Against the Wiles of the Devil

July 17, 2022 – South Korea

Good morning, folks. We're hitting you from the mission field here in South Korea right now. But folks, it has been an unbelievable, incredible -I can't explain it- this has been the craziest whirlwind kamikaze tsunami tour I've literally ever been on; it's been the craziest time and I've got to break it down with you.

But first before we do that, let's go to our Scripture today and we're in Revelation chapter 18 and 19. Let's jump to verse 2.

Revelation 18: 2- 24

2 Babylon the great is fallen, is fallen, and is become the habitation of devils, and the hold of every foul spirit, and a cage of every unclean and hateful bird. 3 For all nations have drunk of the wine of the wrath of her fornication, and the kings of the earth have committed fornication with her, and the merchants of the earth are waxed rich through the abundance of her delicacies. 4 Come out of her, my people, that ye be not partakers of her sins, and that ye receive not of her plagues. 5 For her sins have reached unto heaven, and God hath remembered her iniquities.

7 How much she hath glorified herself, and lived deliciously, so much torment and sorrow give her: for she saith in her heart, I sit a queen, and am no widow, and shall see no sorrow.

9 And the kings of the earth, who have committed fornication and lived deliciously with her, shall bewail her, and lament for her, when they shall see the smoke of her burning, 10 Standing afar off for the fear of her torment, saying, Alas, alas that great city Babylon, that mighty city! for in one hour is thy judgment come.

17 For in one hour so great riches is come to nought. And every shipmaster, and all the company in ships, and sailors, and as many as trade by sea, stood afar off,

20 Rejoice over her, thou heaven, and ye holy apostles and prophets; for God hath avenged you on her. 21 And a mighty angel took up a stone like a great millstone, and cast it into the sea, saying, Thus with violence shall that great city Babylon be thrown down, and shall be found no more at all. 22 And the voice of harpers, and musicians, and of pipers, and trumpeters, shall be heard no more at all in thee; and no craftsman, of whatsoever craft he be, shall be found any more in thee; and the sound of a millstone shall be heard no more at all in thee;

23 And the light of a candle shall shine no more at all in thee; and the voice of the bridegroom and of the bride shall be heard no more at all in thee: for thy merchants were the great men of the earth; for by thy sorceries were all nations deceived.

24 And in her was found the blood of prophets, and of saints, and of all that were slain upon the earth.

Revelation 19

19 And after these things I heard a great voice of much people in heaven, saying, Alleluia; Salvation, and glory, and honour, and power, unto the Lord our God:

2 For true and righteous are his judgments: for he hath judged the great whore, which did corrupt the earth with her fornication, and hath avenged the blood of his servants at her hand.

3 And again they said, Alleluia And her smoke rose up for ever and ever

Folks, it has been such a crazy, crazy tour! I can't begin to explain I have to slow down on this because there are so many things that happened, and just to give a breakdown of what has happened and transpired the last three weeks it's just mind-boggling. I do apologize that the last two weeks we were not able to upload any videos. We thank the kings and priests in America and across the globe who held down the services during those times. Of course as we get into it, you'll see there are reasons why I could not film those videos and be talking to you at the time, but today we are here and let's get into it.

I'm going to show you on a map of Japan what happened and the incredible things that God has accomplished on this tour.

After 10 years

Now remember folks, before we even set foot in Japan, the Family Fraud knew of our coming. The greatest heretics and deceivers, blasphemers and of course traitors of the Kingdom of God, with the Han mother, the whore of Babylon; the Han mother and all their heresies and her claiming she's God, and her claiming that she's only-begotten-daughter which has never existed in biblical history or prophecy, and claiming that Father has failed and she's the one without original sin and all these unbelievable heresies!

Remember for 10 years we were totally ostracized, called all manner of curses and condemned to die in the wilderness. But God is faithful folks; God is faithful! We had to absorb and eat and digest all those curses. All the people that said they loved Father, they were coming after us and attacking us claiming that we're unfilial and that we're attacking our mother. No! We LOVE our mother, i.e. Kook Jin-hyung and I; that's True Abel and Cain that Father anointed. He called us True Abel and Cain; Cain & Abel that were united under Father. Of course, the Three Kinships were there and we were telling the truth because we LOVE her.

We're not her staff, we're not her employees; we're not people that get paid by her to just tell her good things. We are actually her sons who LOVE her and care about her future and especially if she's going to hell. So of course, we told her that the path she was going down would lead to destruction; claiming she's God and claiming she's the Messiah, and that she was born without original sin and she saved Father, and that Father has a shameful past, and all these kinds of things. I told her for six months, pleading with her, begging her, weeping, crying, trying to stimulate her free will to not go in that terrible direction. But of course, she failed terribly, terribly on her decision, chasing what? Hedonism, pleasure, money, power, and of course she went the way that she did.

Now during that whole 10-year period in the wilderness God provided so many things; so many blessings, abundant love grace was falling from Heaven! We didn't HAVE much, we didn't HAVE any foundation; we didn't have any brothers or sisters that returned back yet. We were there all with Kook Jin Nim singing the national anthem with the bears and the deer so-to-speak in the wilderness; just our two families alone. But slowly God started calling His people; slowly God started telling His people to go and see his son that He annoyed. I didn't choose myself.

It's been such an incredible time and such a LONG period of time! 10 years had passed! We did the Korean tour and then we came back briefly to America, visited our communities in PA and Tennessee and had to get back on the skies again and travel to Japan.

Of course, they all knew and they were petrified already that I was coming to Japan. Why are you petrified? Why are you so terrified that I'm coming if it's true that the Han mother is the Messiah as she claims to be; if she's God and if everything she does is right and I'm the evil one whom Father anointed? They stole the whole foundation but I'm the evil one even though they're suing ME and they're trying to destroy everything I do in any ministry!

But Father gave us a victory in the lawsuits because they sued US first, trying to destroy anything we enacted in this ministry, trying to shut down all our YouTube channels. Why? Because all we had was the truth. We didn't HAVE anything else; we didn't HAVE any money; we didn't HAVE any foundation. They took it ALL! All we had was the TRUTH and that's all we could stay anchored to.

The point is: even though we received all those attacks, eventually after seven years in the law cases etc., God gave us the victory, even though we had nothing. People had to literally dig into their pockets, put a nickel, a quarter, a dime, to help contribute to the battle. They were trying to forbid us from using Cheon Il Guk, then forbidding us from using the Tong-il mark which is the Kingdom of God's symbol. I mean it's ridiculous! These are ALL public domain. But they were selfish and arrogant and they of course wanted to stop Father's heir and successor that HE appointed by his own HAND. This is the Messiah and he appointed him by his own hand. I did not choose myself; I don't know how many times I got to remind them. I did not choose myself. Out of the Han group, Kwak group and our own group we're the only ones who didn't appoint ourselves; they appointed themselves as whatever they claim they are. We never appointed ourselves; it was Father who appointed myself to be his heir and successor.

The King Has Returned

Then even with all the giant money, the billions of dollars, that they tried to stop us with, they lost. God was on our side; He was faithful. Then, upon that foundation we were able to hit the Korean tour. I had not been back to Korea in 10 years and they named it: "the King has Returned" tour. You all know the stories about what happened there; the miracles, the healings and people feeling the spirit of Father again.

And now it was time to go to Japan!

But before we were going to go to Japan, they were petrified. Why? Because They KNEW Father's heir and successor was now coming to Japan. They KNEW that they lost the lawsuits. They KNEW they tried to snuff us out and destroy us.

They KNEW that they tried to use all the assets that Father inherited to his heir and successorship; they stole them and then they used them to try to destroy us.

Since it's not physical but it is spiritual, the Spirit of God helped us be victorious even through those Goliath effects. So, we were going to Japan and already they were petrified. We had no idea how they were going to behave. We thought that maybe it was going to probably be similar to the Korean tour; that if they had any brains, they were probably just going to ignore us, because really, we're not a huge threat; we're not even a big movement in Japan or in Korea. So, we thought they would probably just ignore us and they would probably just say, "*Huh! They're pathetic!*" Nothing more!

Physical indemnity before Tokyo

Before Tokyo folks, this was so crazy; crazy things were already happening! I already reported this to you a couple of weeks ago. A couple of days before Tokyo I'm doing these slow push-ups just to warm my body. Every morning as my daily routine I do my hundred push-ups, my hundred squats and stuff like that, just to warm my body. I'm doing these push-ups which I do every day and it's super slow, but then on the 40th push-up my back tears; my back muscle upper trapezius tears. I'm now walking around with a totally immobilized neck, and pain everywhere if I move. So, already before the event I have no strength; I can't move well.

I feel in my spirit that Father is taking away my strength so he gets all the glory, and that's fine; I love that. He's taking away all my strength because Japan is a paganistic culture and they can do idol worship very quickly. I feel Father is taking away my strength so if there's any healing or miracle during the Holy Spirit baptisms, HE's going to get the glory for it. Because I'm hopeless; I can barely walk, I can barely move; I can't even turn my head.

That's what I felt in my spirit, in my gut and we went with it.

The Tokyo Event

We went to the Tokyo rally! We're doing the rally and all of a sudden, the Family Fraudsters started getting up. 7 of them had infiltrated in that meeting; they got up in the middle of the MEETING and started SHOUTING and disrupting. Talk about being petrified and terrified! Talk about being totally white-faced ghost-faced petrified! Why are they overreacting like that? Why are they coming and disrupting like that, like Antifa and the Communists? They're coming to a religious event and disrupting it!

Look, for 10 YEARS none of our people has EVER gone into their event and tried to disrupt it. Even though we know that they're heretics and they're following a heresy we didn't go into their public events and started to disrupt. Some of our people were called by God to do demonstrations in front of their event; like normal people or protesters, you can do it outside. But who goes INTO an event and acts like a FOOL, like little elementary school kids or Antifa or these little blue-haired beta male crazy social warriors on the Left? Who else acts like that? That's not how adults behave; that's not how churches behave! But again, they completely exposed themselves in front of us; they came up trying to

intimidate people who essentially have no money. We have no power or position; we have no big assets anymore because they stole them all. So, what are they so afraid of when they are sitting on BILLIONS of dollars? Here we are: small Sanctuary, so what are they afraid of?

See, they're afraid because we held on to the truth; we didn't SELL OUT like prostitutes for power, money and status! NO! We stayed honorable to our Father even though we're imperfect, but through God we stood and had strength against the attacks because we chose a higher calling. We chose to pursue honor and truth and not money, power, status, which they did. So, when they see us, it CONVICTS them and it makes them PETRIFIED, especially when we're coming into their town.

I was actually quite shocked that they were coming into the event. While they were shouting around trying to raise a ruckus and trying to fight with our people, and while they were being escorted out, I was telling them, *"Look, do you people know what age you're living in? Everybody on the internet just saw you act like elementary school children, doing temper tantrum, behaving like absolute a-holes, coming and disrupting other persons' event. None of our people has ever done that to you."*

And not only that! See, it wasn't like organically people were coming. No! These were actually the headquarters of Family Fed STAFF, so this was a direct order probably from the Han mother to go directly and disrupt our event. If not from her, then at least from the head of the Japanese church because the staff cannot go there unless they get approval from the staff of the Family Fed. So, it was not even organic with lay members showing up and demonstrating because they actually believed the heresy of the Han mother. No! They had to force staff that they're paying, to go along with their fornication and adultery and betrayal and traitorous actions against Father and the Kingdom of God; they had to send PAID staff! We were able to locate them; we were able to get all their faces on camera. I think there were 7 persons in Tokyo, and every single one was a paid staff of the Family Fraud! Unbelievable! *(Laughing)*

We saw that and I was like, *"Why are you guys acting so crazy? Do you know what age you're living in? You people are crazy. Everybody's watching, so the more you do this the more people are going to come back to Father's authority because we're not seeking money from them; we're seeking salvation. We don't want them to go to HELL! See that's our intention for wanting to preach. But you're so scared of what we may say, the truth that we may say and WILL say that you are willing to do that."* That they would force their paid staff! What did they think they were going to achieve by that? It was just unbelievable imbecility! But of course, it was what it was.

So, I said, *"Look, give them water!"* I told them, *"Hey, next time you come bring 300 because out of 300 I'm going to witness to a portion of them; people are going to be saved if they come here. Because we're not asking for money, we're not asking for them to do this or that; we're telling them the TRUTH, and in your heart of hearts you know Father anointed me as his heir and successor. He's the one who called me. I NEVER put a crown on my head first; it was Father who did that to me and he never put his crown on ANYBODY in the world including Han Hak-ja."*

So, the point is: from the Tokyo rally you can see that they were petrified, and their leadership was scrambling. Why? Because they are the money stream of the Han mother, they are the ones in their pyramid organization that are trying to extract money, and they knew that the heir and successor was coming, the Second King of CIG was coming, the Three Kingships were coming and the people might be moved. So, they started to freak out and they started trying to disrupt our event.

That was in Tokyo as you see here on the map. That's where we had our first event and we saw the General Inspector. Shout out to the General Inspector Kook Jin-hyung! Great to see you in Japan, and also Kook Jin-hyung had a great victory as well in recovering sales from the heretics. So, God is just giving victory and victory and victory; as Trump says, "*Winning, winning, winning!*" But of course, it's not for our glory; again, all the glory has to go to God. Trump wants to take glory for himself; we don't like to do that. We like to give all the glory to God. Hallelujah! Thank You Father! That's what we always say.

The Kyushu Event

So, we started in Tokyo; that's where they were doing the crazy stuff. We had to move but Japan is big, folks; it's not like South Korea which is tiny, the size of New Jersey. Japan is quite large compared to South Korea, so we were on planes, we were on trains, we were in cars and vans, just going about the whole country. From Tokyo we had to go all the way to Kyushu. That was the second event down in Fukushima. This is in Kyushu Island, pretty close to Taiwan, pretty close to China. So, we got to go all the way down there; it took about two hours by plane.

Now we're in Kyushu. Shout out to the folks down there! Thank you for borrowing a Harley Davidson bike and showing me around that incredible volcano area. That was probably one of the most epic rides I've been on in a while; that was incredible. So, shout out to the beginnings of the Rod of Iron Riders here in Japan; absolutely stunning area!

But once we hit the Kyushu rally something started happening. Not only did I have a tear in my back, but right before the Kyushu rally the sisters who were preparing our food, they wanted to give me something special from Kyushu. What is Kyushu known for? Horsemeat, folks; Kyushu is famous for horsemeat and I don't like horsemeat. But they gave it to me since they thought it was special and they just wanted to give me something special. I didn't know it was horsemeat; I ate it. Terrible reaction! I got terribly sick, literally from then on until this morning, which is Saturday. I had the most ridiculous stomach ailment chronic diarrhea that I've ever had in my life. It was ridiculous; it just wouldn't stop.

I realize now in retrospect that there was a reason Father did that. Look, I teach our students that in a bushcraft kit you always have anti-diarrheal medicine like Imodium A-D et cetera, because that will help stop it. In the bushcraft world one of the quickest forms of dying is not being thermally regulated properly in the outdoors; it's a very quick way to start dying in the wilderness. Therefore, in our kits we all have Imodium A-D anti-diarrheal, and usually boom, one pill and it stops. I am eventually

taking up to five pills of Imodium and it's still going on. So, I realized this is not normal anymore - but I'll get back to that later.

So, we get to the Kyushu rally and at the rally 130 Family Fed PAID employees show up! Do you understand, folks? In Tokyo there were 7 people; this time they paid 130 people of their staff to show up. Now they didn't tell lay members; they felt lay members would be witnessed too quickly. So, they come with 130 people to this Kyushu rally, trying to disrupt it. And they have created a system: they would have one group wait 15 minutes and they would start saying, "*Hey you bastard!*" and all these kinds of things, cursing me out, while the second group would be filming it to say that they're the victims. This is just like Antifa or the commies. You know how they operate folks. They'll say, "*Oh, look! They're acting with violence!*"

They come to our event, disrupt our event; they come cursing and shouting like crazy lunatics. In the middle of that they're being escorted out, and they shout, "*Violence, violence; you're being violent! Violence, violence!*" It literally is like dealing with these social justice warriors that come straight out of college, but the sad part is that some of these people were in their 50s and 60s; they did bring some young people too. But this was so amazing! The whole rally happened, 130 of them came in and we had about 400 Sanctuarrians supporters there, and the event ensued.

But as soon as I came out, I started saying, "*I heard that about 130 Family Frauders are here,*" and I started talking right to them. I asked, "*What are you people doing? You know what age we are living in?*" and all that kind of stuff. As a synopsis it was like, "*Look! You're not fighting ME! Why do you hate me so much? You're not fighting me; you're fighting Father in Heaven. He's the King of Heaven, he's completely one with Jesus. He's the Returning Jesus! You're fighting HIM, you're not fighting me. You can't win against Father! YOU are the ones who betrayed him; YOU are the ones that sold him out for money and power. YOU are the ones that are aiding and abetting the Han mother in the destruction of her own self and leading her to HELL! You're helping her do that. Why? Because you don't love her. You're not her son, I'm her son. I smelt her pee and poo; I sucked on her breasts. I'm her son! I actually care whether she goes to hell or not! I'm not like you people who just want money from her. I'm not employed. I'm the direct chosen heir of True Father himself and you all know that!*"

Anyway, they were so convicted even though they did a little staged event: group 1 went, "*Waaahh!*" while group 2 filmed, and then group 2 went "*Waaahh!*", while group 3 filmed, and group 3 went, "*Waaahh!*" It was so pathetic, folks! That's how robotic they were; they would do it at literally 15-minute intervals. By the time group 3 was supposed to come up, there was no more shouting; they had been so convicted. Then right after that event, the Family Fraud president released publicly a memo to all the Family Frauders that said, "*Do not go to the events; don't send anybody to those events. We found that sending people to the events get them actually spiritually shaken very heavily; don't send them.*" So, they admitted that if people came to the events and heard the truth, which they actually could hear for the first time, they would be shaken and they would have a call of conscience.

It was amazing! So, they were 130 at the Kyushu event. The next event was in Osaka, a couple of days later. I was still racked with this crazy chronic diarrhea. Unbelievable, folks! I can't explain; I don't

wish this to anybody. But by the next event 7 of their key staff came out so they could check who else broke the order and came. I got a report on the people who came; they actually remained quiet and run away at the end.

That's what happened on the side of the Family Frauders.

The Moving of the Holy Ghost

Now on the side of God's promise, in every event from Tokyo to Kyushu to Osaka, miracles were happening. The Holy Spirit was moving and pouring out from Heaven; fire was coming down, people being healed. In Tokyo one person was hit so hard by the Holy Ghost! And I am not hitting people hard. I told them, "Look! I am just Father's hands and feet. Don't focus on me; anything that happens it's the miracle that FATHER is doing from Heaven. You give HIM all the glory; I don't get any glory. I'm just his hands and feet; I'm just his appendage. All you do is you have to give glory to God; give HIM the glory. Give Father the glory; don't give it to me. Don't say, 'Oh, I want to receive prayer from the Second King!' Don't say that, okay. I'm here to give Father's love and whatever he wants to give to you as his hands and feet; that's all my purpose is here."

There were many amazing testimonies from healing and breakthroughs and all this, but one stands out incredibly. One sister after the Tokyo event, the first event she was hit SO HARD by the Holy Ghost; when she went down her spirit was hit SO HARD, she said she felt she was like paralyzed. And even though the rally had finished she could not move; she explained that she felt powerless. So, her husband and her family got worried and they actually called an ambulance and she had to be ambulated to the hospital.

I'm literally just touching their forehead; whatever Father wants to do he's going to do. I'm literally just touching their forehead; that's all I'm doing. So physically it's not possible for somebody to be paralyzed because I'm touching their forehead. No! Not possible just by lightly touching their forehead. But the Spirit of God is moving through that anointing of His direct heirship, of His direct line; His kingship line that He has anointed victoriously. Praise God! Miracles are happening.

This sister was SO hit with the Holy Ghost! You just never know; I never know what's going to happen, who's going to be touched, who's going to explode with the Holy Ghost fire. I was so worried; the next day we had to call and ask how she was doing. She reported that she had the greatest experience; she had miracles happen. She saw Jesus and Father! Just incredible things happened! But she felt she was paralyzed and so she actually had to be taken to the hospital. It wasn't a bad thing obviously; God was working on her; God was operating on that heart. Later, she was so filled with joy and gratitude to God, and that's the purpose. He gets all the glory. Amen!

The Osaka Event

Now jumping back to Osaka! So, we went from Kyushu to Osaka with a couple of days in between because we had to travel, and remember I'm still sick as a dog. It's no joke folks, no joke; no joke, okay!

I'm literally on bread, bananas, Onigiri and miso soup, probably the foods that I hate the most minus bananas, and it doesn't get better; it doesn't get better. Every single day I'm dealing with this.

So, we go to Osaka. Family Fraud has discovered that trying to create an all-around ruckus is having a negative effect for them, so they've now sent just a handful of people; 4 or 5 people who are hiding in the back with their masks on. You can tell very clearly who's a Family Frauder because they wear the mask; they always wear the slave sign. All our people are free! Breathe! Whoo! Praise God! Moving with the Holy Ghost. But they're all, "*Grrrr*," bitter and angry and they hate being exposed to the evil and the slyness that they committed; these fornications and adulteress relations with the Han mother, with Satan. They HATE the fact that they're being exposed.

So, Osaka was relatively uneventful; they didn't raise any ruckus.

But some amazing things happened, and not only miracles in the Holy Spirit sessions. Every place we went to, we sealed everybody with the seal of God, fire baptism, Holy Spirit baptism; the Holy Spirit was moving in every single city! What was unique about Osaka is that there was a Christian pastor; he wanted to come to see who is the successor of Rev. Moon. This Christian pastor had a connection with us when he was very young in college age and I think he heard the Principle once, but obviously he wasn't a believer. A friend who graduated from the same school as him - they were alums from the same school- invited him, and he decided, "*Rev. Moon's son is coming after 12 years of not coming to Japan so I might as well go and see him!*"

This Christian pastor - I didn't even know - he came out during the Holy Spirit prayer session time and he RECEIVED the Holy Spirit; he testified that he received so much grace and so much love and that he could feel the power of Jesus SO HIGH in that place! Christian ministers traditionally call us heretics for believing in Father. These are people that have been persecuting us for the last 40 YEARS, telling us that we're going to hell! This PASTOR comes to the event, and he feels the spirit of JESUS CHRIST in that place and the HOLY GHOST who is one with our True Father, we know that, but he stated that he felt Him! He gave a \$400 donation and he said, "*I want to keep connected with you guys because I felt Jesus Christ right here!*" I can't make this up folks!

Again, the point is: I am not witnessing here. It's not about me, it's not about the Third King; it's not about anyone in the Kingship line! It's about US emptying ourselves and letting the Spirit of Father who is Jesus, do his work; whatever he wants! And that's why the experience in Osaka was so precious that a minister was touched by the hand of God! Unbelievable!

The Nagoya Event

Folks, after Osaka then we had to move to Nagoya. Up to that point remember, the whole time since that horsemeat I had allergic reaction. Oh, Lord have mercy! I know King David and Queen Meg are going to be rolling around in their seats today hearing about my allergy to that horsemeat, but again that's how they do in Japan, in Kyushu. There's no hate on them but you know that's their thing. I just didn't know it; I had a terrible reaction or something.

Anyway, I was still ridden with this gut infection or whatever the heck it was. So, I went to an intestinal specialist or whatever they're called; Western medicine trained. I had acupuncture on the back muscles; I already tried to do acupuncture on this but it didn't work, so I went to a Western medicine doctor, an expert down in Kyoto area. He did all the tests, gave me all these meds. I had to have all these meds; I was eating like how many meds a day? 10-15 meds a day, and it got better and then it got worse, better and worse. This high powered, more potent than Imodium A-D prescription-type medication could not stop this. So, I was starting to realize that, *"Hey! This is not normal. Father is allowing this to happen; I am being immobilized for some reason."*

Then, we had the Nagoya event, and literally that day I didn't think I was going to make it. In the morning I was bed-ridden, I had no energy; I was dehydrated because of this ailment; I was immobilized. But I said, *"No I got to make a condition, I got to go to the event. I got to be the hands and feet. I just got to show up; that's it. That's what Father said; I just got to show up and he's going to do the rest."* Do you understand? I could not stand properly. It was so bad that even the Japanese church prepared emergency measures in the case that I had to be whisked out quickly because of this terrible stomach infection.

The Nagoya event was uneventful in terms of Family Fraud trying to raise a ruckus there; 5 of them came. In the Holy Spirit session miracles were happening; people were exploding in the Holy Ghost, weeping and wailing and crying. This is Japan and we would think that not a lot of that usually would happen, because it's sort of a repressed and oppressed society. But people started exploding with the Holy Ghost, wailing and crying and releasing the knots and pain. God was operating on them and tearing that stuff out or doing whatever God wanted to do.

We got news that night that out of the 5 Family Fraud spies that came in -they brought their core staff but even from the core staff - 1 of them turned back to the Lord, repented and is now receiving the Blessing to be under Father's authority. They're coming back home, folks! Unbelievable! 20% of their staff got lost at that one event and these are not just lay members, they're paid staff; people who have no incentive to come to us other than love.

They can't come here for money; we haven't got any.

They can't come here for power; we haven't got any.

They can't come here for status; we haven't got any.

But they can come for love if they love the Lord; if they love the Lord and they understand grace, they can come for that.

So, in the Nagoya event, even their spies were starting to come to us! They were seeing a massive attrition rate not only amongst the people that they brought, as the young people they brought were totally shaken up, but even their staff started falling away. Even their staff started turning around and admitting, *"I can't do this anymore! I can't do this anymore! I'm going back; I'm going back to Father's authority."*

The Assassination of Former Prime Minister Shinto Abe

But then what happened? We had the Nagoya event and we now had to move to Hokkaido. Something unbelievable happened that shocked the entire world: on the 8th of July, the Trump of Asia, the former prime minister -thus called in America- or the former president -in Korean language- Shinzo Abe was assassinated by a lunatic. Now you understand, this was Friday the 8th that it happened. We were all so shocked; the whole world was shocked. The police and the Japanese media were not releasing information on who did it. By the 9th, the next morning, they were saying that it was some type of unique religious organization. So, we were like, *"Okay, there are ten thousand plus religious organizations in Japan."* It's a country of 120 million people so there is all manner of religions: Shinto, Buddhist, and Christian denominations etc. We just thought, *"Oh, my Gosh! some kind of commies! That's so sad to hear that Abe passed; he was such a Trump of Asia. He stood against the red wave of the Chinese, he stood against the communization of Japan. He stood with Trump; remember he was the biggest supporter of Trump in all of Asia. And now he's dead! He's been assassinated! Unbelievable!"*

So, on the night that this happened they were saying it was some kind of religion and that they were not going to release the name right then. I was heading to the airport on the 9th to go to our next event on Hokkaido, and Erikawa Kaicho who's the head of Japan Sanctuary Church came and said, *"There's been some incredible developments. That guy, the killer of Abe, the assassin was a Jacob child!"* What does that mean? It means somebody who joined the church but was not born in the church. His parents joined the church and he as a child just came into it but wasn't born in the church; that's what was called a Jacob child.

I was like, *"What? Are you kidding me? Out of 120 million people what is the probability of that lunatic being a Jacob child? Are you kidding me? Are you kidding?"*

And she added, *"We're calling all the leaders to see whether or not it is a Sanctuary family."*

I was like, *"What? Are you kidding me? There are 120 freaking million people in Japan and it could be a Jacob child? Oh, my God! Are you kidding me?"*

Could anything else go wrong? Not only do I have a torn back, not only are the freaking Antifa Family Frauders trying to disrupt and raise a ruckus in every event and trying to intimidate our people; not only that, but I have this chronic crazy horsemeat bacterial infection with just crazy messed up organs. On top of that the freaking prime minister is assassinated who's a hero in Japan and on top of that it turns out that he may be a Jacob child!!!! Are you kidding me? What the heck is happening? Folks literally I can't believe it. What the heck is happening? Literally in my mind I'm asking, *"Father, what are you doing?"*

It was literally like an hour away from the place that I was bed-ridden at. We were supposed to move to another place but since I was so sick after Nagoya, I just said, *"Let's stay here a couple more days; I'm dead."* We were in Kyoto and it happened in Nara which is next door; it's the next prefecture over. So, I'm asking, *"Why did it all happen there? What the heck is happening?"*

The Han Group & Kwak Group

Okay, we get this news and immediately the Family Frauders and the Kwak group they're all online declaring, *"It's found out; it's the Sanctuary Family because of their infatuation with GUNS! Guns! Guns! Guns!"* So, I'm sitting there like, *"Woah!"* These guys are already out there, the Family Fraud and the Kwak group, they're calling our people threatening them and asking, *"Why did you do that?"* They're trying to shift blame. On top of all these compounding problems that I'm having physically in my tummy and my eyes, but also at each event! Unbelievable folks! Unbelievable!

But of course, we're not children so we didn't just start responding emotionally, *"Blah, blah, blah!"*. We just said, *"No! We're going to wait until the facts come out."* Suddenly, they were cursing us 24/7; they were spreading all manner of rumors. They were saying that people in our organization did it etc. etc. etc. This was happening the 9th, 10th, 11th; for days this was going on.

Do you understand? This is not a SMALL event! There were helicopters flying all over the place. This crazy lunatic KILLED the former prime minister, the former president. It's like if somebody killed Donald Trump and that person turns out to be a Jacob child, and then day in and day out they're repeating that it's somebody from our group because we like guns and we support the Second Amendment! I mean you understand how CRAZY it was, folks! So, I think you understand why I could not be shooting any videos for you all last week; now I think you understand. I just had to remain quiet and calm and just stay in prayer, stay in meditation. It was a lunatic time!

By the will of God, within a couple of days we had quickly called all the Sanctuary leaders; none of them knew either this guy or his family, and not one cent was ever donated to Sanctuary by this family or by this person. That was a great sigh of relief. Then Erikawa Kaicho released a statement late night of the 9th or early morning of the 10th. But folks, it was just one craziness after another!!

It was confirmed from our side that this guy is not part of our organization. Family Fraud is a lying deceitful organization with the Kwak group as well. Both of them stole directly from Father, both of them stole what is not theirs; billions of dollars they both took. They are literally organizations founded on lies and deceit and robbery, so of course they're going to do what these organizations founded on lies, deceit and robbery do, which is lie and create deceit, misinformation and try to rob people of the truth.

They were doing that. They were saying, *"It's Sanctuary! It's Sanctuary!"* They were creating internet pictures of the killer with his mask on being led into the police car, and then putting the masked face of the killer next to one of our people who had been prayed for at one of our events, claiming, *"Look! Look! He was at the EVENT of the bullet-crown king from Sanctuary."* Of course, it turned out that no, that was a totally different person. If you compare an Asian young kid who's skinny to some guy with a mask on, it may look similar, but this internet photo was taken to the police and the police affirmed, *"These people were totally different; what are they talking about?"* and the police threw it out. The point is: they were trying to shift the blame and say that it was us.

This is all happening in Japan. How could I predict any of this happening? Just one thing after another; An unending barrage of lunacy and craziness! And now the freaking prime minister? Are you kidding me? The prime minister is assassinated? Are you kidding me? And then it turns out that he's a Jacob child? And next it turns out that what?

On the 11th, the Family Fraud had to come out publicly. They organized a press conference with members of the media that they "trusted," and they admitted that the family was part of their organization; they admitted it on national TV. The police had already interviewed the killer and asked him why he had done this, and the killer said clearly that he did it because his whole family donated so much; his mom donated everything to the Family Fed. That it was that oppressive donation that drove his family crazy; his brother committed suicide and he wanted to take revenge. He wanted to kill a particular religious leader but he couldn't get access to them, so he decided that he was going to kill Abe whom he saw in a video giving congratulatory remarks to an organization that was clearly Family Fed; Abe sent the video to Family Fed, to UPF, to the Han mother. But they were spewing, *"It's Sanctuary! It's Sanctuary! Look at all the guns they have!"*

We didn't know. We were still confirming all the stuff, and I was thinking, *"Oh man! Here we go again! I'm going to literally be on the plane from Hokkaido back to Tokyo; I'll be watching TV and my freaking bullet crown is going to be on TV!"* Oh my Gosh! Can you believe that? I can't make this stuff up; it's so CRAZY! So CRAZY! Just one crazy thing after another!

But the July 11th press conference was done and it came out; they had to admit that it was THEIR people, it was their organization. They lied about a couple things during that press conference in terms of donations and all that kind of stuff, but they are now being fully investigated with the entire power of the Japanese government.

After the Hokkaido event, we got back to Tokyo on the 12th, 13th. We were now in Gunma workshop center and it came up on the national media: not my face, but whose face? Han Hak-ja's face! This guy, the killer he said that he actually wanted to kill Han Hak-ja but it was too hard to get access to her so he went after Abe. Unreal! Meanwhile, remember, the last five days they were saying it was me; they were saying it was our movement? These people are so EVIL and they will be judged by God and Christ; both the Kwak group and the Han group they will be judged fiercely and harshly.

A Prophet's Words

So, what happened? We couldn't foresee all these kinds of crazy things that happened.

So, what happened? You can see now that Father has dropped the hammer; he has now completely released his judgment on the MICRO. The Family Fraud is being judged; their time of judgment is now at hand. But it's not only the micro, because even on the macro the world-level judgment is still coming just as we told you. Folks, you remember we were looking at Deuteronomy chapter 18 the other day. It talks about false prophets, that if the person's prophecies don't come to pass then you should not fear that person.

"22 When a prophet speaketh in the name of the LORD, if the thing follows not, nor come to pass, that is the thing which the LORD hath not spoken, but the prophet hath spoken it presumptuously: thou shalt not be afraid of him."

That's what they were saying! If Father is not the Messiah, if Father is not the Returning Christ, then all the prophecies that I, as his successor, have given for the last 10 years should be false; they should not come to pass. There should be no world-level judgment; there should be no judgment on the Family Fraud and their heresy etcetera. That shouldn't come to pass. In fact, if the Han mother was true in what she's claiming, that she's the only-begotten-daughter, that she was born with no original sin and she's the Messiah, etc., then all her prophecies should come true, that by 2020, the whole world would come and bow down to her feet. But none of her prophecies came true.

The prophecy that Jesus gave before his crucifixion that the temple would be torn down, that prophesy took 40 years after Christ ascended to Heaven to be realized! 40 years! That's a long time; that's a long time for people to mock you.

We already prophesied and told the Han mother to her face that, *"If you go down that path, there will be a world-wide judgment!"* And within seven years there was a world-level plague corona virus covering the entire world, decimating economies and that was creating World War III. LITERALLY World War III is coming and it has already begun! Those prophecies should have failed but in a short span of 7 to 10 years those prophecies have come to pass; they've come true.

Now Father has dropped the hammer big time.

From the event in Kyushu where 130 Family Frauders came, tried to disrupt and intimidate our people and acted like lunatics, until the whole Abe thing happened was literally like what? 10, 12 days. It wasn't 40 years! It wasn't like Jeremiah's prophecy that Babylon was going to take over Israel! Not 70 years! It was like 10 days. And boom! This hammer dropped which they cannot do anything about. They can't pay the district attorney's office, they can't pay any cops off; the level of the crime is SO HIGH, and what motivated the crime was this organization. So, all manner of the entire Japanese government is now going after the Family Fraud. Can you believe this, folks? I cannot believe what just happened in the last few weeks. I'm literally flabbergasted; I can't explain with words. It's like we're watching a movie or something; it's just crazy. It's SO crazy what happened!

How Should God's People Respond?

So, what should our response be? That's the point; what should our response be at this time?

* Humanistically it's politically correct for me to say, *"Well, you know it's really sad and tragic that my mom is now in the spotlight of national attention and there will be national investigations into her organization for embezzlement, fraud, racketeering and all that kind of stuff."* That would be politically correct to say that.

*But we can't be politically correct; we have to do what GOD wants us to do.

Just like when David and his troops killed Absalom who was the son that tried to usurp David's throne. When he killed him, David as a human being, as a person lamented, *"Oh my son is dead; I want*

to go to his funeral." But all the leaders responded, "No! You may not do that." Why? Because this was an ENEMY of the nation of Israel. Even though it's your personal son you have to rejoice; you have to celebrate because the enemy, the traitor has been killed. You see, you can't behave in a way that is just humanistic; you have to **behave in the way that GOD desires.**

As kings and priests, queens and evangelists, we cannot behave according to political correctness. No! "We warned you; we told you about it. We told you not to go down that path, but it's sad that it happened." No! We can't behave that way!

How should we behave? Well, we go back to Scripture; we go to Revelation 19. What does it say?

19: 1 And after these things I heard a great voice of much people in heaven, saying,

What were they saying after the harlot of Babylon is burnt to the ground and she's being betrayed by ALL the people that said they loved her and fornicated with her; went along with her adultery and heresies, and then turned their backs at her and backstabbed her? There's no honor in a den of thieves, folks! They always turn their backs at each other and rob each other as they go down. Always! The same will happen here.

The point is: how should God's people respond to that? What is the proper response? What should we say? Should we say, "Oh, it's tragic that it happened?" No! We should not. Why? Because these are traitors to the Kingdom of God! These are people that sold their souls, and fornicated and committed adultery and sleuthed themselves out for power and money and evil and deceit and robbery, and that has to be condemned.

On the flip side that has to be celebrated. What do people in Heaven have to say?

19: 1----- ALLELUIA, SALVATION, AND GLORY, AND HONOR, AND POWER, UNTO THE LORD OUR GOD!"

We PRAISE Him! Why?

2 "for true and righteous are his judgments!"

You see, His judgments are not some punishments. His judgments are true and righteous; they're not random punishments. Why? Because those people have been WICKED, and if there's no righteous punishment what happens? There's no JUSTICE in the land. Who wants to live in a world where there's no justice; where random evil can happen to you and no justice is administered? NO! Why? God's nature is just; there is justice.

2 For true and righteous are his judgments: for he hath judged the great whore, which did corrupt the earth with her fornication, and hath avenged the blood of his servants at her hand.

3 And again they said, Alleluia And her smoke rose up for ever and ever

Amen! Aju! Hallelujah!

That is how we have to respond, folks! Whatever we feel like, "Oh my Gosh! That's so sad; that's so tragic!" No! We have to quote the Scripture; I literally say that we got to memorize this scripture.

Whenever you feel like you want to say, "Oh, that's so sad," that's **like spitting in Father's face**. You know how patient Father has been and then you know how hard it is for Him to punish people that once loved Him? But He does it because it is righteous and it is true.

So, we have to be thankful. We can praise God, we have to give Him thanks, saying,

"1---Salvation, and glory, and honour, and power, unto the Lord our God:

2 For true and righteous are YOUR judgments: for he hath judged the great whore, which did corrupt the earth with her fornication, and hath AVENGED the blood of his servants at her hand.

3 ---Alleluia And her smoke rose up for ever and ever."

Folks, we pray that the Han mother repents after her incredible, incredible, incredible, incredible, betrayal. The judgment of course is now rapidly coming and destroying the entire foundation which they used to bully us and sue us with, trying to destroy Father's heir and successor and which contributed to all sorts of lies and deceit. But we wish that she would repent and come back to Christ. She would never become the True Mother again. Never! But she can come and repent and be a lay member. Better than going to hell, better than being separated from God in Christ forever; better than being THE great whore forever and ever.

That's why free will is so important. That's why we have to choose wisely especially at this hour of judgment; not only on the micro of Family Fraud but on the macro of World War III that's quickly coming.

Folks, it's such a crazy time! We thank you for ALL your prayers and for ALL the miracles that God has performed. We give all the praise to God. We thank Him for all the amazing things, the prophecy that is coming true, and all these things that are happening. We just want to continue to REMEMBER what the Scripture says.

Keep giving Him glory!

Keep giving Him honor!

Keep giving Him all the worship, all the glory;

THANKING HIM for His justice,

THANKING HIM for His judgments that are true and righteous!

And let the smoke of the harlot of Babylon, that wicked culture and evil, burn, burn, burn forever.

Folks, this is praise time; we want to give God the blessings. And shout outs to all of you out there holding it down, the kings and priests and queens and evangelists. We thank you. We're going to be back in a couple of weeks. We're going to be here hanging out with our Korean kings and queens for a little while, for a couple of weeks, and doing some services that we'll be sending your way. Keep praying for us, folks! The battle is not over of course; it's just beginning. The micro-macro is moving so we have SO many things to do. We have to STRENGTHEN our communities and STRENGTHEN this world because it is going to be rough the next couple of SEASONS.

But we must NEVER live in fear, folks, for *“God has not given us a spirit of fear, but of power and of love and of a sound mind!”* (1 Timothy 1:7) We must stay strong, and we have to understand that we have HOPE, we have a FUTURE. GOD has prepared the Kingdom of God which is at hand and that is coming quickly to this earth. We praise God! Let's pray!

Pastor Sean's Prayer

Father, we thank You for all things that You are doing.
 We thank You for all the incredible miracles that we have seen.
 We now realize that even the sicknesses that You gave me, that was to protect me from all the different things and the attacks of the Devil.
 We thank You for all the different incredible miracles that have happened to all our brothers and sisters across the world.

We know that Your judgments that now are falling upon the Han group and the Kwak group, they are true and righteous judgments; for those who have started on deceit, lies and fornication will perish in deceit, lies and fornication. But Your children and those who have returned to Your authority, Your people, have now been elevated as kings and priests and co-heirs with Christ. We lost everything physically but the Kingdom of God is at hand and is with us and coming to this earth.

We thank You for the Kingdom Constitution.
 We thank You for all the brothers and sisters around the world that are praying so hard and are standing together WITH US at this critical time.
 We thank You for all the things You're doing across the world and we pray that YOUR Will shall be done and Your KINGDOM shall come.

We give You the praise, glory and honor with ALL the kingship lines gathered here with the Three Generation Kingships, and we thank You and give You the praise. Amen! Amen! Aju!

God bless you folks! We'll see you next week. Hallelujah!
