle. You see?

Matthew 18, it goes on a long time, okay; but, we're talking about forgiveness, etc, and things like that. But look. We have to get off this high horse. We have to. These folks God has prepared. We have to get off this high horse, thinking we're always greater than them. These are the ones prepared for the Kingdom of God. You will have to the heart of love, of brotherly love for those people. Philadelphia, for those folks that God has called, because these the ones that can understand sovereignty, one hundred percent. They can understand Rod of Iron theory, one hundred percent, because the governments always trying to steal their arms, and steal their abilities, steal their taxes from them, because they're actually the taxpayers and not on welfare. They're working in hard jobs. Sewage and plumbing and all that kinds of stuff. They're honorable people, folks. You got to understand how brainwashed you are, how racist you are against these people. How bigoted you are. You got to do that and see these people. These people are a part of the Kingdom of God.

Alright, let's go to Cheon Seong Gyeong 100 here.

CSG 100

The purpose of creating Adam and Eve was to produce citizens for God's kingdom. There is no way to produce them in the spirit world. God is the vertical Master of love, and the vertical has only one axis.

Look, all these folks. They want to say blessings are stratified. No, it's not, okay. We're all receiving the same blessing. What it's doing is showing your reality. That's what it does. It's exposing you. Not because you're bad or anything. You may be in a nation, which confines you from being a King or a Queen; so, it's not exposing you, it's also exposing that nation for being on the side of Political Satanism. It doesn't condemn you cause you can't get an AR15 here in Japan or Korea. It merely shows you the reality. It's put into the noontime Sun that your nation actually is still a Political Satanist; and, that's why we're working so hard, brothers and sisters are working so hard in Japan and Korea to stand up and start talking about the gun rights, because we want the gun rights for the citizens. We want the crown rights and sovereignty for the citizens. We want them to be so desperately to be Kings and Queens. We want people be Kings and Queens and Coheirs with Christ in his Kingdom. That is are heart. We have love in our hearts, and we know the bottom line.

We know that the global negotiations are all about force. They can talk about all these stupid political ways, but in the end, it's who's going to have the guns. I'm sorry to say, that's how the world works. Who's going to have the Rod of Iron. Is it going to be the Centralists, the Political Satanists, the ones who centralize power, the super elites only; or, is it going to be the citizens? Do you see, in the end, that's the big fight; and, the Leftists are always trying to take it from the people; but, the people, what does it say? The center. They need an axis.

They can't just do it on their own, because the people were sinners before God. We can go off in crazy ways. We can be like radical Islam with the guns is the problem. The ideology, the culture, is critical for the proper ownership of guns as well. The Christian culture like those who will turn and embrace the culture of Christ. To love God and love your neighbor. Critical. That's why the Cheon Il Guk Constitution, it's very clear that it's a Christian, Bible based, Principle based culture; and, you can't extricate that. You can't separate it from the Constitution of the Kingdom of God. It's based on Christian

ethic and the Commandment to Love God and love your neighbor. On top of that, then you have the exercising the right of self-defense. Do you see what I'm saying? The other ideologies that are trying to centralize that power become Political Satanists.

Look at the sultans of the past. Look at the Islamic civilizations. Even look at the Buddhist, "peaceful civilizations." They completely centralized power. Look at the Lamas of the Dali Lama's tradition. They though the Dali Lama was crazy. They're completely political leaders and centralized arms. They basically created a socialist state. Same with the Catholics, who are state run Christians. Same with the Anglicans, who are all state-run Christians using the language of Christianity, but not the spirit of Christ.

The culture of Christ, which is that all the citizens are Coheirs with Christ. "Let no man take thy crown, and have kingly sovereignty with crowns, are also Kings and Queen in his Kingdom. And, we're not playing dressup, folks. This is not dressup. Kings and Queens also have to have authority. Authority, The Bible says, "He has not given us the spirit of fear, but of power." Authority. Love, and a sound mind, not for our own greatness, not for our own boasting, for God's glory, for the protection of your neighbor, for the goodness of society, so that violent predators and psychopaths cannot violate truth and interrupt people's lives, and meme, murder and kill. There has to be a center.

So, in the upcoming Blessing, you're going to see a beautiful center. It's going to be awesome to be with you all. It's an honor to stand with all you guys. Stand shoulder to shoulder. To be there with our Rods of Iron and Crowns. What an incredible declaration. Whoa. The FBI, CIA. There all watching. They already got FISA court warrants on me, tapping my phone, car, everything. I can almost guarantee that, okay. Law enforcement will be here; but, we are doing the biblical thing. We're exercising our constitutional rights for free speech, freedom of religion, having beautiful ceremonies, showing discipline and the use of proper firearms handling; and, of course, our constitutional right to keep and bear arms. We're not doing anything illegal; and, we invite the police. We want them to be part of the ceremony. We want them to get Blessed. We want them to be empowered. We want everybody in society to have human rights, not only in America, but worldwide; because these are not right given to us by z state or nation or anything else. They are given to us by God. And, the biblical accoutrements of the Kingdom of God, which you don't get decide, I don't get decide, God decides. The Word of God decides the Crown and the Rod of Iron. Sorry. You don't like it. Sorry. He gets to decide.

You're only a true King, when you able, not only to have that authority, but have that ownership; and, you will see. It changes your life, when you become a Rod of Iron carrier; and, you get trained by the ethic of love, to love God and love your neighbor; and, you carry that tremendous power. Your life will change. You will see, because even the smallest mistake, you can never take a bullet back, as they say, right? You have to be hyper aware of yourself. Focused on everything about your tool and your appliance, about your weapon. You have to become a King and a Queen. You will see such a beautiful ceremony of the tremendous respect of Kings and Queens. A display of intergenerational of proper use of power, of giving glory to God.

We're going to have a tremendous time. Everybody should please pray for that event. Everything goes well. Will have wonderful law enforcement. The cops will be here joining us in that event, helping us with traffic outside, but also, there's going to be hundreds of people here. But helping us with traffic, but I want them to come inside. They should come inside and see the ceremony. They would love it. They're going to love the beautiful ceremony that were going have here. That would absolutely love it. It's God's wish that the people of this world are free from Satan's grasp and to come into His Kingship. Into His sovereignty. That's why we so desperately wish for all of you, of course you generically to become Kings and Queens, not so we can boast and feel high on ourselves. No. So, we can take on the duties of a King and Queen. The Commandment of God to love thy God with all your heart, mind, soul and strength, and to lover your neighbor as you love yourself.)

CSG continued

Since one point cannot produce anything, a horizontal area is needed. Thus, God's purpose in creating is to become one with humankind, multiply many citizens for His Kingdom, and bring them all to the (Kingdom of) heaven.

Let's give God some praise this morning. Alright SOS, come on out. Let's all rise, and let's offer our praise and thanks to God. Please pray for the upcoming events. Make sure everything is safe. We'll see God's work. Go ahead SOS. Praise Him. Amen-Aju!
